Franklin Medal Award Presented to Alumnae

Franklin Model Award Presented to Alumnae

The Fourth annual presentation of the Monroe D. Franklin medal, was made Friday by Dina Theisen, charter member. The medal, donated by a member of the class of 1911, now studying at the Harvard University, was accepted starting today, by Miss Norman, Business Manager, and presented to the President of the Student Council, Miss H. F. Niles. The medal was accepted by the President of the Student Council, Miss H. F. Niles.

To The Student Body

This term we begin the second hundred years of the College—a century which I know will be as notable as the first.

Because of the continued demand for higher education in business, our enrollment has increased and we are forced to house the Freshman class in the Uptown Center. We deeply regret such an arrangement, but circumstances beyond our control necessitate the action. We look forward to having all our Freshmen with us again in the near future.

In the name of the Faculty and the Student body, I welcome all new students to the building. We urge you to work hard, and at the same time enjoy yourselves. Participate in our student activities. Before you know it, you will be graduated and will become members of one of the most distinguished alumnae bodies in America. Be proud of your College. It is proud of you.

To those members of the student body who were here last semester—WELCOME BACK and THANKS for the splendid manner in which you have cooperated in the past. Because we all worked together, we had an outstanding Centennial Year—one which will long be remembered. GOOD LUCK AND BEST WISHES.

THOMAS L. NORTON, Dean

APO Sponsors Book Service

To counteract the unscrupulous methods employed by the book stores which buy used books from students at rock-bottom prices and then sell them at prices which bring unusually large profits, Alpha Phi Omega is sponsoring a Book Exchange Lounge B from September 18 to 28.

Used books have been accepted for the lounge by permission of the Student Council. Alpha Phi Omega is sponsoring a Book Exchange Lounge B from September 18 to 28.

Expansion of the retail training program which receives the enthusiastic support of the Student Council, has been continued. Under the program, which is sponsored by forty large retailing firms and others, thirty-five students will be placed in off-the-job training to receive the practical experience which will aid them in business. Among the courses, which are offered, will be two to be given to the students in the Commerce Center. Also, prices will be reduced approximately five cents per book.

This program will continue, it was announced by Dean Thomas L. Norton, until the end of the first semester. Under the program, which is sponsored by the Student Council, to enable students to offer books for resale at equitable prices to their fellow students. If the service is successful, it will be continued in future.

Proceeds from the sale of the books will be distributed to the sellers on September 29 and 30 in lounge B, upon presentation of a receipt issued to the seller for each book received. Only books which are in usable condition and are being accepted for resale.

To those members of the student body who were here last semester—WELCOME BACK and THANKS for the splendid manner in which you have cooperated in the past. Because we all worked together, we had an outstanding Centennial Year—one which will long be remembered. GOOD LUCK AND BEST WISHES.

F-S Show Set; Recruits Talent For Production

by Henry Brief

This is a report on a new faculty and student committee on the curriculum, which is due to report shortly, and what effect will the findings of that investigation be? What will be the recommendations of the faculty and student committees on curriculum, and what are the implications of those recommendations for the future of City College?

City Midtown Center To Offer Variety Of Business Courses

Continuing the fine work which it inaugurated last year, the Business and Administration Department of the City Midtown Center will this fall offer a variety of business courses, ranging from stenography to accounting, English to shorthand and typing.

The courses are designed to give students practical training in the field of business, and are offered in cooperation with experienced instructors who have had years of experience in their respective fields.

The Ticker Office

This Afternoon In Ticker Office

Miss Mulligan!

The association consists of four students and four faculty members, has been accomplished and our registration has been increased. It will continue in this capacity.

The Police, who are invariably portrayed as the misunderstood scapegoats, will serve to reintroduce Dr. Winograd Raffade, a member of the faculty who is a specialist in police administration, as the director of the new program.

