IBM Executive to Speak In 4N on December 13

Thomas J. Watson, Sr., chairman of the board of the International Business Machines Corporation, will appear at the Baruch School Monday, December 13, as the third speaker in the Bernard M. Baruch Distinguished Lecturer Series.

Mr. Watson was president and director of I.B.M. from 1924-1952. In 1949 he was named to his present position. Prior to joining I.B.M., Mr. Watson's executive activity was in the employ of the National Cash Register Company. The IBM chairman is a director of the Guarantee Trust Company of New York. In addition he holds high positions in two foundations: higher learning, serving as a trustee of Columbia University and Lafayette College.

Tickets for Mr. Watson's lecture, to be held at 10 in 4N, will be available in the Department Student Life, 921, next week.

The Baruch Lecturer Series was started by Mr. Baruch last spring when he delivered three lectures which were incorporated into a book, "A Philosophy for Our Time."

Gallagher Proposes Equalized Student SU Representation

The student self-government concept received a boost last week when President Gallagher proposed a plan for organizing the Student Union Board of Governors with equal student and non-student representation.

President Gallagher outlined a plan whereby the Board would be composed of fourteen members. The student membership on the Board would be composed of three Uptown Day and two Uptown Evening Session representatives, and one each through four other Day and Evening sessions. Members on the Board would be elected by four faculty and administrative representatives and three alumni.

The proposal was made at a meeting of the Student Union Board, Four, a group appointed by Dr. Gallagher to establish an administrative body for the Union. Representatives of the entire College predominantly were invited and permitted to express their views.

The alternate proposal was offered by Dave Newton, Director of Student Council. He suggested that a body of eighteen be organized.

Mr. Newton's proposed group would consist of the President of the College, the Dean of Students, faculty members, four alumni, members of the student activities groups, "at large," six students consisting of one representative each of the College's four divisions plus an

Tomorrow at 1 in the Faculty Lounge, Judge Mati Lal Das of India will address the student body on his country's problems. Judge Das has been in this country large so that Council could continue the discussions on international speakers from other countries.

Board Meeting Scene Of Club Publicity Row

The Inter-Club Board last week decided to resubmit to the Publicity Committee an application by Students for Democratic Action which was not considered by the Committee.

The Publicity Committee refused to consider the SDA application because it felt that the purpose for which the publicity was to be used, namely, "the school function," namely, the petitions calling for the censure of Senator Joseph R. McCarthy, sponsored by SDA, Young Democrats and Young Republicans.

The two major questions before the Board were: what constitutes a school function, and does the Publicity Committee have the right to withhold publicity privileges from any student organization whether used for a school function or not?

It was ruled that neither the Publicity Committee nor ICB would have to rule on the question.

In another action taken by the Board, a motion by Ed Kerrigan to establish personal contact between the clubs and the incoming freshmen was passed by an overwhelming majority.

MANN OVERBOARD

By Steve Mann

Not in the role of an RA across the hall, but in his role as a Baruch student, 21-year-old Joseph T. Tector, a third-year accounting student, found himself involved in a quite harrowing experience last Monday night.

The incident occurred at 11:30 p.m. when Tector, who had been sent to the dormitory by a counselor to take a student to the hospital for an appendectomy, returned to the dormitory with his subject in tow.

As Tector was returning to the dormitory, he was approached by a group of four or five young men who had been drinking heavily. They claimed to have an argument with one of the dormitory's night watchmen and thought Tector was their enemy.

The situation quickly escalated into a physical altercation, during which Tector was struck with a baseball bat and a brick. He was left unconscious and was taken to the hospital, where he remained in serious condition for several days.

According to witnesses, the incident was caused by a misunderstanding between Tector and the group of young men. Tector was simply trying to fulfill his duty as a student, and the young men were out of control.

The incident has sparked debates on campus about the role of RA's and security staff in protecting students, and the need for more training and resources for these positions.

The Ticker will continue to follow the story of Joseph T. Tector as he recovers from his injuries.

Saturday night marks the opening of City College's basketball season. This opening night is eagerly looked forward to by the students and alumni. The games are scheduled to start at 8:30 p.m. at the school's new{new} gymnasium. The fans will be welcomed by the home team, the Lady Blues, who will be playing against the visiting team, the City College Women's Basketball Team. The game promises to be exciting and intense, as both teams are evenly matched. The Lady Blues have been practicing hard for the last few weeks in preparation for this game and are determined to win.

The Blood Bank

One week from today, Pearl Harbor Day, the semi-annual blood drive begins. There has been much talk about the need for blood, but no one seems to be doing anything about it. This is the perfect opportunity to do something about it.

Equal Representation

A strikingly liberal point of view was expressed by President F. C. H. Martin in his recent address. "The student body," he said, "must represent the full range of political and social views." This is in line with the principle that the student body should reflect the diversity of the community.

A Debating Team

Recently, a new debating team was formed at the school. The team is composed of students from all grades and majors. The goal of the team is to promote critical thinking skills and to provide a forum for students to express their ideas. The team has already begun practicing and will be competing in the near future.

Letters to the Editor

Our Shame

Dear Editor:

Yesterday I was fortunate enough to watch the Edward House program, "The Next 800 Years." The content of the program was fascinating and well-presented. However, I was disappointed to learn that the program was broadcast only once and was not available for future viewing.

Dear Editor:

It is true that the school is one of the most important institutions in the world, but I believe that there is a need for more frequent access to its important functions. As an example, I suggest that the school consider extending its hours of operation or offering online viewing options.

