WAC Plans Four Drives

Calling for an all-out concerted effort on the part of the student body to support the war effort, the initial meeting of the term on Monday, Student Council's War Activities Committees set up the machinery for the conduct of this semester's four major drives. Highlighting the four drives will be the opening of the Bond Booth in Washington Lobby sometime this week for the sale of stamps and bonds. "Reaching this goal will not be difficult," Belle Goodman, chairman of the WAC, stated, "if every student in the school purchases one bond." The plane, like that for the bond drive, was bought by the Commerce Center last year for $15,000 worth of bonds and stamps. "One will buy war, and the student is given a certificate of ownership."

Whether it was scared off at the prospect of legislative

**Eco War Seminar Meets Friday; Hess, Sethur, Spero To Speak**

Resuming its consideration of the vital problems of the day, the Economics War Seminar opens its doors to the students this semester with the discussion of "What Potential War Should Be Made for Germany?" Beginning October 2, meetings will be held at 11 in the ninth floor Faculty Council Room. Speakers at this meeting will be Dr. Fredrick Sethur, Col. Ralph Hess, and Dr. Herbert Spero of the Economics Department. Previous seminars on topics as "The Inadequacy of the Present Tax System," "Taxation and Price Control," and "Vocational Vs. Liberal Education," with such distinguished guest speakers as Dr. Ordway Smedley, chairman of the Board of Higher Education, The Seminar Committee urges that students be prepared to suggest topics for future discussion.

---

**Petition Deadline Held Over Until Tuesday**

Elsewhere on this page, a ballot is printed. This is to date the official ballot from which the student body will select their class officers and SC representatives.

The three offices for which no petition have been received are: Upper Sophomore Vice-President and Secretary, Upper Junior President and Vice-President, Lower Junior President, Upper Sophomore Secretary, Lower Sophomore President, Upper Junior, and Secretary.

Two of the most responsible positions and. who should be on the triangular team of President and Secretary, have one candidate apiece, Bette Spiegel and Belle Goodman, respectively, unopposed for these offices.

Because of this lack of interest on the part of the students, the student Council decided to hold over the deadline for petitions until Tuesday, October 2, at 5 p.m. on the same day.

**Non-Matrics Swell Rolls**

Approximately 6000 students have enrolled in the Evening Session, latest report from the Registrar's office reveals. Sixty percent of the group now taking Extension Courses, offered by the Evening Session to students, regardless of their formal education.

This "World of Opportunity" is open to everyone. There are classes in such Business English for office workers, classes in music, music notation, and drafting, accounting, art, and a host of other courses, available to all. At the end of a semester's work, the student is given a certificate indicating his satisfactory completion of the course.

Dr. Rrose E. Love, director of the new program as well as undergraduate work at the Evening Session, declared, "The enrollment of the non-traditional students means the maintenance of the richest selection of business courses available in the country. These students come from business houses all over the city, and City College is just the place for the latter who move within the city as the center of Business Education."
Open For Comment

By Lillian Abraham

Dear Sirs:

I am writing to the Ticker to express my opinion about the decision to eliminate the annual Grace Tenenbaum Scholarship. While I understand that the decision was made as a result of financial constraints, I believe that it is a mistake to do so.

The Grace Tenenbaum Scholarship has been a symbol of the college's commitment to scholarship and excellence. It has provided financial support to many deserving students over the years, and it has helped to launch the careers of many successful alumni. The scholarship has also been a way for the college to recognize and support its most accomplished students.

I believe that the college should consider finding alternative ways to support its scholarship programs, rather than eliminating this one. Perhaps the college could explore partnerships with alumni, foundations, or other organizations that could provide additional funding.

I urge the college to reconsider its decision and to find a way to continue the Grace Tenenbaum Scholarship. It is an important part of the college's legacy and its commitment to excellence.

Sincerely,

Lillian Abraham

Monday, October 3, 1964

Monday was a blur of activities, with classes, meetings, and other commitments. By the time I got home, I was exhausted and didn't have the energy to do anything else. I'm looking forward to this weekend when I can finally relax and recharge my batteries.

Highly Touted Oshin Eleven Favored Sat.

College Stew

Stew is what you make it. Stew is whatever you're interested in. It's what the other 1986 students at Commerce are interested in. It can be the basis of a few, or of a thousand, small, or large, people together who have common interests.

Take Attitude

Mr. Paul Weinberg has organized a group of potential artists who work every Thursday at noon in 1204. You don't need any special ability; you just need to be a part of the group. Try the next meeting and see if you like it.

If Accounting Is Your Field

The Accounting Organization, which will meet in 1531 Tuesday under the direction of Mr. Peirce, might interest you. On Thursday, elections of various members of the Society's committees will be held. Some of the topics for discussion this term will be "Personnel Problems in the Field of Accounting," "Employment of Women in the Field of Public Accounting," and "Taxation.

SVA Stew

The purpose of the Student Victoria Theater is to provide opportunities for students to judge through education. It is a student organization under the direction of Mr. Longmore. The members are organizing a production of "The Far Horizons," to be held in the near future for a fee. The group is working on the setting, costumes, make-up, lighting, and scenery. Admission to the theater is free.

So You Didn't Get a TICKER

"Please don't!" says Mr. H. W. Leverett, the new principal of the City College. "If you have a special interest and would like to get together with a group of students who are interested in the same thing, let us know! We have to spend four years in this community called City College, so we might as well break the ice now.

More Stew

Get in on the ground floor of a new organization! The Economics Club, under the supervision of Mr. H. W. Leverett, has been formed. A new club is a new form of society, and its success depends on your cooperation. Elections will be held in the near future for a new officer, and the Executive Council will be elected by the students. The club will meet Thursday in 1204 at 12:30.

Finished Stew

That's all the Stew! If you have a special interest and want to get together with a group of students who are interested in the same thing, let us know! We have to spend four years in this community called City College, so we might as well break the ice now.

HP Presents Gala Dance

House plan will inaugurate its fall semester activities Saturday night at 8 in the currently renamed "Lampert Mansion," 25 E. 22 Street, by sponsoring an interesting social event. Admission to the affair is free to U-Card holders.

The evening will be highlighted by a variety of interesting social events. Events will include a talent show, a dance contest, and a costume contest. The dance will be held in the currently renovated "Lampert Mansion," 25 E. 22 Street, by sponsoring an interesting social event. Admission to the affair is free to U-Card holders.

AA Books Go On Sale Today

Tickets for the City-Brooklyn College football game on October 15 and AA books for the fall term will be on sale in the Ticket office today. With an AA book, two tickets to the inter-city tussle can be bought for half the admission price. Instead of paying two dollars, the price is cut to one dollar with an AA book. The books are available at the Ticket office today.

SVA-AYD Urges Ballot Awareness

In an effort to insure a greater turn out in the coming elections, the Student Victory Association, affiliated with the American Youth for Democracy, offers an opportunity to City College students who wish to add to the activities of the Voter's Register. Applicants may choose to work either through the CIO Political Action Committee or the newly formed Young Americans for Roosevelt. The registering will be conducted strictly on a non-partisan basis. No propaganda for either President Roosevelt or Governor Dewey will enter into the work of getting out the vote. A booth, manned by members of the SVA-AYD will be set up in Washington Library Monday and Tuesday. Applications and all pertinent information can be secured there on those days.
