Dr. Emanuel Saxe has Varied Interests

Dean Saxe has a wide range of interests in science and math. He is an active member of the Bronx YM-YWHA and a former member of the City College's insurance and accounting department. He is also a member of several professional organizations, including the American Institute of Certified Public Accountants (CPA) and the New York State Society of Certified Public Accountants (NYSSCPA). Saxe's varied interests include mathematics, science, and business administration.

Tunick Gets Top Accounting Post

Professor Stanley B. Tunick is the new chairman of the Baruch School's Department of Accounting, succeeding Professor Emanuel Saxe, who relinquished the post in September, to become dean of the Baruch School. Professor Tunick's appointment was announced by City College President Dr. Beul G. Gallagher early in June.

After taking office, Professor Tunick told THE TICKER that he feels the long association with the College has given him an awareness of student problems and attitudes, and that he wants students to feel "free at any time to come to his office to discuss any problems they might have."

Dr. Stanely B. Tunick

Saxe Assumes Dean's Position

Dr. Emanuel Saxe assumed the position of Dean of the Baruch School on September 1, succeeding Acting Dean Lewis Mayers, who will remain chairman of the CPA firm of Tunick & Phillips. Saxe was appointed in 1948 and was elevated to full professorship in 1951. Professor Saxe was graduated from New York University in 1923. In 1948, he obtained his Master's degree in Business Administration at the College in 1938. He was subsequently awarded the LLB from St. Lawrence University, and his Ph.D. from New York University in 1958.

Saxe has been active in many professional organizations, including the American Institute of Certified Public Accountants and the CPA Board. He is a member of several professional associations and is a past president of the CPA Board.

Touched by Couple's Plight, Lehman Brings Lis Together

Blissfully married young couple, Dr. and Mrs. Li, were reunited on Sept. 18, 1956. In a personal and atmosphere gesture, Ms. Herbert Lehman, chairman of the Board of Trustees of the City University of New York, brought the couple together, stating "The breakup of a good marriage is just as particularly delightful to discover that it does not end there. In order to keep a marriage, the parties must have an agreement, a common ground, a common purpose, and a common goal. If these are not present, the marriage will not last long."

It seems that the couple, Dr. and Mrs. Li, had been separated for some time. However, they had remained in touch and kept in touch. They were reunified in the presence of Senator Herbert Lehman, who played a key role in bringing the couple together. Lehman gave them his blessings and expressed his hope that they would continue to live together joyfully.

The couple had been married for four years and had two children. They had been living apart for some time, but had maintained a close relationship. Lehman's intervention helped them reunite and bring their marriage back to life.

Touched by Couple's Plight, Lehman Brings Lis Together

BRUNELLE: Dr. and Mrs. Li with Senator Herbert Lehman. Senator Lehman was instrumental in bringing the couple together.

Touched by Couple's Plight, Lehman Brings Lis Together

Mysterious Mr. "X" Might Be Martian or Magician

Out of nowhere, a mysterious figure, Mr. "X," has been spotted on the campus. No one knows who he is or where he came from. He seems to be a student, but his past is a mystery.

He has been seen walking alone on the campus, wearing a trench coat and a fedora. When people try to catch up with him, he disappears into thin air. His movements are so quick and unpredictable that no one can keep track of him.

Some believe he might be a Martian, while others think he could be a magician. The truth is, no one knows. He has left many people wondering and speculating about his identity.

Raise Requirements For Honor Awards

Changes have been made in the requirements needed to graduate with a cum laude, magna cum laude, or summa cum laude degree at Baruch College. In order to qualify for these honors, students must meet the following minimum requirements:

A. A student must have at least a 3.25 grade point average in all courses counted toward the major field.
B. A student must have at least a 3.55 grade point average in all courses counted toward the major field and no grade lower than a B+ is counted toward the major field.
C. A student must have at least 120 credits with no grade below D.

The former requirements were as follows:

A. A student must have at least a 3.0 grade point average in all courses counted toward the major field.
B. A student must have at least 120 credits, with no grade below C.
C. A student must have at least 60 per cent of all credits, with no grade below D.

