Mass. State Gridders Down City Eleven, 59-0

By Herb Than, Sports Editor

A hard driving Massachusetts State eleven led by fullback Dick Lee, downed City College Saturday 59-0, before blasting away at the failure of the students to take part in educational and social activities.

Economic instructor, watched the game directed by David Zangara's Passer Click.

With Mary Felts and Tony Zangara's passes, City took to the air. The game was won on the left wing by Frank Keough and completed by Zangara. In the middle of the course, all gasoline, scored a point in the second half.

In the last quarter the States scored four times, highlighted by a beautiful 86 yard dash by Tony Zangara, who intercepted a St. Peter's pass in the end zone. The States' tackle aggressive in the field, and the ninth floor lounges, the committee intends to surpass its success in previous semesters.

Steady streams of students using the cafeterias have taxed the coffee facilities to the limit, and the time for maintaining cleanliness more difficult. The committee hopes that students would cooperate by depositing all garbage in the trash receptacles in the main building.

A campaign launched recently by the Clean-Up Committee of Student Council, aiming to improve the conditions of the lounges, has been well received. The committee plans to continue its efforts to improve the cleanliness of the lounges and the cafeterias, with the hope of creating a more pleasant environment for students.

Club Council Sets Schedule

Embodied by Student Council to act as a clearing house to consider the student and institutional needs of students, the Club Council has announced its schedule for the semester.

With only AVC, the A.V.C., and Student Council at the center of the council meeting on Monday, the council is expected to seek solutions to problems and matters of concern to the students.

The council is also expected to discuss the possibility of expanding the activities of the club, and to consider the possibility of forming new clubs or merging existing ones.

SC Sporsors School-Wide Cleanup

Overcrowded conditions in the building this semester have necessitated a cleanup recently by the Clean-Up Committee of the Student Council. In order to improve the conditions, the committee has scheduled several cleanup sessions throughout the semester.

The clean-up committee intends to emphasize the need for greater cleanliness through the use of eye-catching posters placed on the walls, in the hallways, and in the offices. The students are encouraged to participate in the cleanup efforts and to maintain the cleanliness of the building.

Student Leaders Discuss SC Constitution Revisions

Blasting away at the failure of the students to take part in educational and social activities within the college community, student leaders debated the necessity for revising the Student Council constitution at the regular open SC meeting. The aim of the discussion was to present a list of action to the members of the Charter Committee who are attempting to expand the SC's coverage.

Cherne Views
Poll Outcome

Prospects for economic "boom or bust" were discussed by Leo Cherne, Executive Secretary of the Research Institute of America, at an informal seminar conducted Thursday by the Economics Club. Special emphasis was laid on the implications of the Republican victories in the national election.

While no prediction can be made as to recession or prosperity for 1947, Mr. Cherne pointed to the various factors in the economy which can, if not hindered, make for the continued high level of employment and income in the United States. Maintenance of full production is the key, he stated.

Commenting on the election, Mr. Cherne felt that the Republicans would not legislate on social matters because they will attempt to "make a play for the labor vote in the '48 elections."

Unity Committee
Combats Quotas

Adding a new voice to the steadily rising clamor against discrimination, the presently inactive Intercollegiate Committee to Combat Quotas has been reorganized as the Intercollegiate Committee for Unity.

The Committee is operating on the belief that the entrance quotas employed by many colleges and universities are not only unfair, but also deprive the community of their benefits to be gained by further education of those youths who are fitted to become leaders of the future.

The newly-formed organization's major objective will be the elimination of the various quota systems. The group will actively support the Austin-Mahoney Bill exempting colleges using the quota system from the tax-free privileges now accorded to them.

The first meeting will be held at 212 West 50th Street in the office of the NY State Committee Against Discrimination in Education, Sunday at 2:30. All members of the defunct Anti-Ribb Committee and anyone else who is interested in being an active member are urged to attend.

of a pageant in the Pauline Edwards Theatre, publication of a centennial magazine and a dance. Plans for these events will be stalled until the full support of student organizations is obtained.

Aside from its function of coordinating centennial arrangements, Inter-club Council is empowered to harmonize various club enterprises which have overlapped in the past. The council will reshuffle extra-curricular dates so as to prevent any conflict of affairs. This measure is designed to focus the interest of the student body on major presentations.

At its first meeting, a committee was appointed to notify all school clubs as to scheduled dates of future major events. Pamphlets will be distributed requesting student organizations to formulate plans for next term's activities.
