Trial Set for April 27; BHE Exoneration Offer Defeated by Sand Velo

By Rich Karuer and Steve Schott

With the Board of Higher Education trial less than two weeks away, counselors for the three suspended members will be hurrying put finishing touches to their rebuttals of the Board's charges against them.

Judge W.T. Self set for Monday, April 27, at the Bar Association Building, 42 West 44th Street, and will be open to the public. The date was made following the serving of the charges and specifications to the defendants on March 16.

Thus far only counsel for Assistant to the President Lester Nichols has delivered his answers to the specifications. Counsels for Dr. van den Haag and Bobby Sand have until Thursday to file theirs.

Holman and Lloyd are charged, with conduct unbecoming a teacher, neglect of duty, and traitorous activities. See Page 7 for Statement.

Union Building Plans Stopped By Budget Cut

The proposed opening of a student union building on the Manhattanville campus will not take place this year, due to a slice in the City College budget made by the New York City administrator.

President Buel G. Gallagher further noted that the School would have to undergo a cut of about 20 per cent in its income from the city if the Board of Estimate does not approve the state controlled "high fare" transit authority, as proposed by Governor Dewey recently.

At present, City College receives something in the neighborhood of $6,000,000. If the Governor's proposal to solve the transit difficulties is not adopted by the Board, then the City's $97,000,000 deficit will have to be met with a resulting cut of $1,225,000 from the College's budget.

Mayor Impellitteri, in his budget address, hedged on whether or not he was in favor of the state transit authority. However, he did state a fear of cutting the budget for the fiscal year of 1954, to make the deficit. He commented that such a reduction in city expenditures would make a "ghost town" out of this gtham.

Nichols Hits Sand Claim But Admits "Expenses"

Assistant to the President Lester Nichols has refuted Bobby Sand's claim that he (Nichols) urged the writing of the Sand letter to Ed Warner in June, 1950, but admits that provisions that had been made to compensate the players undertaking the proposed South American tour with $300 each above the amount of actual expenses. These additional remunerations were also to be earmarked as "expense money."

The letter in question contained the dapaging promise that should Warner consent to make the trip with the team, the "kicks" from an extra game would revert to the players.

Nichols contends that he never saw or knew of the letter prior to its appearance in the BHE report last November.

However, he does acknowledge that compensation was to be given the players, and asserts that he and Sand "talked it over" and decided upon the figure of $300 apiece. An extra game was to be added, Nichols said, but merely to insure enough of a surplus so that the full amount could be granted each player.

Nichols points out that he volunteered all this information but is still not having his say on the "kicks."

Dr. Ernest van den Haag, Mr. Fast's opponent, is a lecturer in economics at City. He is also serving as an assistant professor of sociology at NYU and a lecturer at the New School.

The course given by Dr. van den Haag at the New School is called, "Civilization and Discontent."

Dr. van den Haag attended the Universities of Naples, and Sorbonne. He received a Doctorate in Law from the University of Florence, and an MA from Iowa. Previous to obtaining a PhD from NYU, he was a Fellow at the University of Pennsylvania.

Testing and Guidance Office Adds Psychologist Schaffer

Amidst the bustling and busy atmosphere of campus life, the Testing and Guidance Office has added a new member to its staff. Dr. Robert Schaffer has joined the team, bringing with him a wealth of expertise and experience in the field of Psychological Assessment.

Dr. Schaffer, who has spent many years in the academic and corporate worlds, is now a valuable asset to the Testing and Guidance Office. His role involves overseeing the psychological testing and counseling services offered to students, faculty, and staff.

Dr. Schaffer's background in psychology and education is a testament to his dedication to helping others. He has worked with a variety of populations, including children, adolescents, and adults, and has extensive experience in the field of educational psychology.

His appointment marks an important step for the Testing and Guidance Office, as he brings a fresh perspective and new insights to the department. With his expertise, the office is now better equipped to provide comprehensive psychological assessments and counseling services to the community.

