Holman Return Stirs College

President's Program
By Harriett L. Guber, Student Council President

This semester, the Executive Board of Student Council has prepared a program which it would like to see carried out as follows:

For the benefit of the student body, an international speakers bureau, operating under the auspices of the United Nations and the National Student Association, will be started. Guest speakers from countries all over the world will be invited to the College in an effort to keep the students informed about conditions in little-publicized areas of the world.

On the local level, town meetings will be held several times throughout the semester to enable all students to inform themselves of happenings within or outside of the School.

Your Council will try to improve upon the fine start made by the Student Discount Service last year. It will attempt to obtain additional discounts for the student body at nearby restaurants, movie houses, clothing stores, etc.

We believe the students are sorely aware of the many loan funds which are available for their use. We plan to organize a campaign to acquire a student body with these services.

The semi-annual Blood Bank drive will be continued.

Any student or faculty member may make the bank without charge in time of emergency.

Also on the drawing board is a leadership training program, which will embody training in organization, parliamentary procedure, the meaning of leadership and the qualities necessary for leadership.

On our social activity slate, the leading item is the School-Wide Dance, which we hope to run in cooperation with Queens, Hunter and one other college yet to be contacted. We plan to have a name band such as Harry James or Ray Anthony, and a name hotel. In addition, we plan to sell tickets for approximately $5 per couple.

The annual Christmas dance and the usual Friday afternoon dances will again be held. The holiday frolick will be conducted as in the past. Dancing, refreshments and entertainment will be free to all students.

Other interesting projects are still in the formulating stage. We expect to commence an investigation of the feasibility and desirability of a faculty course-evaluation program, which students will be able to evaluate courses and offer suggestions and criticisms.

A merger of Rensselaer, SC's newspaper, and Beaver Bulletin, a publication of Inter-Club Board, will be effected if feasible.

We hope the student body will see fit to vote for the World University Service as a member of the City College Board of Governors. We shall do our utmost to promote this project.

Other Municipal Colleges To Give BS in Accounting

By Jay Brustock
The Baruch School has lost its battle to prevent the three other municipal colleges from offering the four-year course leading to a degree in accounting.

By a 22-8 vote, along "college lines," the Board of Higher Education approved last June a bachelor of science degree in accounting for Brooklyn, Hunter and Queens Colleges.

The three other colleges are the only ones that at the present time offer a course leading to a degree in accounting, students at the other colleges to qualify for the degree have to spend an extra year in college drawing on secondary subjects taken away from the Baruch School.

Though the proposed accounting program at the other colleges have yet to be approved by the CPA board, Professor Elmo Entner and Professor Saxe, chairmen of the department, believe that the course, as presented here, will solve the difficulty.

President Gallagher, Dean Norton and Dr. Saxe were as one in expressing the opinion that the reappointment of Holman put no stock in these rumors, replying that he would not have come back to the School, if he did not intend to stay.

I have every intention of staying," the famed coach stated. "In fact, I have turned down many offers to come back, as I like the School and the boys and the students.

Holman thus will take over the reins of the basketball team from Dave Polansky, who at the present time is one of the varsity basketball team.

Dr. Bueli G. Gallagher, President of the College, announced that Holman is to be reinstated as head basketball coach, effective this week after a conference with Professor Hyman Krakower, chairman of the hygiene department.

Gallagher stated that all parties involved, including Polansky, had agreed to making the coaching change. "After all," said Gallagher, "what else would be (Holman) do?"

The president made it clear however, that the reappointment of Holman as coach could in no way be construed as a change in the CUNY athletic policy, which at present time is one of de-emphasis. He added that he has made all of this perfectly clear to Holman.

"Holman will carry a normal teaching load," Gallagher added.

He further added that the coach would not be restored to the Supervisory of Coaches post that he held prior to taking his sabbatical leave in 1952.

The reinstatement of Holman thus closed the case which began in November, 1952, when Holman was suspended by the Board of Higher Education for "incompetence.

Shakeup Hits Coaches; Five Switches Made

By John Holman, recently reassigned as head basketball coach, showed with the last Beaver team he coached, the 1941-42 outfit.

Acting Hygiene Department Chairman Hyman Krakower last week announced the appointment of five new athletic coaches, one of the biggest shakeups in the history of the five vacancies, were created by dismissals, while the remaining three were brought about by reassignments.