The reason for raising the requirements was to make the honors more meaningful and to recognize the academic excellence of those students who achieve them.

For the magna cum laude degree, the new requirements are that the student must have at least a 3.55 grade point average in all courses counted toward the major field and no grade lower than a B+ is counted toward the major field. For the summa cum laude degree, the student must have at least a 3.85 grade point average in all courses counted toward the major field and no grade lower than a B+ is counted toward the major field.

For the various graduating grades B, and thirdly, standards of the various graduating grades B, secondly, for those eat of all credits, with no grade below D.

The former requirements were as follows:

A. A student must have at least a 3.0 grade point average in all courses counted toward the major field.
B. A student must have at least 120 credits, with no grade below C.
C. A student must have at least 60 per cent of all credits, with no grade below D.

For the summa cum laude degree, the student must have at least a 3.85 grade point average in all courses counted toward the major field and no grade lower than a B+ is counted toward the major field.

For Honor Awards

These changes will go into effect immediately.

Yon! THE TICKER is now accepting submission of all staff news, features and stories for the next semester.

Tunick, a distinguished baron, former vice-president of the American Accounting Association, and in particular a member of the Association, the American Accounting Association.

His military service is commen- tary on the need for the new programs and new curriculum, which gives a total of 134.24 per cent. His efforts were rewarded when he received a prize in the 1956 American Accounting Association.

Stern Named New Director of Lounges

For the summa cum laude degree, the new requirements are that the student must have at least a 3.85 grade point average in all courses counted toward the major field and no grade lower than a B+ is counted toward the major field. For the magna cum laude degree, the student must have at least a 3.55 grade point average in all courses counted toward the major field and no grade lower than a B+ is counted toward the major field.

Stern Named New Director for Lounges

The City College Common has been impressed with new Director of Lounges, Mr. Henry Stern, who was formerly associated with the Organization Department.

Mr. Stern has been active in the Department of the Organization Department, and was awarded the American Service Medal by the American Alumni Association.

Professor Tzuck is a member of the Baruch Alumni. He is the father of Mr. George Zuck, a Big East Conference basketball coach in Pennsylvania.

Lucia to Coach Olympians; Needs Money for Voyage

The United States Olympic Fencing Committee has named City College fencing coach, Edward F. Lucia as the Alternate U. S. Olympic Fencing Coach, Jose de Capriles, president of the Amateur Fencers League announced.

The selection of Lucia marked the first time that a native-born American has been selected for this position. It is also the first time that a City College coach has been granted such an honor.

Lucia is one of the two senior coaches picked for the team. The other is Lajos Csizar, present coach of the University of Pennsylvania fencing squad and former coach of the Hungarian Olympic team.

The team (with six Lavendar duelers—see story elsewhere) has been practising since the selections were made in late June.

The foil and epee teams practice every Monday evening at the New York Fencer's Club, while the saber team practices Friday evenings at the Salle Santelli Fencing Club.

The Santelli Club awarded Lucia a plaque "on the occasion of his first appointment as Alternate U.S. Olympic Coach."

At the present moment, however, Lucia does not know whether or not he will be able to make the trip to Melbourne, Australia, site of the 1956 Olympic Games. Approximately $1300 is needed to make the trip, and Lucia doesn't have it.

Ordinarily, the United States Olympic Committee pays all expenses for the trip. This year, de Capriles, president of the A.F.L., decided to make the trip and the Olympic Committee decided to pay all his expenses.

They felt his knowledge of fencing would enable him to add an American flavor to the program, should he be selected.

That left one all-expense trip for the alternate coach and a "green team," he says.

Since Csizar is older than Lucia, Lucia is the chosen one.

Wolfe, Coach of Baruch HoopSOppers, Will Also Direct City Frost Attack

Professor Hyman Krakower, Chairman of the College's Hygiene Department, has announced that George "Red" Wolfe will take over the reigns as Coach of the freshman basketball team. In addition, Wolfe will coach the Baruch basketball team, thereby dispelling all thoughts and rumors about the dropping of the downtown squad.