Dr. Schaffer's presence also signifies the commitment of the college to providing a holistic and comprehensive support system for its students. His arrival is a positive development for the campus, as it continues to strive for excellence in education and student support.
Money Due Friday For College Prom

Friday has been set as the deadline for paying the balance of the prom ticket prices. Tickets are for sale in the Office of Student Activities, 107 Administration Building, Monday through Friday from 9 A.M. to 5 P.M. The $3 admission price must be paid by Friday, April 16. Additional information is available in the Office of Student Activities.

SCHOLARSHIPS OFFERED IN REAL ESTATE FIELD

A number of $100 scholarships are being offered to students showing outstanding performance in the real estate field at City College, College Relations.

Wanna Job? Are you looking for a job in the field of real estate? Do you have a high school diploma or better? Do you have some experience in the field? If yes, look no further, we have a number of job opportunities available.

City Nine Loses Pair; Rallies to Trip Flyers

By Morton Weinfeld

After dropping a pair of tight ball games, Coach Sol Mishkin's City nine returned to winning ways Saturday as they turned in a miraculous rally to overcome Mitchell Air Field, 10-9, at the loser's field.

The Beaver baseball team dropped its initial conference fray Wednesday, when it bowed to Brooklyn at the Kingsmen's diamond, 8-5. The Mishkinmen traveled to Princeton the following day, where they dropped a heartbreaker by a 1-0 tilt on an unearned run in the eighth inning.

The stirring Mitchell field victory, in which the City nine rallied in the final two innings to overcome an 8-1 deficit, atoned in part for the week's two previous losses. The Beavers' record now stands exactly at 500, inasmuch as they have won two, lost two and tied one.

Foremost among the team's path-paving and hitting performance of Bill Anderson, Brooklyn notched its second consecutive loss of the still young campaign. Anderson, a 6-2 portside, relieved starter Hutt Lonscon in the second inning when the latter incurred a blaster on his pitching hand.

For instance, Anderson pitched excellent ball, giving up only two runs and five hits. Hutt was the game's first victim, collecting four hits in five at bats, including a double, and driving in two runs.

Tea Solomon started on thr

The -10 score would tend to indicate, the Princeton fray was decided by a superlative hurling duel between Warren Newburger, City's third man, and the Tiger's Al Bryant. The latter pitched a one-hitter, while Newburger limited the Ivy-Leaguers to four safeties.

The Orange and Black tallied in the eighth inning when shortstop Dick Savage dropped

City Runners Finish Last; Adelphi Easily Wins Meet

By Richard Kwaertzer

Living up to its early season forecast of ineptness, the City College track team opened its season Saturday by meeting with Adelphi and Iona at Lewisohn Stadium.

Adelphi easily won the meet as they captured ten of the sixteen events to register 91 points. The Panthers led from the start, and the highlight of the meet became a struggle between the Gaels and the Beavers to determine second place. Iona ran away with a total of 40 points to nip the Brussels by a slim one point margin.

City and Iona divided the remainder six first places. The most impressive of the City winners was Tom O'Brien, who romped to victory in the mile. As was expected, the Beavers

CCNY Baseballs Face Trio of Foes

With five contests already unpredictable Mishkinmen will when the Bronx to meet NYU in a conference fray this afternoon at Columbia tomorrow at the Lions' dump to Brooklyn.

Infeliers Mike DiAngelo and Tom Delucia are NYU's top weapon. The Bronx's Vinny Rondinella, or Irwin Guerrino will hurl against the Lynx.

The budding baseball star Andy McGowan, the formidable Manhattan squad is currently regarded as one of the top favorites to cope the conference diadem.

The team's pitching is comparatively weak, the Jaspers include among their regulars third baseman John Briano, an All-American selection last season. Last year, Manhattan captured second place to St. John's in league play.

FIFTEEN YEARS AGO THIS WEEK: In a torrent basketball game, the Bronx's Rosemary Inggalot will be featured by a superlative performance. The team's leader, Rosemary Stamm, was never made, for various reasons, and therefore no mon
