Today the CCNY administration greets a delegation of Italian fascist students. The CCNY administration greets representatives of barbarism in culture, retrenchment in education, absolute censorship, starvation wages.

The National Student League and the Student League for Industrial Democracy have called for demonstrations in every New York college where the Italian fascists appear today.

THE STUDENT COUNCIL CALLS UPON THE ENTIRE STUDENT BODY TO TURN OUT FOR OUR MASS ANTI FASCIST PICKET LINE ON CONVENT AVENUE IN FRONT OF THE GREAT HALL AT NOON!

The Student Council wishes to greet these students too - with ANTI FASCIST greetings - with a plea from the American student body to the enslaved, tricked Italian students to throw off their fascist chains.

The Student Council has asked President Robinson to call off the reception to the fascists but President Robinson and Dean Gottschall chose to fly in the face of the student body and receive the fascists.

You must come to the Mass Picket Line at 12 NOON on Convent Avenue in front of the Great Hall!

PROTEST ITALIAN FASCISM!
NIP AMERICAN FASCISM IN THE BUD!

THE STUDENT COUNCIL
At noon, October 23, a formidable crowd assembled before the main hall. A few words were spoken denouncing the act of the Fascist students. Suddenly, a cry arose calling the name of students to go into the Great Hall where the chapel was in session, in which the Italians were to be greeted.

There, proceeding speakers were met with a rebellious audience. Pres. Schmied's speech was interrupted with long series of applause and hissing. Agitated, Robinson denounced the students' behavior, addressing them as "gutter snakes," a word which was later taken up and hailed Dr. Schmiedly as a byword of Fascist reaction. The audience was noticeably restless. One of the Fascist students spoke in Italian, at the conclusion of which came a shower of hissing and boos.

Thereupon, Edwin Alexander ascended the dais with the purpose of addressing the Italian guests in the word of the Student Council. A representative of the body had been asked to greet the students at first, those of the administration on the platform were reluctant to let him talk. This was met with waves of hand calls for Alexander to speak. Finally, permission was given, on the condition that Alexander would say nothing derogatory to the guests. That Alexander would say nothing derogatory to the guest—had that he would say something for the aggrieved sense of Italian workers and students under the oppressive regime of Mussolini. Suddenly, someone began to drag Alexander from the microphone. He resisted, and without assistance, was struck a blow by someone. Thinking not foolishly by only the Italian students. Immediately the great hall was in a chaos! Alexander's followers continued to shout: "Down with Fascism!" "Down with the regime of Mussolini!" etc. This continued for a while until a Student Council representative called for a meeting in Jesse Lee Stadium. This was followed by a number of resolutions, and plans were drawn for a course of action.