As freshman basketball coach, Wolfe succeeds Dave Polansky who resigns because of the necessity when Nat Holman applied for and received a sabbatical leave. Holman is scheduled to return next semester.

The decision to keep Wolfe as coach of the Baruch team came as a surprise to most opponents. It was made Monday by Krakower.

Wolfe is a former professional basketball player and former coach of City's soccer team. Wolfe will be assisted by his teaching Up-town and expects to coach the Baruchians one afternoon a week.

The rest of the practice sessions will be conducted by the captain of the Downtown team.

Wolfe, however, plans to be in attendance at every game. He and the Hygiene Department are working on a schedule which will permit him to be present at the freshman games and at all Baruch School contests.

Practice for the freshman team begins October 15, which will give Wolfe considerable time to mold a team for the December 1 opener against Hunter College at the latter's court.

The freshman team will play preliminary games before all varsity contests. The games are expected to begin at approximately 6:30.

Student Wins Swim Events

Joe White, a third year City College engineering student, flashed to a double win in the Brooklyn finals of the Miezeri Park Department city-wide swimming tournament last summer. It was one of the fifty mete backstroke and the one hundred yard freestyle in 3:06.4 and 1:46.2 seconds respectively.

Karlinmen Prepare to Defend Met Collegiate Soccer Crown

By Arthur Goldberg

The comparatively green City College soccer team, trying for the first time to qualify for a Metropolitan Soccer League Championship, and its fifth in six years, will open the 1956 season against the Kings Point Merchant Marine, September 29.

Only five of the twenty-two to twenty-four man team are veterans. Among those men are the co-captains, Wolfgang Wooll and Bob Lemestre, Wool, second scoring last year to Johnny Kochtanzanlou, will be a key man in City's attack this season. Lemestre was, and probably will, be one of the Beaver's defensive mainstay.

McElrath for "Kouts?"

One of the promising rookies in Baruch team is Charlie Thorne, who played freshman basketball last semester.

Besides the co-captains, Koval, Massimobich, Fred Munters and

City Alumni In Olympic

The United States Olympic Committee has five former City College stars on the U.S. Olympic fencing team for 1952. In addition to Edward Lucia, two other Lavendar swordsmen have been named to the team.

One is an entering freshman while the other is City foe-coach Edward Wolfe.

Selected for the foil team are Dr. Dan Bukantz, Nat Loeber, Albert Ascher and Nat Goldstein, also of the 1952 Olympic team. Arthur Cohen was named to the epee and sabel.

Sewell Shins, entering this school this term after a year of duty with the U. S. Navy was selected for the epees and sabels. In 1954, Sewell placed third in the National Championship and has been a national foil Champion for years in a row. Sewell is a sonal pupil of Lucia.

Lucia Outlines Plans

During the time Lucia will be away in Melbourne, the Alumni association will handle plans for his number man in each division to act as coach in his absence.

Wolfe, Morty Glander and Mills will be the three counted upon for aid.

Ticker Inaugurates Drive To Finance Lucia's Trip

The Ticker, the Baruch School's Day Session newspaper, is undertaking a drive to raise money to send Edward Lucia, City College fencing coach, to Melbourne, Australia, for the 1956 Olympic games.

Lucia was recently named Alternate U.S. Olympic Fencing Coach but does not know whether or not he will be able to make the trip because of financial difficulties.

Approximately $1500 is needed for the trip and the cost of it would be Down Under. Lucia also could receive no pay from the College because he is a substitute and has no tenure.

THE TICKER, without the financial backing of the College, is initiating a drive to raise funds to send the fencing coach to Melbourne. All those wishing to contribute should see Richard Kwartler, editor-in-chief or Stewart Rampelshunder, sports editor, any day in the newspaper's office, 911 B. All money collected will be given to the Lucia Olympic Fund at the University Center. Receipts will be given to all those contributing.

The Varius Alumni Association, the Alumni Association and the College and the faculty are also asked to contribute. The drive will begin Friday and last for four days. An Uptown rally will be held Friday night and solicitation for two days. So Observers Post and campus will be on the alert.

Efforts are also under way to get the Varus Alumni Association to sponsor fund-raising.
