Fifth Amendment Debated; Mayers Proposes Revision

"The privilege of invoking the Fifth Amendment has been a protection to the innocent, but has been a tangle to the guilty. It is a serious obstruction in bringing guilty persons to justice," stated by Acting President's statement.

"The controversy over President Bygg G. Gallagher's decision to continue suspension of the editors of the Campus newspaper has been discussed by the editors and the President. In his April 16th, President Gallagher, in rejecting the editors' appeal of Dean Daniel F. Brophy's (Student Life) decision, cited the "April Fool's" issue of "The Campus" as displaying "not merely isolated instances but a pervasive pattern of obscenity, lasciviousness, pornography and indecency as well as lack of adherence to the Code of Student Publications." Doctor Gallagher felt that his decision was justified by the fact that the editors had not cooperated in the investigation of the case.

ICB Motion Ruled Out By Council President

The semestral controversy between Student Council and Inter-Club Board flare uped with renewed heat at the Council's regular meeting, Friday evening. The spark that ignited the renewed motion was a motion in the ICB minutes which stated: "Inter-Club Board shall express its opposition to the 'Elliis Amendment' and use all its means at its disposal to defeat the said referendum. The 'Elliis Amendment' which has been placed on the agenda at the forthcoming School-wide elections last two days and was culminated with the upholding of the President's ruling by a vote of 15-10-2.

"After the vote Mann reminded the Council that the Board itself could not campaign against the amendment, individuals and clubs might."

"Steve Mann, president of Student Council moderated the debate."

Statement of Five Editors Suspended Until Next Term

The following is the text of a statement by five suspended editors of the City College campus newspaper, "The Ticker." They have been suspended until the end of the current term.

To the students of City College, the press, and those concerned with the problem of press censorship, this statement is made.

The suspension of five editors of the "The Ticker" is the boiling-point of a situation which has been simmering for some time. The suspension was the result of an erratically conducted disciplinary hearing which was filled with procedures so unfair as to be dangerous to the function of a democratic free-press newspaper.

This statement is therefore made

"THE NEW LOOK"
Polansky New Hoop Coach; BHE Grants Holman Leave

The long-awaited but not unexpected appointment of Dave Polansky to the position of varsity basketball coach was made Wednesday, shortly after the Board of Higher Education gave final approval to Professor Nat Holman's request for a one-year sabbatical. Polansky, who has served as freshman basketball mentor since 1954, will head the varsity squad only throughout the duration of Holman's leave. The leave is scheduled to last from September 1, 1956, to August 31, 1957.

Dr. Hyman Krakower, chairman of the Hygiene Department, said that "in all likelihood" George Wolfe, coach of the Burch School basketball team, will take over as freshman coach. No successor to Wolfe's position has yet been named.

Commenting on the appointment, Polansky said: "I like to coach, and I'm happy about the assignment. I think I'll enjoy it!"

Polansky is no newcomer to varsity regrets. He assumed the reins of the varsity team back in the '52-'53 and '53-'54 seasons. Professor Holman was being tried for "conduct unbecoming a varsity coach." During that stretch, Polansky's group was twenty thirty-four games, posting records of 10-6 and 10-8, successively.

Polansky has been part of the athletic picture at the College for the past eighteen years. While an undergraduate, from 1938-42, he played three years on the varsity basketball, ran for the track team, and was captain of the intercollegiate squad.

Upon graduation, he served for one season as coach of the track-
