Financial Risk Cancels Prom

By Thelma Weiner

- The second School-Wide Prom, which had been scheduled for Saturday evening, April 25, at the Riverside Plaza Hotel, has been cancelled due to the financial risk involved in the venture.

‘Tickets for the affair were to have sold for between $6 and $8 per couple and were to have paid for the entertainment field. The revenue from three hundred couples, in addition to a subsidy from the Fees Committee, would have been needed to finance the affair. It was felt by the Fees Committee, which handles the Student Activities Fees, that this venture was financially unsound regardless of whether the tickets sold for $6 or $8.

Originally, proposals were made to hold this affair on a Friday night, but because of the student-body's reaction, it was decided against it. The Riverside Plaza Hotel was chosen because it would have provided a good spacious for three hundred-couples.

Following the refusal of the Fees Committee to either subsidize or underwrite the prom, Harvey Stein, co-chairman of the prom committee, submitted a request to Co-Campus to be held, instead of a prom, a school-wide dance. Harvey Stein, recording secretary of the Prom Committee, has been announced as Free流入' president and Norman Bier- schweiger as vice-president. Quinlan's music was provided by the Ticker Association, which carried Bert Wasserman to the SC president's chair.

Applications for the position of Prom Chairman, which was held last year by Stag's, chairman of the Prom Committee, were submitted to the Ticker Association, and the former chairman, who was interested in doing what was best for the student body, was defeated by the current chairman, who was in favor of holding a prom.

Failure to Specify Charges Postpones BHE Trial Date

Determination of a trial date for the three suspended members of the City College Hygiene Department has been delayed by the failure of the Corporation Counsel to draw up a list of specific charges against the trio.

The defense of Nat Holman, Frankmore, and James Cooper, who were found guilty of the charges, has been postponed.

CCNY Receives $250,000 Grant from Schiff Fund

A $250,000 grant to the College from the residuary estate of Jacob R. Schiff may bring to fruition a fourteen year old plan for the establishment of a school of education at City College.

The funds, which will be used to defray the cost of the school, will be used to establish a school of education at City College.

A new school of education will be established at City College, which will be used to prepare teachers for the public schools.

The school will be established at City College, which will be used to prepare teachers for the public schools.

Cafeteria Committee Reports Progress Made This Semester

The Dormitory Cafeteria Committee, under the chairmanship of Professor Edward Manning of the Speech Department, has made significant progress toward improving conditions in the cafeteria. One of the most important improvements is the installation of new seating arrangements in the cafeteria, which will provide more comfortable seating for students during their mealtime.

The committee has also made improvements to the food service, including the introduction of a new salad bar and the addition of fresh fruit options. These changes are aimed at enhancing the dining experience for students.

Student participation in the cafeteria's decision-making process has been encouraged through the establishment of a student advisory committee. This committee, consisting of representatives from various student organizations, will meet regularly to discuss and address concerns related to the cafeteria's operations.

The Dormitory Cafeteria Committee encourages all students to participate in these improvements and to provide feedback on the changes. They invite students to attend the next meeting to share their thoughts and suggestions on how to further enhance the cafeteria's services.
Thirty

Each semester the final editorial is written by the Editor-in-Chief in the personal capacity of student. The first time we are taking this opportunity, the editor will stop writing under the title "TICKER Special Edition." This will also be the last time such a paper will be printed.

This paper is the culmination of a project which has been carried on during the past several weeks in the effort to bring the students a paper that is as comprehensive and as well written as possible. We have been fortunate in having an able group of students who have collaborated with us. We thank them for their efforts and hope that they will continue to work on this project.

For the first time, the paper will be printed in the form of a book. We hope that it will be available at the City College Bookstore and that it will be sold to all students.

To the rest of the world, I'd like to think of it as the last of the tickers, and not as the first of a new generation of newspapers.

Happy New Year, 1953!
NSA Schedules Tours To European Nations

The NSA has announced a series of study tours to various European nations, offering students an opportunity to explore different cultures and educational systems. The tours are scheduled to take place from October 10 to November 15, 2023, with stops in France, Switzerland, and Italy. Each tour will last for 28 days and is designed to cater to the interests of students majoring in various fields of study, including history, art, and politics.

