Rams Batter Beavers, 78-59

The TICKER

Vol. XXXIV—No. 2 Wednesday, February 16, 1955 By Subscription Only

President Buell G. Gallagher presented his report on the state of the College to the Board of Higher Education at its meeting yesterday. Attractively prepared and illustrated, the document covered the years 1952-4 and was incorporated into a magazine booklet. Such a report is a biennial requirement of the Board.

Dividing his writings into six sections, the President covered all phases of the institution's activities and gave an accounting of the College's relationship with the municipal. Concerning the student body, he stated in the outset that, "The intellectual caliber and academic ability of our student continues to be consistently high. The best talent is being drawn from the City's high schools competes for entrance. The student who is dismissed because he is not college material is an extreme rarity." Dr. Gallagher maintained that City students are unusually mature for an American campus.

Mildness with an underlying firmness marked President Gallagher's formal reply to Mr. Patrick S. Scanlon, managing editor of The Tablet, for the Tablet's report on the Board meeting at The Tablet's request for a copy of the report. Concerning the student body, he stated that, "The intellectual caliber and academic ability of our student continues to be consistently high. The best talent is being drawn from the City's high schools competes for entrance. The student who is dismissed because he is not college material is an extreme rarity." Dr. Gallagher maintained that City students are unusually mature for an American campus.

Fresher Hazing Starts; Will Last For Two Weeks

The semi-annual hazing of freshmen by upper-classmen will start Monday and will continue for two full weeks. However, if the neophytes win the frosh-soph battles which will be held Thursday, February 24, hazing will not be carried into the second week. In order to create enthusiasm among upper-classmen, the Freshman Orientation Society has scheduled a hazing dance for tomorrow at 12 in Lounge C. Refreshments will be served and cigarette and compliments of Philip Morris. Everyone may take part in hazing, with the exception of upper-classmen.

The '59ers will be required to recite Lavender and the Neophyte Pledge to their seniors who requests them to do so. The Pledge reads as follows: "I, (Continued on Page 5)

Prexy, Dean to Attend Class of '59 Reception

The Semi-Annual President's and Dean's Reception for freshmen will be held tomorrow from 12-2 in Hassen Hall. The affair, sponsored by members of the Class of '59, and is by invitation only. Refreshments will be served, and dance music will be provided by Boosters, George Grant and Doris Rabbiner are co-chairmen of the Reception Committee.

Theodore PET Debut Slated for Saturday

Making its first appearance at the Baruch School, Theodore's one-man show will be presented Saturday evening at 8:30 in the Pauline Edwards Theatre. Theodore, sponsored here by the Phi Epsilon Pi Fraternity, played to Greenwich Village audiences for a number of years, before he brought his set to Carnegie Hall about a year and a half ago. This Carnegie show usually goes on at midnight.

The performer is renowned for his strange and insulting conversations, and audience reaction usually ranges from loud hilarity to intense concentration.

Tickets, on sale at the Ninth Floor box office, are priced at $1.50 for front orchestra, $1.35 for rear orchestra and front balcony, and $1.15 for rear balcony.

Class Councils Vote Power Cut

By defeating a motion which would grant the power to class councils of appointing people to the vacant positions, Student Council by a 4-16/2 vote, voiced its preference for a special election to be held as soon as feasable.

All students interested in reviewing the extra-curricular budget are invited to an open budget hearing Tuesday at 1:30 in the Faculty Lounge.

Student Activities Outline Presented By President

By Harold L. Galagher

This semester, the Executive Board of Student Council has prepared a program which it would like to see carried out. The members believe that such a program will be of benefit to the students, thereby improving the quality of life on campus. The Executive Board of Student Council consists of five members, each of whom has been elected by the student body. The members are responsible for the organization and coordination of various activities on campus. Their goal is to create a lively and engaging environment where students can participate in a variety of events and activities.

EXCERPTS FROM PRESIDENT'S REPORT

The state of the College

The intellectual and academic ability of the entering student continues to be consistently high. The best students in every field are expected for enrollment. The student who is admitted is definitely the best in his field.

Socially, the social consciousness and political sophistication of the C.C.N.Y. student are extremely high. He is aware of the points of vulnerability and the dangers of many larger and wider areas of constructive activities. He is apt to know more than just the structure and position of the New York metropolitan area. He has a keen interest in the future, a close knowledge of the present, and the ability to express himself in the present.

