Oscar Brand, Folk Singer, To Be at Election Rally

By Alvin Hyman and Alfred Patti

For the first time in the history of election rallies, a celebrated radio star will provide entertainment for the Student Council Election Rally. Slated to appear to liven up the space between speakers is Oscar Brand.

The semi-annual Election Rally will be held Thursday at 12:15 in PET. Presidential candidates Michael Parker and Seymour Marks will speak to the student body and submit their views on the proposed referendum concerning a possible limit to the scope of Student Council activities.

Refrain from Time-Consuming

The school-wide referendum, on which students will decide whether or not they wish to participate in matters originating outside the school, will finally put an end to the bitter controversy that has been plaguing the members of the Council throughout the entire semester. Although the pop groups favoring the referendum feel the Council should take part in pending issues that affect the students, no definite and final decision has been reached.

Brand Will Lead Songs

Featured entertainer will be Oscar Brand, a radio star. Mr. Brand, who is well known in New York City and on the NBC network, will be hailed as a favorite among the students.
