FOS Friendship Week
In Full Swing for '60

By Beverly Diamond and Sheldon Eskenazi

Monday started the beginning of Friendship Week for the Class of 1960. The program conducted by the Freshman Orientation Society, will continue until March 2.

All during the two-week period the freshman must wear their class pins while in school and set in accordance with the rules to be given out by FOS in the Freshman Assembly. A special court has been set up by FOS to take care of any infractions of the rules. This term the Freshman Council will have two advisors, Janet Rothenberg and Seymour Berger, who will guide the representatives and help out at their meetings.

The purpose of Friendship Week is to acquaint the incoming freshman with our extra-curricular program, and to encourage the making of lasting friendships. Each freshman must attend at least one club meeting and have the president sign off in the form a signature. Each neophyte has received. He or she must take this slip and deposit it in a ballot box on the 921 floor. These slips must be in by March 2, the last day of Friendship Week.

"FOS is contemplating going back to hazing," states Vice-President Doreen Spiegel. A committee meeting will be held today in room 921 at 1. The theme for the discussion will be, "Hazing as Opposed to Friendship Week."

The idea of hazing was abandoned last year because it was felt that was accomplishing its purpose. There was a marked decrease in participation and complete apathy toward the whole program. "We have always felt," continued Miss Spiegel, "that we must constantly experiment in order to find dynamic policies which would attract an arouse student interest among the freshmen and which can promote good feelings between them and the upperclassmen."

Weekly Ticker Staff Student Council is under the power of its own agenda. The Student Council is being continually affected by the opinions of various groups and individuals within the Student Body. The Student Council is being continually affected by the opinions of various groups and individuals within the Student Body.

**The Coin Flip**

The 97 pt. chap of this week is a method of determining how much of a coin flip, the passing of the law which, in our own dreams, we would like to see tossed. The Student Council is unlike the President, who is the head of the Student Council, the President is responsible for the decisions made by the Student Council. The President of the Student Council is the leader of the Student Council.

**The Inside Story**

**By Jerome Greenberg**

Literature plays a major role in our understanding of the world. This is especially true in the field of education, where the study of literature is a core component of the curriculum. The role of literature in shaping our understanding of the world is a complex and multifaceted one, and it is one that continues to be explored and debated by scholars and educators alike.

**Council Studies Cause Stairway Woes**

By Helen Schqiinan

Losing sixteen tons of books from the basement, selling supplies from behind the counter, buying new ones from the local bookstore, and finally getting the old ones back. This is the story of the student council's stairway woes.

**Brand, Rubenstein Ask To Reapportion Council**

Student Council Representatives Robert Brand '56 and Howard Rubenstein '56 have proposed an amendment to the Student Council which would completely alter the present system of division of the student body. The amendment is based on the present three divisions of the college. The Rubenstein amendment would add a fourth division, the Business, to the existing divisions: Arts, Sciences, and Engineering.

The amendment is intended to address the concerns of students who feel that the current system of division is not equitable. The Rubenstein amendment would create a new division, the Business, which would be composed of students in the School of Business. The new division would have its own governing council, which would be elected by the students in the School of Business. The new division would also have its own budget and would be responsible for its own activities.

The amendment is scheduled to be voted on at the next Student Council meeting. If it is passed, the amendment will take effect immediately.

*The Texan Editor Pushes Fight*

Nathan Rabinowitz, the new editor of the *Daily Texan*, told the Student Senate last night that he intends to improve the newspaper's coverage of the University. He said that the newspaper has been too focused on the activities of the student government and that it needs to focus more on the issues that affect the students.

Rabinowitz said that he plans to increase the newspaper's coverage of the student government and to focus more on the issues that affect the students. He said that he plans to do this by increasing the number of articles that are written about the student government and by increasing the number of articles that are written about the issues that affect the students.

**Darried Sports Program to be Proposed**

Clarence Franks, the director of the Sports Program, will propose a new sports program for the college. The new program will be entirely funded by student fees, and it will be open to all students. The program will include all the existing sports, plus a few new ones.

**City Grapplers Bow, 19-11; Swimmers Beaten by NYU**

The only bright spot of the College's 19-11 wrestling team loss to Kings Point was the fact that it finished slightly ahead in the sixth straight. The swimmers were eaten by NYU, losing all but one event.