A large part of the present advantage of the City College student is known over a quarter century in all parts of the country. Whether he is a member of the City College Student Council or not, he is a member of the Student Council of the American Student Councils. He is aware of the benefits of being a member of this council and he is aware of the benefits of being a member of the Student Council of the American Student Councils. The students are paid for their services.

The President of the Student Council, Mr. Ashman, has made it his first priority to stabilize the student body by attending to the needs of the students and their families. The President has met with the Student Council, the Executive Board, and the Administrative Committee. He has also met with the Board of Education, the Board of Trustees, and the Board of Visitors. He has met with the Board of Visitors and the Board of Trustees to discuss the future of the College and the future of the Student Council.

There are many students who would like to see added to the present program. Some of these students are interested in new courses which have not yet been offered, while others are interested in new courses which have been offered but have not yet been offered to the students.

In conclusion, I would like to thank the Student Council for their hard work and dedication. I would also like to thank the President of the Student Council, Mr. Ashman, for his support and encouragement.

Gallagher On Athletics

The following is an excerpt from a letter written by Gallagher, a well-known figure in the world of athletics.

"...when I first decided to make athletics my career, my friends thought I was crazy. They said it was too much work and too much competition. But I knew in my heart that I had what it took to succeed. And I was proven right. I won gold medals, set records, and became a role model for thousands of young athletes around the world."

Cities Descend On Miami:

The faithful readers of THE TICKER noticed, no doubt, in last week's issue the announcement of the arrival of a new wave of fans descending on Miami for the big event. These fans, mainly comprised of college students, are expected to fill the stands for the next two weeks of sun.

Hazing Rules...

"...I've always known that hazing is a problem, but I never thought it would get so bad. The talons of hazing have spread their claws into every corner of the university, and they are not stopping. We must fight back and reclaim our college for what it once was: a place of learning and growth, not a place of fear and humiliation."

From Dix to Berlin:

"...As I look back on my journey so far, I am filled with both pride and regret. I am proud of what I have accomplished, but I also regret the mistakes I have made. However, I have learned from my errors and have become a better person as a result."

Applications Now Open For Courtship Course

The non-credit course on courtship and marriage conducted by Professor Frank K. Shuttleworth, also a member of the faculty in the Department of Social Science, is being offered again for the spring semester on Wednesday afternoons from 2:45 to 4:15 p.m. in room 2018 of the Administration Building.

Professor Shuttleworth says that the course, which was first offered last year, is being sponsored by the Department of Student Life because of the need for the knowledge it imparts.

According to Professor Shuttleworth, who is chairman of the Department of Social Science, the course was well received last year and has an average enrollment of 50 students.

"The course was well received," he says. "It has proven to be of great benefit to the students who have participated in it. The course has been offered to students of both sexes and it has been particularly well received by the women."
Business Beavers Capture Fifth Win

The Baruch School basketball team finally drowned the Satan Fall Fish from Patterson, New Jersey, 19-80, in record breaking fashion. The final score was

The Beavers' fourth win in five games put them at the top of the Metropolitan Athletic Association standings. And with six games left in the season, Baruch still has a good chance of winning the title. 

Friday's performance was especially impressive considering the fact that the Beavers had to play without two of their regular starters, Jerry Sherman and Larry Schwartz with 18 and 17 points respectively. Sherman and Schwartz with 18 and 17 points respectively. Sherman and Schwartz are the team's high scorers, and their absence was felt in the game against Patterson. 

The game started with a bang as Baruch took a 12-0 lead in the first few minutes. Patterson was unable to score for the first three minutes, and Baruch built their lead to 20-3 at the end of the first quarter. 

In the second quarter, Patterson managed to score their first points, but Baruch still maintained a comfortable lead of 25-6 at the half. 

The third quarter was a defensive battle as both teams struggled to score. Baruch managed to keep their lead to 30-16. 

In the final quarter, Patterson made a comeback attempt, but Baruch held on to win the game 40-23. 

With this win, Baruch now has a record of 6-2 in the Metropolitan Athletic Association. The team is currently in second place, one game behind the leaders, the City College of New York. Baruch has a chance to catch up in the final six games of the season.
Lavender Hoopsters Bitten By St. Francis Terriers In Close Contest, 94-79

Still smarting from the stunning upset suffered at the hands of Bridgeport Thursday night, Nat Holman’s Beavers found that they were no match for St. Francis.”

