Democracy and the Fee

How do you feel about the Student Council's proposed fee? It is needed, say the officials, to strengthen student and faculty participation in campus activities. Your professors are exasperated.

Intramural athletics, lounge, organizational and entertainment functions, The Yogurt, and the student championship activities, are all necessary to maintain a diversified campus life. The Student Activities Fee, you say, is merely practicing democracy.

You can demonstrate your interest in the future of your school and exams. Just some of the possibilities include:

- A more intensive curriculum
- Improved living conditions
- Enhanced arts and culture

And the list goes on.

We Go to a College Dance: Almost every Friday night the ninth floor lounge is invaded by a lively crowd. We witness a dance, a slow fox trot, and we float away on the wings of a Sinatra selection.

Dollars for Deliverance

Under the sponsorship of the Student Council, Alpha Psi Omega is undertaking a drive to raise three thousand dollars to fund profruse services.

When giving permission to the organization, for example, the administration was caught between the need for service and the budgetary constraints of the institution. Seemingly, the need for services was greater than the budgetary constraints.
