A shake-up in the Department of Student Life, caused by the failure of Dean of Students Ruth C. Wright to return to her College position this year, has resulted in the appointment of Clement Thompson as acting dean of students.

Mr. Thompson replaces Dr. Miriam Faries who has resumed her position in the Division of Testing and Guidance at the Uptown Center.

In addition, Harry A. McIsel, former central treasurer, has replaced Mr. Thompson as assistant to the dean of students and Stanley Gross has been appointed central treasurer. The appointments were made by Dr. Daniel Brophy, dean of students at the College.

Dr. Wright was appointed cultural attaché to India by the State Department in 1942, but it was expected that she would return to College this semester. She wrote the position to the Minister of Education in India under the Point Four program.

Mr. Gross, the new member of the department staff, was graduated at Carnegie Mellon University.

He joined the biology department at City College in 1929, and became an instructor in 1936, assistant professor in 1938 and associate professor in 1946. He was named assistant director of the summer session of the School of Business in 1942 and assistant dean in 1946. President Tours India:

President of the College Buell G. Gallagher, having recently returned from a globe-circling trip, declared Tuesday that the peoples of the non-committed world are "most appreciative" of America's enthusiastic racist attitudes and the rise of the wave of Carthysmur that is gripping Americans.

The cause of this appreciation, asserted Dr. Gallagher, lies in these peoples' own experience with the caste system and demogogy. The case of India is one in point, and while the President denied that Nehru's nation is ripe for communism; he felt an element of "indifference as to what form the government might take," and a genuine desire to eat. "The Indians are anxious for two things," he elaborated, "something to eat and an end to Western dominance."

Dr. Gallagher was commissioned to undertake the trip as the chief U.S. delegate to the International Assembly of the World University Service at Islamabad, Turkey, held from July 10-21.

The President noted, at a press conference held in his office at the Main Center, that the poverty in other parts of the world "makes life at City College seem, in the United States, appear quite simple."

"You hear on the credit side," he said, "they bring a refreshing sense of hope, and the problems that we are attacking are deep-seated problems over there."

"Although Dr. Gallagher included on his itinerary visits to India, Pakistan, Turkey, Greece and Italy, he seemed most profoundly concerned with India, which he epiramminized as having a "relativist" attitude, which constitutes the fulcrum of the world."

He pointed out that if we understand India as being in sympathy with communism because of her allegiance to Red China, we are in error. The truth, he emphasized, was not to be construed as an admission of guilt by Lloyd.

"No one person can be held responsible for over-emphasis," he declared.

In a letter to President Gallagher, Dr. Lloyd expressed his gratitude for the tribute, which was deeply honored and flattered.

President Gallagher explained that "this gives the School of Business a specialization among others schools of the College."

The conviction will start at 10:30 in the morning in the Beacon Edward Theatre. Approximately 600 tickets will be available for students, but the method of distribution has not yet been determined.

President Buell G. Gallagher suggested the renaming of the School of Business as the Uptown Center at which Mr. Baruch was the guest speaker. Dr. Gallagher praised Mr. Baruch for his pre-eminence in the fields of business and government. He said that Mr. Baruch has received so many other College awards, "there is nothing else left to give him."

Mayor La Guardia has issued a proclamation for a parade and ceremony to be held on October 8, the anniversary of the day Dr. Kamenoff and the students of City College graduated in 1923 and an M.A. in 1925 and a Ph.D. in 1929 from Columbia. He joined the biology department at City College in 1929, and became an instructor in 1936, assistant professor in 1938 and associate professor in 1946. He was named assistant director of the summer session of the School of Business in 1942 and assistant dean in 1946. He became president of the City College School of Business chapter of the American Association of University Professors.

Survivors include his widow, Mrs. Mary Vedder Kamenoff, and three children.

At the request of Dr. Kamenoff's widow, a memorial fund will be set up by the Alumni Association, the proceeds of which will be used by the school to perpetuate the memory of the Dean.

With the opening of the cross-country season still more than a week away, City coach Fred Anson Brown is displaying a cautious optimism as to his harriers' chances of having a successful season. Much will depend upon how many new candidates report as Bruce feels, "we just haven't got enough men for the varsity yet."

New Fencing Coach Faces Rebuilding Job

Edward Lucia, fencing master for the American Theatre Wing and the first assistant at the exclusive Salle Santelli fencing club, has been hired to succeed the retired Prof. James Montague as CCNY fencing coach. After 23 years of brilliant service to the College, during which time he developed countless champions, Montague announced his plans to retire last semester.

Although CCNY fencing teams have been relatively successful in the past, Lucia's task can hardly be termed an easy one. The new coach had four weeks in which to oil up his gridiron steamroller, football team, and the harriers are urged to report to Tuesday afternoon at Lewisohn Stadium.

Slomovitz Notches Crown At Israeli Olympic Games

Regarded as one of the top boxing prospects to ever attend City College, Co-captain Arnie Slomovitz was the lone American to notch a boxing crown at the annual Israeli Maccabiah Games, as he beat Israel's light-heavyweight hope, Yiftah Zadik, on a technical knockout in the second round of their match held Tuesday afternoon at Ramatgan, Israel.

On the same day, Don Spitzer, a former City tennis player, currently representing the Pinion Club, also copped a title as he won the half mile event in the impressive time of 1:59.5. On the previous afternoon, Spitzer placed fourth in the quarter mile. Another ex-Cityite, Hank Wittenberg, Olympic light-heavyweight wrestling champion in 1948, was also selected as a representative of the United States team for the Olympic Games. Wittenberg had the misfortune of carrying the American flag in the colorful opening day ceremonies.

Slomovitz, who has done all of his competitive boxing as a lightweight, allowed down to the 175 lb class for the Maccabiah Games. Last year, Slomovitz gained two victories, one of them by forfeit, and dropped a close decision to Frank Hicks of Army during the regular season competition.