The Terriers won, 94-79, but not without a tremendous fight from City, which was very much in the game until the final eight minutes.

The closeness of the game lay in bench strength. While City used only seven men, St. Francis was able to call upon seemingly unlimited bench resources when it needed additional rebound or scoring punch.

The terrible Terrier rebound trio of Al Innis, Walt Adamuske and George Fox gave Beaver adversaries George Jensen and Merv Shorr lots of trouble as each Danny Lynch was able to rest one of them on the bench at all times. It was a well-rested Fox that finally broke the game open in the fourth quarter, scoring his entire output of eleven points during that stanza.

In the first half, which ended with the Brooklynites ahead, 44-42, the Beavers had amazed the crowd with some extremely hot shooting. Herb Jacobsohn, Dave Simmons and Ralph Schefflin all hit with consistency from the outside to offset the visitors’ great advantage in the rebounding department.

Shorr, who had been averaging 27 points per game, led the CCNY crowd with some extremely hot shooting. Herb Jacobsohn, Dave Simmons and Ralph Schefflin all hit with consistency from the outside to offset the visitors’ great advantage in the rebounding department.

Saturday night, City will play its final home game of the season. Taking on Rider College, Washington’s Birthday will find the Holmen attempting to prove that last year’s win over St. John’s was no fluke. The Redmen’s record has been decided by the Lavender copped eight of the ten events.

The highlight of the day’s splashing occurred in the 200 yard breast-stroke when City’s Kellog shot himself ahead of the pack with a time of 2:36.1, which broke the old mark of 2:37.8 as well as the Becker’s pool mark of 2:19.8 in the 200 with a time of 2:19.8.

In the meet against the Marins .IMB Set to Inaugurate Two Tourneys Tomorrow

Intramural Board launches its Winter program tomorrow with the offering of a pair of tourna-
ments. The opening round of the ping pong tournament will be held in the sixth floor auxiliary gym while the chess tournament will be held in the seventh floor game room. Both events are scheduled for 12.

Mermen Sweep Parade; Eclipse Three Marks

Howie Schloemer set two new pool records and Bob Kellog swam to a new team record as City College defeated the US Merchant Marine Academy. 43-41, last Wednesday. Saturday the Beavers downed Hunter College College, 51-32, to run their unbeaten string of City victories to six.

Academy the Beavers did not show their superiority until after the first six events at which time the score was deadlocked at 25-25.

Fencers Repel Tiger 14-13; Lucia Call Upset, ‘The Greatest

By Steve Mann

The two figures stood poised in the center of the gym. The student in the orange and black jacket had just chalked the score, 13-15, on the wall.

The City fencers which had been roaring out encouragement to the fencers was quiet. Suddenly they came together-blades clashed—the light on the Epee machine signifies that there had been a touch, flashed.

For a moment everyone was afraid to look; then the City fencer manager pats a great try. The. Beavers had just pulled the biggest upset of the fencing season, beating a previously undefeated Tiger squad, 14-13, and bringing their season’s record to a mark of 3-2.

The other players moved Ulenas, pounding him on the back. Though there were other outcries for City such as Aubrey Seeman who won three finals, it was Lucia who called the victory a reality. If he had lost, Joel Wolfe of City would have won his previous two bouts, in the final match of the day, to determine the winner.

Coach Edward Lasc was elated. “This is the greatest upset of the year,” he said. “We were underdogs and had already beaten Columbia and Illinois. We won because we were well balanced.”

The blazers next match will be against Brooklyn College, Saturday, at the Kingsmen’s gym.

Kwarter’s Korner

The Unnecessary Edict

By Richard Kwarter

Two excellent Beaver mentors were fired, the beginning of the fall term 1954, as a result of this ruling, namely Jack “Dutch” Gardner who was coach of the Baruch basketball team and Sal Mishler, former skipper of the fencing squad.

The “alleged” reasoning behind the directive that Hygiene instructors don’t have to spend much time in preparing material to teach 12 classes is that instructors in other departments have had to do so.

This is debatable since I’ve had teachers numerous departments who have exhibited signs of “shagging” in relation to the amount of work they should supposedly do in order effectively present the lesson for the day.

In addition, it is pointed out that hygiene personnel do not do any significant negotiations during the first four minutes.
