SC Makes Provisions To Hold School Prom

City Publicity Available; Rothstein Lists Methods

The following is an open letter from Robert Rothstein, Assistant to the Dean in Charge of Public Relations, directed to School organizations clarifying the method of obtaining publicity outside the School. In his letter, given in a personal capacity, he said: "I have not asked to know how to obtain the same. Please be informed that the Public Relations Committee will be glad to publish the activities of any organization, provided such activities are considered newsworthy.

"Any time you have a speaker from outside the School come down to address your club; any time you embark on an activity which is a little bit different, in which outsiders are involved or which is connected with a charity drive; any time you go on a trip; the students will rise to the occasion by turning out in large numbers.

"If you want publicity, please see me at least a week in advance of the event you want to publicize. If you are still not quite sure what can or cannot be publicized, I will be very glad to go over your club's plans for this term and next term with you. "Please be assured of the cooperation of my office. I am usually available in 1521A on Monday through Friday. You may write me in care of Box 289, or phone Ext. 87."

Societies Join On Port Talk

Mr. Glickman, trade economist for the Port of New York Authority, will address a combined meeting of the Public Administration and Economics Societies Thursday at 12:30 in 1013-14. Mr. Glickman will speak on, "What is the Port Authority and Its Operations," and will discuss the techniques of advertising. In the near future, Joseph Rigan of E. I. du Pont de Nemours & Co. will discuss the techniques of the various processes, an enlarging process involving the use of a new multi-purpose paper.

Registration Blanks Ready For Student Blood Donations

Blood donation registration blanks are now available at the booth on the ninth floor, in 921. The committee of Roz Berkowitz and Abraham Rosenberg, finds it necessary to replenish the supply, since the amount of blood in the bank depends on the number of donations it receives. This term's date for donating blood is December 14, from 1:00 to 4:00, in Lounges A and B.

Half the amount received from ticket sales will be used to arm forces overseas. Students, members of the faculty and their immediate family may draw upon the amount to be used to help make blood, as many pints as they may need; without contribution, the committee will have the amount last year by Student Council.

"We urge all fraternities, on-campus and off-campus, to hold public relations meetings to set up an amusement booth at the carnival. The Student Council is providing facilities and financial assistance.

The goal this year is to double the previous high figure of $175 in order to provide more aid to the TB Association.

TV Star To Be Made Queen At APO Sponsored Carnival

The annual TB Carnival sponsored by Alpha Phi Omega to raise money for the New York Chapter of the American Tuberculosis Association will be held Thursday and Friday, December 6 and 7 in Lounge C.

Seniors Take WSSF Party

The Lower Senior class will be honored with a dance Saturday, December 15, 9:30 for winning the World Student Service Fund Contest by collecting $291 in its battle. The total dollar collection netted the fund $291. By collecting the most money the class will receive the first prize, a Lounge party.

To date, over $160 has been raised, and other contributions are being received from the faculty, administrative staff and students. All proceeds from the Booster snack bar are also being turned over to WSSF.

Cagers Down Alumni In Season Inaugural

By Steve Schatt

Without the fanfare, without the enthusiasm, without the material, City College's basketball and boxing teams opened the season with exhibitions. The basketball team played Motley's, 30-22. At the same time, the boxing team was struggling with opponents. The exhibition was the first of its kind.

Coaches

Bob Catura

The Dutchmen, the Quintets, Post '34, and Smoky University played in Hansen Hall.

Alumni tilt

Alumni Athletic Homecoming Day was marked by the opening of the Alumni Athletic Homecoming Day. The festivities began at 7 with an intramural basketball game.

Sapora and Sirutis

Sapora and Sirutis residing, for the 147 Club is once again sponsoring its annual trip to Philadelphia to watch the basketball team in action. The trip was organized by St. Joseph's College.

Harriers Lose Season Finale

Despite a 22-33 loss to Rutgers, the City College cross-country team had its first five finishers all turn in their best times of the season. The harriers' season record to two triangular and a single dual meet, and three dual meets lost.

Grunts

George Watson, Teddy Hassel, Bob Logan, and Bill Logan were the harriers' stars.

Jananus

The harriers' stars were: Jananus, who normally breaks the 28-minute clocking of 27:58 against the Navy, was the first of the harriers to cross the finish line.

Eight Teams to Battle for Title In Intra-Mural Quarter Finals

As a result of the qualifying rounds of the Intra-Mural Basketball Tournament held Thursday, November 15, eight teams will move into action in the quarter-finals of the 'ever-expanding' tournament being held in Hansen Hall. The eight finalists are: the Dutchmen, the Quintets, Post '34, Smoky University, the Goobetsters, Epsilon Phi Alpha, Roosevelt '32, and the New York Club.

High scorer of the last day's play was Billy Kleinman, whose 13 points helped Roosevelt '32 beat Motley's, 30-22. At the same time, the Newcoman Club upset Wilson '33, 26-24, and Epsilon Phi Alpha defeated Post '35, 31-12, with Noel Schwartz scoring 12 points for the winners.

Post '34 routed Parks '54 by a margin of 26-16, and Shumsky University downed the Tigers, 28-26. The final game of the day also was an exciting contest, as Ketchum '32 by a score of 32-27. Also Thursday, in addition to the basketball play, an individually pin-pong tournament will be held at 12 in the auxiliary gym on the sixth floor.

Conclusions

Congratulations, Judge Streett! You did a remarkably good job in delivering your commentary on the general athletic picture before the sentencing of the conference members. Yes, sir, you impressed quite a lot of people with your court-room manner. After all, you are now the savior of athletics and morals in general through-out the country.

...Might I ask at this point whether or not your investigations were perfect or not? Why, for instance, did you single out Assistant Coach "Bobby" Sand in your trade against City College's role in the big-time intercollegiate athletic picture? Have you used him as a scapegoat for the policy makers or did you really think that he runs things around here?

Have you ever stopped to find out who does set the athletic policy at CCNY? It happens to be the Faculty Athletic Committee, a group of distinguished faculty members among whom are the chairman of the department and the faculty manager of athletics, and to a lesser extent, the dean of the College and the Board of Higher Education. Sand is not affiliated with the faculty, he is merely an employee of the College.

When you attacked phony "scorekeepers" and the new administration of the College, you hit the mark. The players own the "knowledge of the coaches obtained from Sand and his boys..." and "...the players..." participated in gambling pools, made contacts with gamblers...

You then mention Sand as saying that he knew what was going on but was powerless to stop it. If you do have all of the facts, as the first line of your statement about coaches having knowledge implies, then why didn't you get a statement from a head coach instead of an assistant coach?

One of the higher-ups in the collegiate sports scene are athletic directors at hotels. Why didn't you quote from one of them? The interest of the sport in Europe, there is no interest in any of the hotels and summer resorts.

If you don't have the knowledge of Evening Session at City College? Your statements seem to be an attempt to establish merely to enable basketball players to get into the College. This is not true, as a check with the registrar will show.

If you do lash out at something you think is wrong, will you please hereafter, mention directly the parties you intend to blame and not use scapegoats?

A Scapegoat? Su&ge?

Bepme Lloyd will probably as-