Dismissals—From the College were Sol Mishkin, who had coached varsity baseball since 1948, and Jack "Dutch" Garfield, who had served as Baruch School basketball coach for the past two seasons.

The reinstatement of Nat Holman as head basketball coach resulted in Dave Polansky, which Holman coached during Holman's two-year absence, being reappointed as freshman basketball coach. Polansky takes the place of George "Red" Wolfe, who is slated to move to the Baruch School to replace Garfield.

Dr. Harry Karlin, who has had a varied coaching career during his 34 years at the College is to handle the soccer duties. Karlin, who also coaches varsity tennis, replaces Wolfe. Wolfe handled both soccer and freshman basketball last year.

Upon dismissal of Mishkin, Krakower chose Dr. John LaPlace to coach the varsity baseball team, LaPlace, a star shortstop during his days as a student at the College, last coached in 1948 when he led the Baruch.

Text Fund To Lend Aid

Applications for the Textbook Loan Fund, a service established by Sigma Alpha Gamma, the School fraternities, who are financially unable to purchase all or part of their textbooks, can be obtained in the Department of College Information. Completed applications must be returned to the same department.

Applicants will receive notice of interview appointments.
Delegates Assemble At Annual Congress

By Steve Schott

A South Africa-Vegan dinner at a North Carolina event—A tradition-bound Bostonian exchanging ideas with a progressive Californian—An Arizonan students remaining over a cup of coffee with an Idahoan representative... etc...

But they all had one characteristic in common: they were students, and they were 4,000 of them from over 250 colleges and universities throughout the United States, converging on the spacious auditorium of the neighboring building. They ranged from the co-ed Bostonian exchanging ideas with the tradition-bound New Englander to the Catholic, Protestant, and Jew. They ranged from the American student to the international student, from the student of the northeast to the student of the southwest.

The organization's course is the administrative function of the Student Council, which has been set as the tentatively time for use as the individual school year's Seventh Congress, held at Manhattanville College.

To Loew's Board

Deans' reception to be held Tuesday, September 30, from 12-2.

Dean Thomas L. Norton, dean of the Baruch School of Business, will host the official welcome for the incoming freshmen and their parents.

President Buell G. Gallagher, at a meeting of the Board of Trustees, announced the formation of the Baruch School of Business. The school was founded in 1929, is now a quarter of a century of age in more than one place: it was established in 1920 in the city of New York, and has received recognition and status in many other places.

The School was founded in 1907, after the closure of the Baruch College of the City University of New York, which was separated from the New York University in 1929.

All students interested in work programs for the repeat performance of the 1954 Stadium Concerts season, which began on June 21, are urged to take advantage of the opportunity to participate in the Baruch School of Business. The school was founded in 1929, is now a quarter of a century of age in more than one place: it was established in 1920 in the city of New York, and has received recognition and status in many other places.

It's important to point out that the Baruch School of Business is a recognition of the importance of business education, and is an important part of the Baruch School of Business.

The school was founded in 1907, after the closure of the Baruch College of the City University of New York, which was separated from the New York University in 1929.

SC Program

Vice-chairman Student Council President Harriet Green, has outlined plans on the advancement of student representation on the Board of Trustees and the strengthening of the Student Council. The SC Program, which is composed of the Student Council, the Advertising Program, the Development of the Baruch Bulletin, and the proposed purchase of Baruch Bulletin equipment, is organized under the direction of the SC Committee.

The SC Program aims to improve the quality of student representation on the Board of Trustees and to strengthen the Student Council. The program includes the development of the Baruch Bulletin, which will be a publication for students, and the purchase of equipment for the publication. The SC Program will also focus on increasing the involvement of students in the decision-making process of the University.

Dean Thomas L. Norton

Dean Thomas L. Norton of the College of Business and Public Administration, reported that the College of Business and Public Administration has grown significantly in recent years. The College has added new programs and increased its enrollment. Dean Norton also discussed the challenges facing the College and the strategies for addressing them. He emphasized the importance of collaboration with other departments and the need for continuous improvement.

Hazing Rules

1. Freshmen are not required to have a sponsor from the Student Council to join a social organization.
2. Members of the faculty, staff, and students will not engage in any form of hazing.
3. Freshmen are not allowed to be sponsors for upperclassmen.

