Dean Bids Adieu; Commends School

"No man could ask for a richer and happier ten years of association than it has been my good fortune to enjoy. On many fronts the School has made advances. To have had a part in this adventure experience," So stated former Dean Thomas L. Norton in his final report to President Gallagher.

Dean Norton is a graduate of New York University's School of Commerce, Norton in making a report on his ten years at the Baruch School commented that "during the decade I have encouraged in every way the development of student organizations, be they professional or purely social, because they offer the under­graduate a rich opportunity to enhance his collegiate education."

Speaking further of the extra­curricular program, Dr. Norton stated that "Student activities, through contribution to the growth of the whole man, should be an integral part of the student's educational experience. From 85 registered organizations in 1945 to 135 today, is the record of the increase in the numbers of sports, groups. The figures since," he said, "do not reveal the simultaneous growth in maturity and ever­widering assumptions of re­ponsibility and increased achieve­ments of our students."

Dean Norton served here from September 1945 to September 1955. Last June a combination testimonial­farewell dinner was held for the retiring President and faculty of the Baruch School.

The report went on to note several significant programs which were enacted during Norton's tenure, among which is the Cooperative/Freshmen Program. The Baruch School has ten such programs, more than any other college in the country.

Dean Norton expressed his gratitude to the members of the faculty and student body. He also paid special tribute to the members of the business community in New York, who have helped to make the Cooperative Program what it is today.

Beware!

Selling or buying books in the halls is contrary to College regulations. Only the College Bookstore and the Used Book Exchange are authorized to sell books within the building. Students are urged to beware of unscrupulous book hawkers. Applications for the Textbook Fund, a book loan service established to aid students who are financially unable to purchase part or all of their textbooks, can be obtained in the Department of Student Life.

Frosh Escape Hazing; Friendship Week Set

A group of freshmen register. Friendship Week will replace the usual hazing program this semester.

- Each freshman must attend at least ten classes each week, as scheduled in the Freshman Calendar, and receive the signature of the presiding officer of that organization. The signature is to be dated. (Continued on Page 6)

Head of Student Life:

Wright Returns from India

Ruth C. Wright, Dean of Students at the Baruch School, who has been on a leave of absence for almost four years, will return to her position this semester. However, due to personal reasons, the dean has requested another leave until October 1. During her absence from the School, Mrs. Wright was with the U.S. State Department in India.

Born in Sheldon, Illinois, Dean Wright celebrated her fifty-sev­enth birthday yesterday. She received a Bachelor of Science degree from Columbia University in 1935. She continued her studies at Columbia and was awarded her doctorate in education in 1942.

Before coming to City College, Dean Wright taught at the Keen School in Tientsin, China, from 1922-27. She was Assistant Dean of Women at the University of Illinois from 1927-30, after which she assumed her po­sition as Assistant to Women here. Her title was changed to Dean of Women.

Mayers Begins Term as Dean

For the second time in his career, Dr. Lewis Mayers has assumed the acting deanship of the School of Business. The 65 year old legal expert, who had served as acting dean for the 1939-40 academic year, was selected by President Gallagher last May—the time of Dean Norton's resignation—to serve as dean until a permanent administrator could be chosen.

At that time Gallagher said he will remain in the position of acting dean for six months, or until the election for a student body president. He has stated that the election for a student body president will be held in February 1956. Dr. Mayers will be a candidate for the presidency if he so desires.

A fellow jurist, Dr. Mayers has distinguished himself as an author, a government admin­istrator, instructor of law, and a practicing attorney.

A cum laude graduate of City College of New York, he went on to earn his MA at the University of Wisconsin, and returned to Columbia University where he has been a graduate student and a candidate for a scholarship and prize in constitutional law, to gain his Ph.D.
Class Councils Set Semester Activities

The sophomores, junior and senior classes are already open in full swing.

- Dr. Taft, director of the Class of 36, has announced that all seniors make their deposits for the next semester by October 15. The deposit rate is $25.00 and increases as the number of seniors increases.

- President Larry Block and his administrative staff are set for the next semester, and are preparing to make their deposits. Permanent members of the administrative staff are scheduled to arrive at Barnard College on November 15.

- The Class of 36, under the presidency of Dr. Taft, will be attended by a special group of classes.

