Gallagher to Speak At Fall Convocation

City College President Buell G. Gallagher will deliver the principal address at the Baruch School's annual Fall Convocation, Tuesday, October 16 in Pauline Edwards Theater. Other speakers will include Dean of the Baruch School Emanuel Saxe and Harvey Isaac, president of Student Council.

The first official Fall Convocation was initiated in 1954 with the appearance of Mrs. Eleanor Roosevelt.

In the Fall of 1955, a similar ceremony celebrated the renaming of the Downtown Center in honor of Bernard M. Baruch, graduate of the Class of '06. At the dedication ceremonies, ex-Chairman of the Board of General Managers and President of the Board of Governors, P. Sloan, Jr. spoke on "The Importance of Knowledge." A bronze plaque bearing the new name of the school was unveiled. The plaque is presently displayed on the front of the building at 23 East 43rd Street.

Prominent Speakers

The Convocation ceremony also serves to bring the student body and members of the faculty together to hear officials from the college and other outstanding citizens of the civic, educational and national communities discuss issues pertinent to the students.

In subsequent ceremonies, other well-known citizens such as Police Commissioner Stephen P. Kennedy and Deputy Mayor John J. Theobald delivered major addresses.

Also included on the program of the convocation ceremony are the announcements of the recipients of Fall and Second Year Honors.

Professor Edwin Hill, of the Mathematics Department, the grand marshal of the ceremony, has announced that "huts" — classes of students — will be rearranged to accommodate the time of the fete, 10:00-11:30.

The schedule of classes for Convocation Day will be printed in the week's issue of THE TICKET.

Teaching Load Object of Study

President Buell G. Gallagher presented at a press conference yesterday that a study is now being conducted to determine whether the teaching load at the City College of New York and the Community colleges, City, Borough and Special, will be reduced from fifteen to twelve hours.

The study is being conducted by a committee of the Board of Higher Education appointed last spring.

"If, for instance, our teaching load is reduced by fifteen to twelve hours, we would like to see such a change reflected in the fact that he has been apprehended as a "false campaign" along these lines.

The Baruch School's lobby at 11:50 Friday morning, the Baruch School. The two students who were present were looking for their friends, who had promised to meet them there. They were on their way to a meeting of theBaruch School's Students' Council, which was scheduled to start at noon. The students were wearing the customary black suits and ties, and they were carrying their books and notebooks. They were talking about the meeting and the issues that would be discussed during the meeting. Suddenly, they heard a loud noise coming from the lobby. They looked around and saw a group of students running towards them. The group was led by a man who was shouting something at the top of his voice. The students were confused and asked what was happening. The man explained that there was a fire alarm, and they were being evacuated from the building. The students were shocked and started to panic. They tried to get out of the building as quickly as possible, but they were stopped by the police who were controlling the evacuation. The students were then taken to another building where they were kept for a while until the building was declared safe. The evacuation was a reminder of the importance of being prepared for such situations. The students were grateful for the prompt action of the police and the staff of the Baruch School, who were quick to respond to the emergency. The students promised to be more careful in the future and to always be prepared for such situations.
The City College soccer team chalked up its second victory of the season, Saturday, at Lewiston Stadium, when it defeated a spirited Long Island University team, 6-1. One hundred fans watched the fast-moving game in which Billy Sund, Novak Masonovich and Wolfgang Wостl each tallied twice.

The game, LIU’s first in the Metropolitan League, showed the Blackbirds to be “a hustling, aggressive club,” according to City coach Harry Karlin.

In the first quarter, LIU showed no speed and aggressiveness, almost immediately. The Lavender, not adverse to the fast pace, maintained it, and by the end of the quarter had the situation well in hand.

What looked like a scoreless quarter, due to both teams shooting from too far away, City’s defense, and the Blackbirds’ Gary Rechel’s perfect coverage of the goal, was broken by Novak Masonovich at 1:15, when he scored on a penalty shot for the Beavers’ first goal.

Wostl, assisted by Novak and Danny McClairin, scored the Lavender’s second goal one minute later.

At the start of the second quarter, City took possession of the ball, and Billy Sund, assisted by Wостl, cranked through the Blackbirds and scored at 1:45 mark. Novak followed five minutes later to score City’s fourth goal. LIU’s bid for a goal was knocked aside again and again, but couldn’t score.

Finally, Butch Novak, who played inside left, scored after drawing Rechel and Charlie Tournas out of the game.

In the second half, the Blackbirds, with one goal under its belt, tried to close the gap.

Father, trying to keep the Long Islanders from scoring, accidentally kicked in the nose. Marty Doherty replaced him in the net.

Sund scored his second goal at 8:25 mark, assisted by Novak. Wостl scored his second goal of the game at 12:45, unassisted.

In the fourth quarter, Coach Karlin continued his policy of manipulating all the way around,” by substituting one wing, and then reversing it the other. City maintained possession most of the quarter, and permitted its further scoring by the opposition.
