4 Class Councils To Hold Rallies
By Claire Turk

Attempting to woo estranged students into the fold of extra-curricular and social activities, the class councils, under the supervision of the AVC Board, have planned the first in their program of student-gala class rallies which will be called the Spring Rally.

It was the opinion of the AVC that they must be innovative if they were needed to arouse a stronger interest in the class councils and thus avoid the slow death of some of these class affairs as the Sophomore and Junior years.

Although only half of the class of '46 is left, its class council has planned a report on mass at 1:30 to enjoy the Spring Rally of the other remaining classes. Fun and refreshments will be served together with the entertainment program with the understanding that it will be talk of a class of '48 reunification.

The class of '48 will be rallying in 47H. The Coaches have a full program of fun and prizes to win and to maintain the electric pleasure. There will be refreshments for the participants as well as for the audience. Two other programs will be heard by the class and a group of students will be elected to replace the outgoing class councils. At the close of the program, the elections will be completed.

The program will include a singing of "The Boys and Girls of USC" and "Sable's Blues," and a dance to be held in the auditorium. The program will last for approximately two hours and will conclude with a mid-year glory.