**Cagers Score Manhattan; Lose in Closing Moments**

The City College basketball team has announced that tryouts will be held for his team, Saturday at 12 at the Tech gymnasium. The team is looking for serious players, and will be holding tryouts for all positions.
**Hooper Go for Second Straight Win Over Queens**

"If we don't beat them, I'll be very disappointed," said Nat Holman, talking about the upcoming game with Queens College, Friday night, in Wingate Hall.

"The boys have been playing wonderful basketball of late," continued Holman, "and I think we'll do about as well against them this time as we did last." Holman was, of course, referring to the Beavers' first victory of the season in which they belted Queens, 79-67.

The Queensies are also optimistic about their chances for a victory against City Coach Robert Salomon's charges easily defeated Pratt Institute Tuesday by a 98-66 score, gaining their fifth win of the season against 14 losses.

"Our record doesn't really point out the team's constant improvement," stated Ed Center, student manager of the Queens squad, attempting to rationalize his team's poor record which has compiled a 0-4 seasonal record. "We had a lot of rough breaks throughout the season and we've improved a lot in the past. Right now, we feel that the team is just a little bit short of a real good team."

Queens will probably start the same team together to City: In this season. It is ex-

**Marv Rose Leads Downtown Basketeers to a 5-4 Record**

If Coach George Wolfe had a team consisting of "Four Roses and a Chaser," he'd be a very happy man. And the fact that the School basketball team has only one Rose in the person of a 6-3, 225 pound junior named Robert Rose who, by the way, has really been blossoming for the Downtown varsity this season.

Rose, who has been averaging a few percentage points less than 20 for the season, is playing his first year on the School's varsity. His most productive game of the season was against the Bronx Union YMCA, when he threw in a total of 36 points.

Other standout rows on the team which has compiled a 5-4 seasonal record include captain Mike Gomahay and Marty Stolzenberg. Gomahay, a senior from last year's squad, has been averaging 12 points a game and Bob T. has been the team's playmaker and backcourt man.

**Beaver Fencers Win For Fourth Victor**

The City College fencers defeated Brooklyn College 17-10, Saturday, in the Wingate gym, and they did it without the services of their ace sabre swordsman Morty Glasier, who had racked up 11 straight victories in sabre division, was busy with his Civil Service exam. and was unable to attend the meet.

The Beavers started off fast, winning ten out of the first 11 bouts, and 14 out of the first 18, to put the contest on ice. They won the foil, sabre and epee events by scores of 6-3, 5-4 and 6-3 respectively.

Morty Glasier, Joel Wolfe and Jonas Ulenas of City all came through with a perfect afternoon, each taking two events while losing none. In the foil division Glasier out-dueled Joel Prostik and Jack Berger while Wolfe battled himself by beating Berger and Al Kaplan.

Ulenas defeated Jack Gerstenfeld and Bob Rothman to lead the way for City in the epee events.

Subman Manny Feinberg came out the best of the City Collegers, winding up with a 2-1 mark. He lost his matches against Arnie Asrelsky and Lonnie Schneider but lost to Morty Glasier.

**Basketball Bits**

By Ralph Sobovinsky

Richie Garber, recently expelled from the basketball varsity because of his academic ineligibility, has only himself to blame for the forfeit reversal of City's record-breaking victory against Upsala. Anyone who is on probation knows about it. There isn't any other way.

I wonder whether he considered the team's chances for winning, then the team would do better, due to experience gained since then.

against the Beavers in their previous encounter, has been leading his team with an 18-point average, scoring a high of 31 points against Pratt, the first game of the season. Base and Saldinger were the other high-scorers in the Queens-City game scoring 16 and 15 points respectively.

Sid Levy, of City, will have to go a long way to reproduce his scoring figures against the Queens outfit. In the pre-meeting, he scored nine field goals and eight free throws for 26 points while dominating the boards for the Beavers.

George Jensen also had a hot night for the sidebar winning 18 points.

Ralph Schefflin, who scored seven points in the last Queen's encounter, is expected to do better Friday, due to experience gained since then.

Marv Rose, who by the way, has really been blossoming for the Downtown varsity this season.
