Baruch Ball at Commodore Stars Rodriguez, Butterfield

By Richard Gurian

The Third Annual Baruch Ball will take place in the Grand Ballroom of the Hotel Commodore, Friday, April 12, at 8:30.

Tickets for the affair, priced at $3 for men and $5 per couple, are available from all students wearing pins advertising the "Holiday Hop," and at the ninth floor booth. The student salesmen will help with seating arrangements for those who wish to attend in groups.

Continuous music will be provided by two name bands: Tito Rodriguez, specializing in Latin-American rhythms, and Billy Butterfield, a top dance band and jazz band. Appearing with Butterfield is vocalist Miss Dotty Dare.

Ten-Piece Band

Rodriguez, born in Puerto Rico, has had a ten-piece orchestra for six years. He has won a number of awards, including a presentation for the outstanding Latin-American music program. Before he launched his own combine, he appeared as a vocalist with the Latin-American music group, "Emig-Madriguera." Rodriguez records for RCA Victor.

College Circuit

Trumpeter Butterfield has appeared at many colleges and universities throughout the country, among them Yale, Cornell, Princeton, Pennsylvania, Queens, and New York University.

Among his other engagements, he has been heard by the students of Queens College, at the Astoria, Sheraton-Astor, Park-Sheraton, and Astor Hotels, and at the Bank of New York. Butterfield has also recorded albums for Decca and Capitol. "His five latest Decca albums have been recorded playing Latin-American music, and this is the fiftieth concert given at leading colleges last year." Baruch Ball was held at the Statler Hotel.

Becker Letter to SC Apologizes for Error

Inter-Club Board Chairman Bob Becker issued an apology to Student Council Friday evening in a compromise move for an opinion of Becker's motion.

The compromise motion, presented by Larry Schiff of Lower 93, "condemned" the actions of Becker in buying a gavel from ICBS out of "student funds," contrary to a motion passed last semester prohibiting this action.

Becker, in defense, claimed he did not know that the motion prohibited expenditures from "student funds"; he thought it pertained to "student fees."

In buying the gavel, a moneys in a student account, central services, which does not keep student fees as its source of income, Becker said that he believed that he was following the wording of the motion.

After a prolonged debate in which efforts were made to soften the contents of the condemnation motion, Schiff, agreed to accept an apology from Becker in which he acknowledged that he was mistaken.

In other actions, the Council voted to send a letter to Mount St. Mary's College in Emmitsburg, Maryland. City College's National College Athletic Association tournament opponent, expressing dissatisfaction with the alleged anti-semitic remarks at the March 4 game.

The Council also voted to put on referendum in the next election a proposal to eliminate the intramural schedule days, as well as continue the present two-hour Thursday break.

Social Events:

Dances, Hayride Slated by Classes

The Class of '57 has selected three major social events for the semester. The first affair is the annual Moonlight Cruise, May 8. The cost will be $3 per couple and will have two bands, one Spanish and one American.

The Upper Seniors will also have a Farewell Ball in the Cafe Courser of the Hotel Statler, May 19. The La Playa Sextet and the Radio Orchestra will play Latin-American and American dance music, respectively.

A final event for the Senior Class is the annual Numerals Lights Ball for June 11, the day before the commencement, at the Belmount-Plaza Hotel. The Class Up town, free to all class card holders and $4 for non-class card holders.

The Junior Class is planning the Frosh hayride and hayride, which will be held at the Park-Sheraton Hotel.

College Plans FM Station

The President's Committee on the establishment of a FM Station has submitted to President Gallagher a report which states that the introduction of courses in broadcasting and creation of an FM station at the College would be technologically feasible and economically sound.

The report will be submitted first to the School of Liberal Arts and Sciences for consideration by the faculty and then to the Board of Higher Education. If it is approved by both, it is conceivable that the station would be in operation by January 1958.

It is estimated that the project would require an original expenditure of $5000 and $5000 annually would be needed to continue operation.

The committee, headed by Professor Marshall Berger of the Speech Department, met for two months and consulted with many prominent people in the communications field.

The station, if finalized, will be placed under the jurisdiction of the Department of Speech.

Courses in radio would then be offered as part of the regular curriculum of that department.

Economics Professor Calls Collectivist Charge Absurd

In reply to charges by an economics professor that "collectivists" were "abused" because they are impossible to discover what the charges really mean.

The accusers were buried March 2 by Richard O'Malley at an educational conference sponsored by AWARE. Incorporated, a private organization evening session student that the Economics Department is under the control of "collectivists," a spokesman for the Department Uptown said, March 4, that the statements were not based on fact and devoted to fighting communism in entertainment, communications, and the fine arts.