Tour Itinerary:
- October 10: Departure from New York City to Paris, France
- October 11-18: Study tours in France
- October 19: Return to New York City
- October 20-27: Study tours in Switzerland
- October 28: Return to New York City
- October 29-31: Study tours in Italy
- November 1: Return to New York City

The tours include cultural excursions, visits to historical sites, and academic seminars. Participants will have the opportunity to engage with local scholars, visit museums, and participate in workshops. The cost of the tours varies depending on the program and the duration, ranging from $1,500 to $2,500.

For more information, please contact the NSA at (212) 555-1234 or visit their website at www.nsa.org.

Accounting Contest Open To Students in NY State

A new accounting contest is being held in New York State for students majoring in accounting or finance. The contest, sponsored by the New York Accounting Club, is open to undergraduate and graduate students in New York State universities and colleges.

The contest will be held on April 15, 2024, at the New York Convention Center. Participants will be given a set of financial statements and asked to analyze and interpret the data. The contest will cover topics such as financial ratios, cash flow analysis, and cost-benefit analysis.

The contest is open to individuals or teams of up to four members. The deadline for registration is March 1, 2024. The first prize for the winner is $500 and the second prize is $300.

For more information, please visit the New York Accounting Club's website at www.nyac.org or contact them at (212) 555-1234.

The articles in this issue of The Reader's Digest cover a broad range of subjects, from history and culture to science and technology. The articles are written by experts in their fields and are designed to be accessible to readers of all ages and backgrounds. Happy Hoop Holiday: Five Takes 3 Strait

The holiday season turned out to be a happy one for the Beaver cagers as three out-of-town foes—Lafayette, Tufts and Rutgers—fell victim to the steadily-improving City five. Each was accomplished in a more impressive fashion, the Levadiers enjoying the perfect performance. Before the Scarlet, was high man among them. Buss, operating effectively against the Scarlet, w...
Inauguration Thursday
Duo Balks 'Red' Query

By Richard Kerber

Two City College employees, Hyman Gold and Richard Austin, whose loyalty was being tested in a week ago yesterday at Congressional hearings on anti-American activities, accused their interrogators of broad "infringements" upon personal democracy.

Mr. Gold alleged to the investigating committee that he was fired from the College in 1938 because of anti-Semitism and he further alleged that Student Council, Upstate, that there was anti-Semitism in the committee.

At a Student Council meeting Thursday afternoon, President Gallagher announced that Gold made no mention of anti-Semitism in the committee. In his voluntary report to the President.

The CUNY pair was subpoenaed last week by the committee with other municipal college employees: Dr. David B. Bissell, professor of English at Queens College, and Joseph Bressler, assistant professor of art and physical education at Brooklyn College.

The following day, after Mears, Austin, and Gold came back to School Wednesday, President Bissell G. Gallagher said in his personal capacity that he would close the Fifth Amendment to the Constitution which guarantees the right of forcing a witness to give self-incriminating testimony.

Dr. A. Bell, professor of art and physical education at Brooklyn College, on Wednesday, President Bissell G. Gallagher said in his personal capacity that he would close the Fifth Amendment to the Constitution which guarantees the right of forcing a witness to give self-incriminating testimony.

After Mears, Austin, Gold came back to School Wednesday, President Bissell G. Gallagher said in his personal capacity that he would close the Fifth Amendment to the Constitution which guarantees the right of forcing a witness to give self-incriminating testimony.

The Internal Security subcommittee, Mr. Gold said, was searching for "organized" anti-American activity in the educational system and would deal with institutions.

The Internal Security subcommittee, Mr. Gold said, was searching for "organized" anti-American activity in the educational system and would deal with institutions.

The matter of communism in education could be investigated by the Senate Investigating subcommittee, led by Senator Joseph McCarthy, Republican of Wisconsin, which was engaged in the field of education.

Under the terms of the Senate Internal Security subcommittee, which recently has reached two employees of City College, is to be notified of the present status of the group. He explained, means "a return to the Skyline Inn, located in the Pocono Mountains of Pennsylvania, March 27-29.