- The Junior Prom will be held Friday at 5:00 P.M., and will be attended by all sophomores and seniors.

- The Senior Prom will be held Friday at 8:00 P.M., and will be attended by all juniors and seniors.

- The Class of 36, under the presidency of Dr. Taft, has announced that all seniors make their deposits for the next semester by October 15. The deposit rate is $25.00 and increases as the number of seniors increases.

New Soda Fountain Arrives Simultaneously With Dietician

And it all came to pass that in the year 1955, a soda fountain came to the Baruch School. And the era of the chocolate sundae, marshmallow frappe and cherry smash began.

A brand new soda fountain, sparkling in stainless-steel, will begin to function today in the Baruch School cafeteria. The fountain was designed by Mr. George Schuster, head of the Baruch School cafeteria, and was put into service according to his specifications.

The Ticker was there on Monday, September 19, 1955, to record the event. The soda fountain is situated in the main cafeteria, opposite the entry to the new student center. And the soda fountain was a hit from the first moment it was turned on. The students were delighted with the new addition to their school life.

The soda fountain was opened to the students by Mr. George Schuster, the head of the cafeteria. He spoke briefly about the fountain and its importance to the school.

The soda fountain is a stainless-steel unit, with a large glass window that allows students to see the sodas being made. The sodas are made with a variety of flavors, including chocolate, vanilla, and strawberry.

The fountain is operated by Mr. Schuster and his staff. The soda fountain is open from 7:00 AM to 9:00 PM, Monday through Friday.

The soda fountain is a welcome addition to the Baruch School cafeteria. It is a symbol of the school's commitment to providing the best possible facilities for its students.

Dr. Peir Li, Appointed To Treasurer's Post

Dr. Peir Li has recently been appointed the new Treasurer of the Baruch School. He replaces Mr. Richard Kwartler, who has accepted a position as President of City College.

Dr. Peir Li is a well-respected member of the Baruch School faculty. He has taught at the school for many years and has a strong reputation for his work.

The appointment of Dr. Peir Li as Treasurer is a welcome change. He is a dedicated and hardworking individual who will bring a new perspective to the position. We look forward to working with him and supporting his efforts.

The Little Grand Tour

The Effel Tower, Versailles, the Riviera, the Vatican – simple-places we all wanted to see. Mr. Samuel Ranhand, head of the Baruch School cafeteria, felt it was time to treat his students to a little luxury.

So he took them on a tour of the world. They visited the Eiffel Tower, saw the Louvre, and even got to see the Pope address the crowd.

The students were thrilled with the tour. They got to see all sorts of wonderful things and it was a great experience for them.

The tour was quite expensive, but Mr. Ranhand felt it was worth it. He knew that his students would appreciate the opportunity to see these things.

Five New Courses Offered In Very Foreign Languages

The Baruch School has added five new courses in very foreign languages. The courses are being offered in the evenings and are designed for students who are not native speakers of the languages.

The courses are being taught by Mr. Richard Kwartler, who is a world-renowned linguist. He has been teaching foreign languages for many years and is a respected member of the Baruch School faculty.

The courses are offered in French, German, Spanish, Russian, and Italian. They are open to all students who are interested in learning a new language.

The courses are being taught in the evenings, from 7:00 PM to 9:00 PM, Monday through Friday.

The courses are free to all students who are interested in learning a new language. They are a great opportunity for students who are looking to expand their horizons.

Students Alkve Mourn Spohr’s Demise

S.D.A. Elects Perselson as National Chairman

There is absolutely nothing to be gained or lost. It has been the policy of the Student Council to operate on the principle of good will and to avoid any action that might be construed as a negative gesture.

Each committee has the goal of bringing the best possible programs to the students. The Student Council should plan events with foresight and look toward the future.

There are several goals that must be met. First, the number of students who participate in the Student Council should increase. Second, the number of events that the Student Council sponsors should be increased. Lastly, the Student Council should continue to strive for excellence in all its activities.

The Student Council will continue to operate under the leadership of President Perselson. He has demonstrated strong leadership and has shown a commitment to the goals of the Student Council.

Sam Perselson

Student Council Committees

The Student Council is made up of three main committees: Student Council, Student Union, and Student Activities.

