GALLAGHER, KRAKOWER SET SPEECHES BEFORE COUNCIL

To Discuss Sports Row
This Friday

President, Berl G. Gallag-her has accepted Student Council's invitation to attend the SC meeting Friday at 4 in the Faculty-Student Lounge. Dr. Hyman Krakower, chairman of the Hygiene Department, will also attend the meeting.

Both Dr. Gallagher and Dr. Krakower will discuss and clarify the recent presidential directive on the amount of hours that members of the Hygiene Department should be paid for.

Dr. Gallagher said that he asked Professor Krakower to attend the meeting because, he thought, "it is better for both of us to speak at one time and clarify the matter."

Council President, Harold Gu- bler said, "All students will be invited, but, since the room has a limited seating capacity, some will be given on a first come first serve basis."

President Gallagher was a bit pleased at the College press for putting page one emphasis on stories attacking the President's recent Chicago speech. Gallagher said, "I've noticed that many papers and at least one editorial have been, but that you've (the Press) played Daley (Arthur Daley of the New York Times) on page one."

Ask Club Views On Fee Increase

Difficulties encountered in apportioning the $700 available for club appropriations revived the issue of a higher student activity fee at Wednesday's meeting of the Inter-Club Board.

Defeated in a student referendum last semester, the fee raise has become one of the biggest controversies on campus. At the ICB meeting the club representatives were requested to refer the issue to their clubs for a vote.

Earlier in the meeting, ICB dispelled a notion to facilitate the uniforming of guards at the Baruch School.

Previously, all organization granted security rights were permitted to remove their advertisements from the boards at the end of the week. This led to great confusion during the following week when new public-

ity was set for other organizations.

Under the new system, those clubs granted board clerking privileges will be assigned by the publicity committee to one or more floors. The board on those floors are to be erased by the individual clubs on Friday after 12:30. Publicity and floor assignments will be listed on the ICB bulletin board on the ninth floor.

As tomorrow's meeting approaches, club appropriations to the various clubs are expected to be approved.

Uniforming of Guards Promised:

School Wins First Round

The Baruch School has won half its battle for protection against pilferage and thievery.

A meeting was held in Dean Norton's office Friday at which ten students were interested in the problems set forth in THE TICKER'S editorials of March 4th and 8th. Seated around the conference table were Dean Thomas I. Norton; Robert Petros, longtime chief of the College's Plant and Maintenance Department; Kenneth G. Fleming, his recently appointed successor; and the editor of this newspaper.

The shortage of guards and watchmen at the School was the first problem to be considered. It was pointed out that the uniformed guard stationed in the building was not replaced upon his retirement last year. Mr. Petros explained that, in actuality, the vacancy was filled by the addition of a new foreman on the P&M staff. At that time a new campaign was getting underway to improve the physical condition of the 23rd Street building. Thievery and pilferage were not as great a problem then as they are today.

SC Reestablishes Old Award Setup

By Jerry Ravnitzky

At its Friday meeting, Student Council passed a motion
petitioning graduating seniors to nominate themselves
for language medals. This procedure was in effect last
year, but seniors were eliminated this year.

The present committee felt that it would be in the number-
ance of a job to evaluate fairly some of the records of the large
senior group. Therefore, it recommended the self-nomi-
nating system, which would avoid the automatic select-
ion of the Senate Committee as outlined in the charter,
which necessitates the approval of the Senate Committee
for some students. The present committee felt that this
would allow the elections committee to evaluate fairly
some of the records of the large senior group.

The results of the elections will be announced in The
Ticker at a later date.

SC Films—"Ox Bow Incident"

Scheduled for March 24, the Film Society of Baruch
will screen "Ox Bow Incident," an important documen-
tary directed by Frank Capra.

Hillel to Hear Sadosky

Mr. Sadosky, President of the New York Synagogue, will be the
guest speaker at Hillel's meeting, which will be discussed at The
Ticker at a later date.

The first of these series - was sponsored by the Students' Christian Association of New York.

A Welcome Move

One of the major reasons that The Ticker is in business is so we can serve a good job. A good job is one which pays more than the average pay in the business. It is also a job which gives you the opportunity to do the things that you enjoy doing. So be sure to tell your friends about the good job that we are doing.

Thank You

The meeting held in Dean Norton's office, of which the President of the School Administration, and the student body. We acknowledge the efforts of Maude, Peterson and Plunkett in the organization of the student body. It is in the future. It is significant that these efforts are the result of the planning of THE TICKER's editorial campaign and the organization of the student body.

