**First Lady’ Cites Russian Advances**

"When you look at the Soviet Union today, you can’t judge how you were living in 1920," said Mrs. Franklin Delano Roosevelt told more than 500 Baruch school students Thursday. She spoke in Pauline Edwards Hall, members of the Phi Epsilon Pi fraternity.

"One must direct himself of the way he would think about things as an American citizen if there were a Soviet citizen," she added.

The "First Lady" said that people "the whole, things are much better today than they were 40 years ago." The people in the Soviet Union now have a new concept of security. "Jobs are protected for everyone in the state," she said, "and there are no limits imposed on people and their rights."

"Advertising is better in the Soviet Union than in this country," she said during her speech. "In the Soviet Union, people are free to inquire."

"In Russia, Mrs. Roosevelt reported, education and medical care are free. However, everyone must have an education whether they like it or not."

**Gallagher Reveals Fight For Rescinding of Ban On Speakers at College**

City College President Buell G. Gallagher revealed that he had been working since March to rescind a ruling, barring Smith Act violators from speaking on municipal college campuses. He reported that he had been unsuccessful.

Dr. Gallagher made his remarks in light of campus reaction to the banning of Elizabeth Gurley Flynn, People’s Rights Party candidate for City Council.

A ruling in March by the Administrative Council, composed of the four college presidents, banned all people convicted for violating the Smith Act from speaking on college campuses.

Miss Flynn has served a three-year jail sentence for conspiring to accept money from the United States Government.

Dr. Gallagher said "I sympathize with the reaction on campus. This is not a matter in which I have any discretion."

President Gallagher remarked that he had been trying to rescind the Smith Act ruling since it was instituted in March. The President brought the matter to the attention of the Administrative Council which referred it to the City College Administrative Committee. The Administrative Committee makes recommendations to the Board of Higher Education in all matters affecting the College.

October 21, the President said, "the Administrative Council and the AAUP has voted to turn down his request. He stated "I can not single-handedly change the ruling without the consent of the Board and the General Faculty." (Continued on Page 2)

**Gallagher Opposes Lists Against Anti-Bias Bill Petition**

The College’s Uptown chapter of the AAUP opposes the new anti-bias bill now being considered by the Board of Higher Education.

The motion was made by SC Corresponding Secretary Larry Schiff. It would have enabled the originators of the anti-bias bill to circulate the petition.

A ruling made in 1954 by the Board of Higher Education requires all campus organizations to submit a list of at least 12 members.

The AAUP said that the existence of permanent member restrictions on student organizations tends to restrict student participation in extra-curricular activities.

The names of the members of the organization, the AAUP said, should not, without the consent of the individuals involved, be disclosed to non-College personnel. College personnel having no legitimate interest in the names.

Several student organizations have left campus Uptown because of the compulsory list rule.

**SC Refuses to Lend Name**

**To Anti-Bias Bill Petition**

Student Council voted Friday evening not to lend its name to a petition favoring the principles of the Brown-Sharkey-Issacs anti-discrimination in private housing bill.

The motion was made by SC Corresponding Secretary Larry Schiff. It would have enabled the originators of the anti-bias bill to circulate the petition.

The Faculty Committee on Student Activities ruled Tuesday that a petition must have an organization’s name on it and approval of the faculty advisor before it may be circulated among the student body.

Schiff said Monday that the petition will be circulated in School beginning today. He asserted that an organization had agreed to lend its name to the petition.

"In other actions, the Council mandated its president to present a motion to PCSA to change its rules to allow individuals to have the right to petition."

Council voted to send letters to City College President Buell G. Gallagher, the Board of Higher Education and the Administrative Council of Presidents expressing its disapproval of the ban on speakers convicted under the Smith Act.

A motion by Syd Traum ’58 to place on referendum the question of whether or not the stand taken by SC in March expressing its disapproval of the ban on speakers convicted under the Smith Act.

The motion was subseqently passed.

Beavers Rip Owls; Minnerop Boots 4

Completely outplaying its opponent, the City College soccer team turned an "iron-man" Temple University squad to cardboard as it ran its regular-season undefeated string to 11-0-0 Saturday at Lewisohn Stadium.

Heinz Minnerop led the attack for the Owls, as he tallied four goals for the second time this season. Defenseman Johnny Parnos contributed two goals to the barrage.

The Lavender stands quickly. At the minute mark, David Schlissel took a pass from Parnos and bowed the ball to Billy Sund, who rammed the ball into the net.

At 1:50, Minnerop scored his first goal. Three minutes later, the sophomore scored again, this time after taking a rebound of Mario Wachter's shot.

After taking a corner kick from Sund, Parnos scored his first goal as he headed the ball into the nets at three minutes of the second quarter. His second tally came from a penalty shot in the third quarter.

Owl goalie Walt Manning made eight saves in the second half.

Beaver goalie Leonard Manfredi made only six saves during the entire game.

Wednesday, the City-dominated Hunter College, 4-0, at the Innesk field, clinched a tie for the Eastern Division championship in the Metropolitan Soccer League.

Schiissel led the scoring with two goals, Minnerop and Wachter tallied for the remaining scores. The game was marked by inaccurate passing and shooting, but the Bourboni were unable to get a scoring drive going.
