I. Approval of Minutes

The minutes of December 22, 1960 were approved with the following corrections:

1) Page 229, item IV - The proposed music course is entitled, "Music Survey" (1 hour-1 credit)

2) Addition of a motion from the representative of the Special Educational Services Department:

Motion: a) RDL-02 be considered a required course of the college for any students who do not attain criterion score on the Reading Placement test.

b) RDL-02 be a required course in the curriculum of any such students.

c) Such students be programmed for RDL-02 in their first semester at Bronx Community College, subject only to availability of space and faculty.

d) At the option of any department, RDL-02 be considered a prerequisite for such students, before taking the regular (non-remedial) course offerings of the department.

II. Communications

1) A memo dated December 17 from Robert S. Hirschfield (Chairman Curriculum Committee-University Senate) to President Colston requesting a special Curriculum Committee meeting to consider the Proposal for a City University Bachelor of Arts Degree. In addition, it was requested that the Bronx Community College Faculty Council or general faculty meet to consider this same proposal.

The chairman recommended, and it was accepted, that the Subcommittee on Long Range Proposals of the Liberal Arts Revision Subcommittee consider this matter and report back with recommendations to the Curriculum Committee.

2) A memo dated December 22 from Dr. Auer to Prof. Steuerman informing the Curriculum Committee that all English electives (present and future) will be 4 hours and 3 credits.

The following courses will discontinue to be offered because of duplication:
Eng 31, 33, 41, 45, 55
III. 3) New Course - Art Survey (continued)

It was moved and seconded to approve "Art Survey."
Motion carried: Yes - 19   No - 0

IV. Chemistry Department Revision in Chemical Technology and Plastics Technology Curricula

Dr. Polowczyk reviewed the proposed changes in the curricula, which were necessitated by an increase in course credits. Changes include an increase in flexibility in line with the recently approved Liberal Arts Revision. The specialization requirements will continue to remain the same. At present, 40 students are studying in these curricula. A demand for employees in this area and pre-registration information, indicate an increase in enrollment in the near future.

V. The meeting adjourned at 4:15 P.M.

Respectfully submitted,

Michael Kanuck
Secretary
