Polansky Raps Officiating; Will Send Letter to NCAA

EMMITSBURG, Maryland, March 4.—Dave Polansky, City coach, a man who rarely gets riled in a game, said that he will write to the NCAA about the officiating at the game. Polansky, speaking in anger, said that one of the officials, Frank Tannyhill, "loaned over backward to help them." Polansky added that he was "bitterly disappointed" but wouldn't put himself on the record as saying "Tannyhill has called the dishonest game." However, Polansky praised the other official, a member of the news staff, Jim Phelan. Mount St. Mary's coach, said he was "real happy" at his team's victory. "The partisan crowd cheered for our staff," added Phelan. "We have been close to the newspaper ever since the beginning of the game."

After announcing Wednesday to cease publication was made. Plans for reallocation of space throughout the Baruch School have already begun to materialize. Student Councils at both levels were founded February 27, 1947 by veterans who felt that OP did not have enough space. The 45 Club bus had its troubles, the Baruch School council had its troubles—the Baruch School council had its troubles. The partisan crowd cheered for the Beechwood School. The vice-president of the Democratic National Committee has been enthusiastic in his attacks on Tammanyism. He said that he was preparing an article entitled "Corrupt Tammany." It was something like the title of a novel he had read, "The Last Days of the Mafia." He said that he would make a great book about Tammanyism.

The New York State Democratic Committee is planning to hold a conference next week to discuss the Tammany problem. The meeting will be held on Friday afternoon at the headquarters of the Democratic State Committee.