Dear Editor:

The "Next 800 Years" program was fascinating and informative. However, I was disappointed to learn that the program was not made available for future viewing. This is a missed opportunity for students who were unable to attend the program in person.

Dear Editor:

I would like to commend the school for its efforts to ensure equal representation in the student body. The views of minority members of the community should be given due consideration.

Vacation Time in the Gobi

With winter vacation only a few weeks off, a break from the pressures of school may be to the students' advantage. Many students choose to travel to foreign countries, where they can explore new cultures and take in the sights.

Pseudo Intellects Found By Baruch School Coed

There is a student at Baruch School who likes to point out her superior learning and ability to her best friend, but not the other students. She speaks in an ethereal manner, as if she were talking to a crowd of people.

Superman

This following problem is from my Professor's latest text, "Mathematics." We wouldn't have any trouble if we were given the right approach.

From my interpretation of the question, the key is that the student should be able to express their ideas in a clear and concise manner.

Pettitions Circulated Uptown By Opposing Organizations

The battle of petitions in the "Joe Must Go!"—"Joe Must Stay!" controversy has hit the campus. On Monday afternoon, the New York State Committee Against McCarthy has been collecting signatures in support of "Joe Must Stay." The Union of Students for Democratic Action has been collecting signatures in support of "Joe Must Go!"

Dr. Johnson, the President of the College, has called a meeting of the faculty Wednesday to discuss the situation. It is hoped that this meeting will lead to some agreement on the matter.

Following the vote of the Senate last week, the Board of Trustees has decided to take no action on the petition. However, the Board has agreed to consider the matter at its next meeting.

The President of the College has asked the students to vote on the matter at the next Student Assembly meeting. He has also asked the faculty to discuss the situation with the students.

This is the first time that the students have been asked to vote on a matter of this importance. It is hoped that this will lead to some agreement on the matter.

CCNY Five to Open Season With Adelphi Saturday

By Dick Rustin

Returning after a two year absence, Coach Nat Holman will send his thirty-fifth City College basketball team against Adelphi College Saturday night in the opening game of the 1954-55 season. The teams will meet at 8:30 in the Main Gym on the Uptown Campus for the benefit of the Stein Fund, City College's financial pool for injured varsity athletes.

Holman will two-platoon his Beavers, alternating his standard unit of "regulars" with his light brigade of "wreckers." Captain Marc Shorr, Hans Jakobsen, Jack McGuire, Bernie Cohen, and either Ronnie Kowalski or George Jensen will comprise the "regulars" while the speedy five-some of Ralph Scheffman, Greg Moses, Walt Tannenbaum, Ted Brimet, and Lew Berson make up the "pony squad" of "wreckers."

The Beaver coach has been drilling his men in defense-work, a factor of the game he deems most important. However, he emphasizes that good team balance, good offense supported by tight defense, is the prime factor in the success of any basketball team.

Adelphi opens its season off an 8-14 mark for 1953-54. The Dutchmen knocked off Hofstra with Bevo Francis, in the Garden last year but dropped a 77-67 decision to the Lavender at Garden City.

The Long Island team boasts good height, featuring 6-7 Bernie Ehrlich in the pivot. Ehrlich is flanked by Tony Funk, 6-4, and improving forward Walter Soderstrom, both 6-5, and Gilbert Scott and Harvey Halford, a pair of all-around ball players. Two 6-3 forwards, Lawrence McDonough and Don Payne, are Coach George Faherty's 1-2 reserves. Payne spearheaded Adelphi's last victory over City two years ago.

City will be seeking to improve its record of last season as it embarks upon its 18-game slate. It will miss the gradual scoring attack of last season's high-scorer, but Captain Shorr is expected to take up much of the scoring slack and have his finest season.

The chief targets of the campaign figure to be the Beavers' (Continued on Page 7)

Frosh Cagers Set To 'Burn' Adelphi

"What style of ba'll will the Adelphi freshman team play? Will they run?"

Such is the description given by an Adelphi athletic official to describe the "weakest Adelphi frosh-squad in history," which will meet Lavender Coach Dave Polansky's Beavers in the preliminary to Saturday night's City-Adelphi varsity clash at the Main gym.

Fran Steinberg, 5-11, if the "backbone" of the Panther Cubs. However, Pal Russo, 6-3, and Bill Welhoffs, 6-0, are just about the only available vertebrae around to lead support.

Coach Polansky has five boys, Hans Jakobsen, Lew Waller, Herb Meyer, Bob Silver and Joel Ascher, who measure 6-3 or taller.

Basketball, first in the hearts of City-sports fans, is back again. Beavers, with Nat Holman (center of photo) back at helm, open season Saturday night.

Beaver Matmen Ready For Battle With Hofstra

Describing his squad as greatly improved, City wrestling coach Joe Saporis is hopefully awaiting Saturday's opener against Hofstra on the Beavers' mat in Hempstead, Long Island.

Although the Beavers have never been a powerful Long Island-grapplers, Saporis thinks that they have assembled a great account of themselves and perhaps even beat the Dutchmen. The Hofstra match should prove to be an excellent indicator of the matmen's prowess, since Saporis can foresee his boys losing only to Lockhaven State Teachers if they defeat Hofstra for the first time.

The Beavers concluded their pre-season tune-ups last week by turning in an excellent performance against Columbia University.

City, will compete in eight meets this season facing such opponents as Lafayette, Kings Point, Brooklyn Poly, Long Island and Aggies and NYU. The Lavender is particularly anxious to avenge last year's setback at the hands of the Viots and Sapers is confident that it can do it.
