Legislature Passes Bill To Curb Accountants
By Bruce Markens
A bill to restrict the accounting profession exclusively to Certified Public Accountants has been passed by both the Assembly and Senate of the New York State Legislature.

The bill, according to Dr. Stanley R. Tenske, chairman of the Accounting Department, will provide for the registration of all accountants.

"Under the present laws, only Certified Public Accountants are subject to a 'code of ethics'" he said.

This, in effect, will allow only CPA's to practice the profession of accountancy.

In addition, the bill will permit non-CPA's to continue practice until their death, provided that they have begun their practice prior to July 1, 1958.

Favored by State Society
A spokesman for the New York State Society of CPA's stated: "The Society is definitely in favor of the bill's passage."

A representative for the Empire State Association of Certified Public Accountants declared: "As a sponsor of the original bill we are firmly in favor of the bill."

The bill, introduced January 13, has been amended since that time to satisfy Civil Service Commission objections on certification of Civil Service accountants.

State Legislature:
Bill to Open City Colleges Dies

By Ambassador

A bill to open the municipal colleges to non-New York City residents if state aid is granted died in committee as the State Legislature adjourned last week.

Senator Austin Irwin, chairman of the Senate Committee on Finance, said that "All funds have been appropriated this year" and the legislature is not ready to pass the bill in principle with funds to follow when they are available.

City College President Russell G. Cullsh, speaking Wednesday that efforts to get state aid for the city colleges will be renewed next year.

"Since the bill was not passed, City College will have to cut $20,000 from its budget. The College was ordered to take a 7% cut in its budget, as were the other city colleges, by Budget Director Abraham D. Brame, earlier this year."

However, if the bill were passed the budget would have been increased rather than decreased. Now a "required savings" line will be added to the budget requiring City College to cut the necessary total from its expenses by June, 1959, the end of the fiscal year.

The bill also provided for the waiving of the residence requirements, which limits matriculation to New York City students by the city colleges.

SC Hears Faculty views At Curriculum Conference

Eleven faculty members spoke on the courses offered by their departments and the relation of these courses to a school of business at a Curriculum Conference held Friday by Student Council.

The Conference was designed to give the Council information for its planned evaluation of the Baruch School curriculum. Representatives of all the School's departments were invited to present their views to the Council.

Three representatives of the Business Administration Department attended the meeting: Professors Hutley Madehein, William J. Fall and John W. Wills.

A new idea was referred to a recent article in the Ticker, which reported that most employers prefer liberal arts graduates. "There are also many fields in which practice is still limited to a college of business graduates," Dr. Shultz added.

Dr. Harry D. Gideonse, chairman of the City College of Business, pointed out the importance of the two basic business courses, Management 110 and Marketing 110. "In going through these two courses we cover every phase of business," he stated.

Professor Lewis Mayers spoke (Continued on Page 3)
Letters To The Editor

[The writer of this letter was prompted by the previous one, which discussed student participation in a recent play.]

To the Editor:

I was very interested in the letter from [previous writer] regarding the recent play at the arts college. As a student myself, I find it disturbing to hear that the production was not well received. As [previous writer] pointed out, it seems that the faculty advisors were not present and that the production was not taken seriously.

However, I believe that the students should take more initiative in these matters. It is up to them to communicate their concerns to the faculty and to work together to improve the quality of their productions. If the students were more involved, they might have had more influence over the outcome.

Sincerely,
[Your Name]
City Debut Ruined; Drops 8-2 Contest

NEW BRUNSWICK, N. J., April 1—A deluge of errors helped Rutgers University spoil the opener of City College's baseball team today, 8-2. The game was played in near-freezing temperatures and amidst gusty winds. The Scarlet Knights also unleashed a 15-hit barrage against three Lavender hurlers. However, it was the shoddy Beaver defense that opened the dikes for the Jerseyites.

Pitching the entire game for Rutgers was Paul Tooleman, a lanky right-hander. He scattered five hits and held the Beavers hitless during the last four innings. He fanned 11.

Starting for the Lavender was Stew Weiss, who was also the loser. He was followed by Nick Maso in the sixth inning and Mitch Streer who tossed the eighth.

The Knights opened quickly, getting a run in the first, another in the third and exploded for the fourth for three runs. The Beaver nine will try its season Wednesday against the old timers.

The Scarlet Knights also unleashed a 15-hit barrage against three Lavender hurlers. However, it was the shoddy Beaver defense that opened the dikes for the Jerseyites.

New words in the Fifth, centerfielder Bob Hopwood opened the fourth for three runs. The Beaver attack continually试卷 and exploded for the fourth for three runs. The Beaver attack continually试卷 and exploded for the fourth for three runs.

After that, a walk and two singles drove in three runs. The Beaver attack continually barged down after getting the first inning on base for what, in the fifth, first baseman Bob Juvelis walked, and John Whelan singled to center. However, Bob Dennis fanned out, and Tim Sullivan flew out and Tooleman fanned Nicholas to quiet the tide.

Stickmen Beat Alumni
In Season’s Initial Tilt

Using its youth to good advantage, the College's lacrosse team scored seven goals in the second half of Saturday's Alumni contest to down the old timers 12-2 at Lawrence Stadium. The encounter was the team's first outing of the season.

Faced by the six goals of Rosanie Rose, the Millermen were never behind the older, but nevertheless hard fighting, Alumni squad.

The first quarter was probably the most exciting of the game, as the oldtimers, not yet feeling their age, gave the younger Lavender stickmen a battle for the lead by scoring their only two tallies of the contest; the goals were made by Dr. Bernard Schonbaum and Merritt Nessin.

However, three goals scored by Rose in the initial period gave the varsity a 2-2 lead at quarter's end.

The second period saw the Alumni fight valiantly to prevent the varsity from turning the contest into a rout, but the best they could do was hold the Lavender to two goals while going scoreless themselves. The halftime score was 2-2.

Tired and weakened by their efforts during the first half, the Alumni fell completely apart in the second half and watched their younger rivals score seven times to put victory completely out of reach. The Beavers were led by Bob, who made three goals, and Johnny—Perpignan.

Lavender All-American collection, who tallied twice.