The Student Council Committee is responsible for the overall administration of the Student Council. The Student Union Committee is responsible for the activities of the Student Union. The Student Activities Committee is responsible for the activities of the Student Activities office.

The Student Council Committee meets on Tuesdays at 5:00 p.m. in Room 921. The Student Union Committee meets on Wednesdays at 5:00 p.m. in Room 921. The Student Activities Committee meets on Thursdays at 5:00 p.m. in Room 921.

Hallman, who served as the national chairman of the Student Council, is also a member of the Student Council Committee.

S.D.A. Elects Perselson as National Chairman

Sam Perselson, a senior history student, was elected as the Eighth Annual Convention of Students for Democratic Action, held June 16-19 at Johns Hopkins University, to serve as the national chairman of the Student Council for the 1954-55 academic year. He succeeds Leland Spohr of the University of Pennsylvania, and will also serve as the national chairman of the Student Council for the 1954-55 academic year.

The Student Council Committee is responsible for the operation of the Student Council. It is composed of five members, with the chairman serving as the presiding officer.

President Perselson was a 1954 delegate to the National Student Association Convention, held June 16-19 at Johns Hopkins University, to serve as the national chairman of the Student Council for the 1954-55 academic year.

President Gallagher deemed that hygiene instructors, in general, do not put as much preparation into their classes as do, for example, English teachers, and put into theirs that they indeed do put advance preparation into their classes. In addition, they have cited the great amount of physical exertion that goes into teaching a gymnasium class.

President Gallagher, in a surprising show of unanimity, considering the fact that many southern schools were rejecting the "three-for-two" edit, was prepared to vote upon reaching the age of eighteen year old vote. It felt that many southern schools were receptive to this age.

In one of the most hotly contested issues of the Congress the NSA declared itself against the NSA, however, was against the "three-for-two" edit. Hygiene instructors have argued that this was untrue.

### NS Report...

(Continued from Page 4) free inquiry and association. NSA recognized the right of business, educational and governmental organizations to investigate applicants as far as such investigations concern the ability to perform one's job. However, it felt that this should not involve the signing of loyalty oaths and it therefore opposed 1070A draft and faculty oaths. The NSA, however, was not opposed to positive oaths of allegiance to the constitution of the country or the state.

In one of the most hotly contested issues of the Congress the NSA declared itself against the eighteen year old vote. It felt that the majority of persons under twenty-one would be much better prepared to vote upon reaching that age.

In a surprising show of unanimity, considering the fact that many southern schools were represented, NSA called for an immediate start in enforcing the Supreme Court decision on segregation in the schools. However, it recognized that each area would have to be treated differently and that education was as, or more, important than legislation in speeding desegregation and integration.

Regarding military manpower the NSA stated, that, "When a state of international tension exists, the national security may require a military program capable of manning defense installations, (and) a reserve military force capable of immediate mobilization. At the same time, the danger must be avoided that, through fear or carelessness, these needs will be met with a program that will ignore the basic principles of our democratic tradition and eventually destroy them.

### Pay College Athletes Prexy Wants Formation Of 'Professional' Loop

In an article appearing in the August 14 issue of Parade, a nationally-syndicated Sunday newspaper supplement, President Buell G. Gallagher suggested that the colleges which surreptitiously subsidize athletes through athletic scholarships should "go out and hire players to play just as the Detroit Lions and Boston Celtics do now."

The entire theme of the article was "end the hypocrisy," which now enshrines the college sporting scene.

President Gallagher cited some good points which might apply to college scholarships to players. Firstly, he would end "the sham and sham of college athletics." The colleges which would pay athletes according to league standings might form teams among themselves and eliminate "outlandish trucinations of weak amateur teams by secretly professional outfits."

The President also expresses the opinion that his plan would help to end "one of the most comical facets of university life today—the college boy who never goes to college."

Dr. Gallagher believes, is that by having the "professional" teams take while the college players, between football practices, and added that these college teams would not lead to a degree, many athletes might hope and just as soon as their eligibility expired.

The main danger in the present system of granting athletic scholarships to varsity performers Dr. Gallagher believes, is that "young men are taught that all right to lie, to fake, to cheat, to win.
