Police Dept. Sponsors Delinquency Forums
By Estela Marlowe
In an effort to combat juvenile delinquency through a better understanding of youth problems by members of the police force, City College and the Police Department are conducting forums on delinquency this week. The series is being held in the Pauline Edwards Theatre.

"City College is cooperating in this program to increase the police force's understanding of the way in which delinquency occurs," said N. Wright, the college's coordinator of public relations. "We need to understand delinquency to help prevent it." The forums will deal with the relationship of youth to such environmental social forces as family, neighborhood, law and government. Distinguished representatives of some of the members of the College Faculty, will lecture at these forums.

"It is equally clear that they must be given an opportunity to assume responsibilities in this area," said Wright. "This is why we have invited all the city's police chiefs to attend the forums when possible by the President's Fund which is composed of contributions from alumni which city youth develops and who understand the environment in which they grow up."

The series was opened on Wednesday at 7 p.m. in the Pauline Edwards Theatre by a Guardia who spoke on "The Responsibility of Youth Today and Tomorrow," after which the four City colleges to the State. The audience was made up of students from the College of Commerce, City College, and the City Colleges of Queens and Brooklyn. The series will continue throughout the semester with the participation of the City College, the Brooklyn College and The Brooklyn Law School.