The Beavers ought to win more yardage, bring the game to the exchange of punts. Amos Alonzo Stagg, "the Grand Master of the Gridiron," who at 86 is the recognized dean of American football coaches, is back in charge.

For information about the prospects of City's 1947 football squad.

Winograd Made Athletics Chief

Another study in the broader picture of the City College story is the trend toward greater cooperation among the various clubs and organizations on campus. The football team, for instance, has been in the forefront of this movement, with the result being a more unified and coordinated effort on the part of all students.

The football team is now under the direction of Bill Sharpe, who has been with the team for several years. He is a graduate of City College and has had many years of experience as a coach.

The team is composed of fighters who are able to block and tackle effectively. The experience of the team is a great asset in the development of the program.

TICKER Photo Staff

The Tickler's memorable moment was when everybody thought "no way" the team was going to lose. But they did it! The team is now working hard to improve their game, with the result being a more unified and coordinated effort on the part of all students.

Registration Breaks All Former Records

The Downtown Center contributed approximately 4500 students to another record-breaking City College registration total this fall. Although the exact number is not available, the expansion of its enrollment, for Hunter College now has 6000 girls and 1000 veterans on its books. Brooklyn College has topped 6200, and Queens, 3000.

The City College enrollment figures, however, indicate that the enrollment is about 1000 more than the spring of 1944, including 12000 in the evening and adult education divisions and 2000 more in the college's intense business education program for veterans and special summer sessions for returning to schoolmen. Freshmen are expected to number 1500.

The 45 Club Plans Trip To Conn.

Starting off the football season with a bang during the recent Downtown Teacher's Day, the 45 Club has invited all interested students to take part in the annual autumn trek. The trip will be chartered at a cost of three dollars and will depart from the college center on October 4 and will return to New York immediately. This year's officers of the 45 Club are particularly interested in cultivating the football and basketball teams on to victory in the coming season. The elevated clubs will be required to accommodate students within the school's capacity for both entertainment and subsistence. The 45 Club hopes to secure the support of every section for the trip.

Activities Spurt In Past Year

Describing the 1946-47 school year as "one of the most active in the history of student organizations and their functions," the Committee on Student Activities in its annual report to the faculty, submitted in August, announced that 606 session-student groups, the largest number in the school's history, were organized during the past two semesters.

Of this total, it was reported, over 600 new organizations, the group-oriented quarter there were seven fraternities, two professional, 921. The city will be discussed and formulated. The board, composed of representatives of all nations of the world, seeks new blood. Anyone interested can contact the editor, William Levine, of the Business Bulletin. Join the December. The Parents' Reception.

Clubs Must Elect Reps For ICB

All student organizations are urged to get a representative to be present at the first meeting of the Inter-Club Board scheduled for Wednesday, October 1, at 3 in the Faculty Lounge. If it is impossible for an organization to send a representative, it must be present at the meeting. The board, composed of representatives from every club, organization, society, publication, fraternity, and sorority in the school, will be held and the Inter-Club Board, which meets weekly, will hold its regular term. The meetings are open to all students.

Forum Facts

CCNY's foremost magazine (now the editor tells us), the Annual Forum, is being prepared for issuance this November. Anyone with ability or a reasonable resemblance should volunteer their services in the office on the ninth floor. Typists and ad solicitors are particularly needed.

Sufforments

There will be an open meeting of the Class of 1950 Thursday at 12 in 600. Comiby, Claremont?

Becky's Bulletin

The Goldmine believes in starting the new term off right, so they say they're meeting today in Lower B from 6-8. On the agenda is a discussion of the Junior Prom and the Parents' Reception.

Looking Back

An exhibit entitled "Graphic Highlights in the History of American Business Enterprise" is being displayed on the second floor of the main reading room. Featuring cartoons and other items, the exhibit particularly reviews significant business and financial events. The exhibit has also been announced that a new business library for the parents' reception. It has also been announced that a new business library for the parents' reception.
