Woodruff To Address Charter Day Assembly

By Samuel Belf

In honor of the ninety-eighth anniversary of the granting of the City College charter, a Charter Day Convocation will be held on Monday, May 7, at 11. President Harry N. Wright is expected to prate at this special assembly which will mark the ninety-eighth year of free, higher education in New York City.

Highlighting the ceremonies will be the installation of the new Board of Regents. In addition, Major and Mrs. Ford will be awarded to those students who have outstanding academic records and extra-curricular activities. Rabbi Joseph H. Lopatin will preside at the Baccalaurate Service.

Dr. Woodruff was awarded a Doctorate of Law by City College in 1909, and received his Doctor of Medicine from Columbia University in 1902. He is now a Professor of Medicine at Columbia's College of Physic.

Last Term's Bond Drive Won't Win This Term's War

By Roz Goldstone

The notice of the war bond drive was worth "the fraction of the assistance it had two minutes it would have taken to do our part, and help them along, in what small measure we could. But that was last term. This year it is a war isn't a two-term war. Our war is the war of the world that City College, and each one of us individually, have been fighting for. We are not just doing it for ourselves but for all, for the general welfare of mankind. It is a war we must win, and we will win. It is not a war that we can afford to lose."

City Salts Set Sail

Beavers' Boatride Booming!

An unusual excitement is noticeable as City College students start planning their boat ride to Tibbetts Point, and they are already salting the water. Setting a precedent in the history of City College, the students have sold tickets to make this trip unique in the annals of the past. The students have been busily engaged in preparing for this event, and they are looking forward to it with great anticipation.

Tryouts are currently being held for a new cheerleading squad. Those interested in joining the cheerleading team should come to the tryouts this week to showcase their talents and join the exciting team.

**Note:** The text provided is a simplified version of the document's content. The full document contains more detailed information and is structured differently. The provided text is intended to convey the main points and highlights of the document.
No matter how we at home try to imagine the horror and fury that is war, it is only when the war knocks on our front doors and comes into our living rooms, that we arrive at a slightly less frightening understanding. And how the war struck home to me, I recently released from Stalag earth. A bit of nostalgia came from Sgt. Ralph Freda also in the land of the free. Ralph writes, "But the war never seems to change. The problems of yesterday and activities of my undergraduate days were at my disposal as you are now. The only difference is in the people participating in the making of the history of the College. And an item which bolstered our morale no end in the dispensary was the old "Jiffy Aid" which I have been left to pass on to the next generation."

A contribution to the humorous side of the column came from Pvt. Frank Taffet at a rest camp in England. He writes, "Friday morning about 8 o'clock my buddy succeeded in waking me up. I finally got out of bed and said to him, "Help, I'm blind. Can't see!"

"Don't worry," he yelled. "Open your eyes and see," but there wasn't much of an appreciation. Things finally became focused just as the sun came up and said in time to fall out for exercises. Nothing time to escape, and not being in the mood, I went on sick Call. So at 8:30 I marched up to the dispensary, and the Sgt. in charge was screaming, "Any of you guys who aren't unconscious or otherwise incapacitated, take off and get back to your barracks."

"Many, this is what I call life!"

I leave you with some poetry from the Army Air Corps, Mac Dill Field, Florida, with special compliments from the author of "Don't Fence Me In!"

On give me time, lot of time
With earphones on my head
Don't wash me out
Let me pass all my checks
And instructors that I dread
Don't wash me out
Let me be with my gal when I'm in the Army
Forget about the code and the old procedure
Walk back for ever but I ask you please, sir
Don't wash me out
Just let me stay in the Air Corps
Don't want the Infantry
In my old bomber let me wander over yonder
Tell me, I am the enemy.
I want to fly to the front where the big lights are and the big commander will
High in the clouds till I lose my senses
I want to look at fox holes and I can't stand trenches
Don't wash me out.

**Award Insignia To Four Seniors**

Student Council voted last Friday to present insignia to four graduating seniors for outstanding service to the school during their college careers. Major insignia have been awarded to Michel Rabinowitch and Judy Leventhal. Adding to the list are Rina Styer and Ida Geller. Four girls automatically become members of Chi Sigma Mu, national curriculum honor society, and will be presented at the Charter Day Exercises tomorrow.