The Easter vacation trip will cost $32, including room charge and board, transportation and entertainment. Reservations can be made by contacting Hyman Thornton, a teacher in the economics department, or by writing to Arthur Siegel, 196 Beach 7th Street, Arvonne, L.

Tennis, golf and horseback riding will highlight the weekend jaunt. Siegel said that the group is returning, by popular demand, because of the excellent food offered by the inn.

A two-week tour of Mexico, costing approximately $320, is scheduled for June 9. The meanerers will travel to and from Mexico by plane. Cost will include room, two meals a day and transportation.

Shoestringers Off Campus

The Shoestringers' Society has been suspended from the City College campus because of the "risk" assumed by the College in being responsible for the club's activities.

In a recommendation that the Faculty Committee on Student Activities remove the organization's charter, the Department of Public Instruction explained that the School is not insured for accidents that may occur on the extensive trips, or at Miriam C. Fairies, dean of students, pointed out that while off-campus functions as part of School courses are insured by the College, similar protection does not exist for extra-curricular activities outside the School building.

The extensive nature of the Shoestringers' trips, Dean Fairies explained, increases the possibility of accident and places too great a burden upon the College.

Frank "Doc" Thornton and Arthur Siegel, faculty advisor and president of the organization, have announced that they will continue operation of the Society outside the School.

"We (the Shoestringers') leave the campus with reluctance," Mr. Thornton stated, "but we must obey orders." Siegel said that all members of the Society will be notified of the present status of the group. He stated that the club will function as it has "since the day it was born." This, he explained, means "having fun and traveling on a shoestring.

The next excursion planned by the Shoestringers' is a return visit to the Skyline Inn, located in the Pocono Mountains of Pennsylvania, March 27-29.

The Easter vacation trip will cost $32, including room charge and board, transportation and entertainment. Reservations can be made by contacting Hyman Thornton, a teacher in the economics department, or by writing to Arthur Siegel, 196 Beach 7th Street, Arvonne, L.

School of Education Grant To Aid Retarded Children

The City College School of Education has received a grant of $5000 from the Civitan Club of New York, a group of public-spirited citizens.

Working in conjunction with the Baltimore Foundation for Retarded Children, the Civitan Club presented Wednesday, the first in a series of annual $2000 grants to the School of Education, at a special luncheon in the Masonic Hall, 71 West 32nd Street.

These monies are earmarked for use in recruiting prospective teachers for the mentally retarded.

section 903

Only a tiny part of the student body at the College had heard of the death of President E. L. Berzerofsky. In the student and faculty columns, the news was dropped in passing. The only reactions were a few polite mumblings about the president. But there were no questions about the death, no appreciative comments, no comments of any sort. It was as though the news hadn't been reported. The only difference was the constant humming of the typewriter. The students did not feel the need to mourn. They did not feel the need to view the situation from a philosophical point of view. They were too busy with their own problems to worry about the death of the president.

The death of President Berzerofsky had a great effect on the student body. It created a sense of loss and a feeling of emptiness. The students were not prepared for the death and were left to grapple with their feelings. The students were not sure how to react and what to do. They were unsure of what the future held for them. The death of President Berzerofsky was a turning point in their lives. It was a time of change and a time of uncertainty. The students were not sure what the future held for them. They were unsure of what the future held for the College. The death of President Berzerofsky was a time of reflection and a time of emotion.

CAMPUS CAPERS
Beaver Cagers Rally To Top Hofstra, 71-64

By Herb Nager

A spirited second-half rally led by Ron Kowalski and Charley Rowe helped the City College basketball team to overcome a halftime deficit of six points and the Flying Dutchmen of Hofstra, 71-64. The victory for the Beavers (10-1) and their .497 winning percentage as the league leaders.

The Beavers drew first blood in the opening quarter as a pair of free throws by Merry Stewart gave the Beavers a 4-2 lead. Hofstra came back in the second quarter with a nine-point burst to take a 15-10 lead. Hofstra's hard-hitting five to begin the second half brought the Hofstra fans to their feet as the Beavers' passing attack was disrupted by a guard with quick hands.