The Catskills-Psychoanalyzed

By Jerome Greenberg

Back in the BC (Bible City) days one of my favorite weeks was the "Sky-Vacation" week. It was a time when the sky would be filled with airplanes and balloons, and people would be out in force to watch the spectacle.

The first thing to be done before you could even consider joining a social organization was to become a member of the Sky-Vacation committee. This group was responsible for making sure that the event went off without a hitch.

A bad secret is to be with someone who is being hazing or is about to be hazed. The problem is that you might not know what you're doing. You might think that you're just having a good time, but the truth is that you're being exploited.

Hazing is a serious problem and must be stopped. In the future, we must work together to ensure that hazing is not a part of our culture.

Local to 23rd

Although he was the head basketball coach at City College from 1919 until he took his retirement two years ago, Nat Holman is a virtual stranger to most of the students at the College. The former Coach was a part of the old City College, before the days of Holman.

Just about anyone who ever read the sports pages of a newspaper has heard of his or her accomplishments. They often come in some way or another. He is a man who has made a name for himself in the world of sports. His coaching has been a big part of his life, and he has been involved in many different sports during his career.

Now that Holman is back at the College, many students are waiting for him to do his magic again. They seem to be a rather popular group at the College this fall. Holman will receive a great deal of attention, but with his personality and love for the game, he is sure to be successful.

The departure of Garfinkel from the reins of the Commerce and the stodgy students at the College. This statement can be easily defended when, you compare the two men. Wolfe also coached soccer. "Skip," as he was affectionately called by his players, possessed where he belongs.

The important thing is that he is back in Basketball. The important thing is that he is back in Basketball. It has been devoted to any endeavor. It doesn't matter to him if the game is played in Madison Square Garden or in the St. Nicholas Heights' gymnasium.

He is back in Basketball. He is back in Basketball, and the stodgy students at the College. This statement can be easily defended when you consider that Holman has received many offers from other colleges. This is hardly the case, its Holman has no need to make his remaining careerossilus since it is defensible that he was not the aductor of the glory. Holman has had many offers, some of them more attractive than others, but he turned them down. He told the other institution where the coaching position was located that he was not interested in that position. He had been approached about coaching at other places.

Many have failed to see how Holman could fit into the College's program. As a matter of fact, the whole idea of Holman's appointment as the man who piloted CCNY's "Cinderella Team" to the NCAA championship is a matter of some discussion. The team, which came to be known as the "Blue Devils," was in the lead of Division I basketball.

It may be a little difficult to get used to seeing Garfinkel around College again, but we are certain that he will maintain quickly. But the idea that he was the aductor of the glory is defensible that he was not the aductor of the glory. Holman has had many offers, some of them more attractive than others, but he turned them down. He told the other institution where the coaching position was located that he was not interested in that position. He had been approached about coaching at other places.

Garfinkel and Mishkin Removed
From Positions By Krakower;
Wolfe, Karlin, LaPlace Named

(Continued from Page 1)

In announcing the coaching changes, Krakower stated that the dismissal of Mishkin and Garfinkel was in no way caused by financial difficulties. Sharp decreases in enrollment were blamed for their fall. He also announced that a new basketball coach, voiced warm praise for the job that Polansky turned in during his three-year stint at the College. He is also the only last fall that Wolfe had done considerable officiating. For Title Defense

Soccormen Ready
For Title Defense

Strong at every position except goal despite the loss of eight letterman from last year's championship club, the College soccer team begins preparing for the defense of its coveted title this afternoon.

The Beavers are expecting to fill the gaps left by graduations with several promising in the making.

Domershick Signs Pact

Jerry Domershick, captain of the City College basketball team for the past three seasons, has been named he tact to a contract for an undisclosed amount to play professional basketball with the Milwaukee Hawks of the National Basketball Association during the 1954-55 season.

The Hawks, who are coached by another former City star, Red Holzman, 42, after winning a semi-annual training about October 1, Domershick, the only player ever to captain a City basketball team for three consecutive years, is very aware of the position that awaits him as he points out, "It's an awfully tough league with lots of good ballplayers, but I'll definitely do my best to make the grade."

Holman's Return...