Scholastically, He's a Junior, But

Junior's a Senior "Bird-Man"

"This is John Salinas to bring you the latest in news this week. This show has been off-taped by John, a junior here at the Berach School, who owns his own private airplane. The aircraft, which John has been flying for about a year, has been afforded him by many of his friends. John has flown in various parts of the country, from the west to the east. He has flown to many different cities and has even flown to the west coast. He has flown in many different parts of the country and has even flown to the west coast. He has flown in many different parts of the country and has even flown to the west coast.

Half the Battle Won...

(Continued from Page 1)

(To be continued).

Dear Editor:

On Thursday morning, March 12, a group of students from the Berach School were subjected to a job interview. The purpose of these drills is to prepare students for the job market by practicing the interviewing process.

The purpose of these drills is to prepare students for the job market by practicing the interviewing process.

"The Time of Your Life" by Jerome Greenberg

Theatre's production of "The Time of Your Life" was an about half of the students interested in the past few sessions. The play, written by William Inge, is set in a small town in the mid-west and deals with the problems facing the young people there. The play is presented in this Theatre's production in a way that makes it easy to understand. It was a success and all of the students interested in it will be expected to attend the next session.

New Coach Lauds 55'ser Sketch Final Plans

City Baseballers
The termination of a successful final season is the primary goal of the Class of 1956.

The first event, on April 9th, is the Senior Class Softball at the East River Park. The second event, on April 19th, is the Softball at the East River Park. The final event, on May 3rd, is the Softball at the East River Park. The team will be divided into two teams, the White team and the Blue team. The White team will wear white uniforms and the Blue team will wear blue uniforms.

Joe Galleta

Young engineer is responsible for design analysis of $3,000,000,000 turbine-generators

The average large steam turbine-generator costs $3,000,000,000. Design analysis is the process of designing and analyzing turbine-generators. It is one of the biggest processes in electrical equipment design. So in thousands of parts, the whole is put together as carefully as a fine watch. Even a small change in design can affect the efficiency and cost of the turbine.

The turbine is built from three main parts: the steam section, the heat section, and the electrical section. The turbine is designed to work at high speeds, so it must be made to work at high pressures. When you break a part, you must break all of the parts that are connected to it. The same is true for the turbine.

Merv Shorr, Hoop Captain

Merv Shorr has played his last game for CCNY. It wouldn't be accurate to say that he was the team's star player, but he was certainly more than a mere team player. He was a leader on the court, a hard worker, and a true team player. He had a keen eye for the ball and he always seemed to be in the right place at the right time. He was a skilled player who could make a basket or pass the ball to anyone on the court. He was a valuable member of the team and he will be greatly missed.
Fencers Succumb in Late Bouts; Finish Seventh in Title Contest

City College was right in the thick of the twelve-team fight for the Eastern Intercollegiate Fencing Championship at the Bronx' Concord Plaza Hotel Saturday night until they fell apart in the saber matches. They wound up a disappointing seventh, but came back to take 18 out of the next 24.

After the meet, fencing Coach Edward Lucia said, "I am pleased with the show of the epee and foil team. I am a little disappointed with the saber team, but their pace shows some for the Lavender. The winning time was 3:21.2.

Schloemer had to settle for third place in the 340-yard free-style race behind Zurcher and Bill Furrer, both from Pittsburgh. Zurcher, who completed the distance in a time of 4:58.8, also beat out Schloemer in this event last year.

The next event saw Beaver Tony Sousa finish the 150-yard individual medley race in third place. The winner was Warner White of Pittsburgh, in a time of 1:31.0, with Zurcher second and Bill Furrer third.

Howie Schloemer was one second behind Jim Zurcher of Pitt in the 226-yard free-style race for the Lavender. The winning time was 3:42.8.

Swimmers Capture Fourth in Title Vie

By Ralph Sobolovsky

The City College swimming team completed an excellent season by placing fourth in the twelve team meet of the Eastern Collegiate Swimming Championships. The top three teams were Pittsburgh, with 69 points, Rutgers, with 48 points, and Lehigh, with 331/2 points. The Beaver swimmers were next with 25 points.

Senior Bob Kellog got his swimming graduation present by placing first in the 200-yard breast-stroke, and in doing so, set a new City College record for that event with a time of 2:34.1. Howie Schloemer was one second behind Jim Zurcher of Pitt in the 226-yard free-style race for the Lavender. The winning time was 3:42.8.