"The student obviously has no facts or else he would have given them," Professor Edwin Reubens of the Economics Department pointed out. "Moreover, the very fact that he felt free to speak as he did is in itself the most telling refutation of his allegations that there is (Continued on Page 3)
Letters To The Editor

To the Editor of THE TICKER:

I am disturbed by the recent decision of the Student Senate to restrict the use of the term "killer" in the classroom. This decision is a violation of academic freedom and a threat to the free exchange of ideas.

The senator who introduced the motion, John Smith, said that the use of the term "killer" is disrespectful and offensive. I find this argument to be specious and misguided. The word "killer" is a common term used in the sciences to describe a-factor that is harmful to an organism. It is a scientific term with a long history and a specific meaning.

It is important to recognize that academic freedom is a fundamental principle of American education. It is essential to the pursuit of truth and the advancement of knowledge. The use of the term "killer" in the classroom is a matter of academic freedom and should not be restricted by a majority vote of the Student Senate.

I urge all students to speak out against this decision and to support academic freedom. The use of the term "killer" is an accepted and necessary part of scientific discourse, and it should not be restricted by political correctness.

Sincerely,

Scholarships, Prizes Available to Students

Many scholarships and prizes are offered by outside organizations and groups to support students in their studies. These opportunities can provide financial assistance and recognition for academic achievements.

In order to be considered for scholarships and prizes, students must typically submit an application. It is important to read the eligibility requirements and deadlines carefully. Students may also seek guidance from their academic advisors or financial aid offices.

School's Fraternities Plan Active Programs

The following fraternities are planning active programs:

- Phi Alpha Delta: will sponsor a debate on current legal issues.
- Sigma Alpha Epsilon: will host a guest speaker on business ethics.
- Pi Kappa Alpha: will organize a charity drive.

In addition, the Phi Delta Theta fraternity is planning a social event to celebrate the spring semester.

'Big' Corner Shooter Needed To Fill Shoes of Graduates

By Lou Pohoryles

If the City College basketball team can come up with another Marv Rose next year, it may well surpass this season's 11-8 record, its best since the 1950-1 season. The big gap on the prospective team for next term appears to be the lack of an all-important third rebounder who can play outside and shoot from the corners.

Although the Beavers lose five of their first eight men via graduation when Syd Levy, Ralph Schefflan, Rose, Jim Mazzaferro and Bill Lewis receive their diplomas in June, they will still have a fine nucleus remaining with which to build a team. Joe Bennardo, 5-8, who could turn out to be one of the finest little men in the city and rugged, 6-5 Bob Silver are the returning starters. Hector Lewis, the 6-5 jumping jack from the West Indies, is the only other sure starter for next year.

Silver and Lewis will provide the Beavers with strong board play, inside scoring power and excellent defense. Bennardo, a brainy quarterback-type ballplayer, will furnish the team with fine outside shooting, good drive and ballhawking skill.

The other backcourt slot will present no problem. Stan Friedtournapient, March 29 and 30 in Pittsburgh.

Lewis Shows Ability As Violets Trip City

A new star may have been born in the City College basketball sky. Tuesday night, Hector Lewis, the 6-5 British Guianan, played what many observers considered to be his best game of the season against New York University, at the Fordham gym.

Although the Beavers lost, 53-48, Lewis and Bob Silver combined to hold Violet high scorer Cal Ramsey to five points. Lewis, with two years of eligibility left, scored ten points and played a good defensive game. He was out of action earlier this season with a bad ankle. In the last few games, with Marv Rose in poor condition, Lewis has seen a good deal of action. He has come along steadily and Tuesday he reached his peak.

The other backcourt slot will present no problem. Stan Friedtournapient, March 29 and 30 in Pittsburgh.

The Intra-Mural Board tournament continues Thursday for 12-2 in Hansen Hall. The tourney has passed the opening stage and is now in the quarter-stage.

The City fencing team, led by Joel Wolfe, foil, with a three-five record, journeys to the Concourse Hotel Saturday to take part in the Inter College Fencing Association tournament.

SHEILA, MONIQUE, and YOU! They were MARDI GRAS QUEENS This year it can be you! HERE'S YOUR CHANCE FOR:

- FUN
- FREE GIFTS
- PHOTOS IN NEWSPAPERS
- A T.V. APPEARANCE

The finalists will be chosen at House Plan's "MARDI GRAS QUEEN DANCE" Friday April 5th. The Queen will be crowned at the gala Mardi Gras, May 11
