Science Options Raised For New Fall Entrants

All students entering the Baruch School in September will be required to take two semesters of laboratory science, according to Dean Emanuel Saxe, announced last week. The announcement followed a meeting of the Baruch School Faculty on Wednesday, which approved the change.

- Students who studied Biology, Chemistry, or one of the three sciences will have one or two semesters of science, depending on whether they study in high school.

- Students who had one or two of the sciences will have one semester of science, depending on whether they study in high school.

- Students who had no science in high school will study for a second term of the science, not studied in high school.

The university said that the decision apparently rules out action on the plan for the Baruch School, and that the three are Economics, Government, and Psychology Departments.

On the other hand, the Faculty approved a change which replaces Government 2, Contemporary Issues of American Government, with a new course, Government 7, Democracy and Communism.

Dean Saxe also noted that the report of a new course in the undergrad curriculum is Management 409, Motor Carrier Management. It will offer two credits for two hours a week and cover all phases of the trucking industry.

Gallagher Gives Talk At Israeli University

By Bruce Markens

Speaking at the dedication ceremony of the Hebrew University in Jerusalem, Sunday, City College President Buell G. Gallagher spoke about freedom and integrity, and its relation to the University. His address covered "some of the fundamentals of intellectual life for the Free Arber School a larger annual budget and added prestige in having three more independent departments.

Saxe Requests Deferment Of Department Split Plan

Dean Emanuel Saxe announced Thursday that the proposal to separate three Baruch School departments from the Uptown counterparts has temporarily been postponed. The decision apparently rules out action on the plan for the Baruch School.

The three are Economics, Government and Psychology Departments. Of the "liberal arts" departments at the Baruch School, these are the only ones which offer a specialization.

Dr. Saxe said: "The proposal was temporarily tabled at the request of the students who have expressed opposition to any such action."

Sax's further stated that the procedure for any action of this type will involve studies by the Departmental Committee on which Dean Morton Gottschall is a member.

It is expected that if the split goes through, it will be a most unusual degree.

Gallagher said: "The whole of freedom—religious, intellectual, political, economic, forensic, literary, human, national—of freedom is indivisible. Freedom, if it be indivisible, provides the only secure basis on which free men can live in freedom and maintain mutual respect."

"No government, no political party, no pressure group of any kind, can be permitted to nullify itself into academic life. The people's right to know is the key to all our liberties, and this right to know carries with it the right to inquire freely and to teach without censorship or interference from outside the university," he said.

Continuing, President Gallagher declared: "Academic freedom also needs to be defended from within. Freedom can be lost by subversion just as readily as by intrusion. Therefore, integrity must be coupled with freedom. It is a battle to be won."

"Psychologists argue that integration and disintegration are polarities of human character; but integrity is something other than mere integration. Integrity assumes an inner core of the moral purpose which is inviolate. Integrity is the focal center to which all else refers. As nearly as there is an absolute in the definition of human character, the absence is that absolute."

"Perhaps this is the reason for the close link between the free university and the free society with its free nation," he observed.

"What man can feel himself inviolate when he is ordered about, commanded to believe what is unproven or contrary to truth, to hold his tongue in the presence of injustice?"

Harriman Acts:

Bill to Restrict Accountants Vetoes

A bill to restrict the accounting profession exclusively to Certified Public Accountants was vetoed last week by Governor Averell Harriman.

Harriman primarily objected to the fact that no public hearings were held on the bill. Without these hearings all objections were not adequately discussed, he said.

Harriman declared: "Many people are interested in this bill. They claim to be at a disadvantage which they cannot be adequately heard in the closing hours of the last day of the legislative session. No public hearing held with an opportunity for discussion by all concerned."

"It comes to me as a thirty-day bill, so that it is not possible to have the measure recalled for adequate hearing or for amendments that might possibly meet the objections that are raised."

Continuing, Harriman said: "It is unnecessary to review in detail the many arguments which are contained in this measure, nor many arguments that have been advanced for and against. It is sufficient to note that the controversy between the opponents of the measure, and the certified public accountants and others who favor the bill, is sharp and spirited to a most unusual degree."

"There is much to be said on the one hand for those who seek better regulation of a recognized profession and on the other hand for those who claim they are being unjustly excluded from the benefits which the bill provides." Harriman concluded his veto objections by saying: "This is important legislation. It requires a public hearing by the Legislature. No such hearing was held. Therefore, the bill is disapproved."

Use in a realistic way such four issues which came up before revealed both the Democratic and pass a bill state aid to college. Luca revealed his belief that educations. vote in Italian and Russian elec connections of all those who will work be returned no later than Fri Manhattan Assemblyman and Joseph Zeretsky, Queens — functions of the State Legisprices—.

— ATMOSPHERE — 

THE MENTAL MARVEL mentioned above is an atministered by the city in both the European and Pacific. Javits has had a long and prosperous career, having served in the House of Representatives, Senate, and as the Governor of New York. His most recent political victory was re-election to the United States Congress in 1958.

Baruchians Challenged To Blood Bank Contest

The Baruch School has been challenged by Euphros City College to an all-school contest, the most parts in this news. Co-sponsored by Student Council and Alpha Phi Omegas, it will be held between 8:30 and 9:30 on the last day of the semester. Dr. Theobald spoke of the possibility of the college having to deal with the same problems. The presidents of the city colleges called for added research to help disperse the group among the nation. The meeting was opened by the National Student Committee and "Atlas Shrugged", which had met with much success.

Letters to the Editor

The Editor of THE TICKER:

Thursday it was our privilege to attend the Junior College Awards Ceremony at the University of Wisconsin. The enthusiasm with which the students enthusiastically worked towards their goals and the way they took part in the ceremony was truly inspiring.

We would like to express our gratitude to the faculty and staff for their tireless efforts in making this event a success. Their dedication and commitment to the students is truly commendable.

The awards ceremony was a true representation of the hard work and dedication put in by our students. It was heartening to see them recognize and celebrate their achievements.

Thank you for the opportunity to participate in such a meaningful event.

CCNY to Oppose Jaspers at Home

Coach John La Place and crew will oppose Manhattan College today in hope of capturing that elusive first victory of the year. The game will take place at MeCombs Dan Park, the Bronx.

In all probability, the Jaspers are the most powerful team to face City this season. Last year's Metropolitan Collegiate Baseball Conference champions, with a record of 11-1, Manhattan is currently in third place in the league with a 5-2 record.

The Jaspers were beaten by New York University, when in ten innings of play, they suffered a 3-2 decision to the Violets who are currently in first place in the MEN League.

In this, their second encounter of the season with the Beavers, Manhattan will send to the mound their best pitcher, Phil Place. Place has turned in some fine performances to compile a record of 3-0.

In all probability, the star attraction of the game will be left-hander John Schoppman. The outfilder has 15 RBIs to his credit and is batting 450. James Kilerrnan, second baseman, and second baseman, will be playing center and right field, respectively.

Three of the Jaspers' infield stars are shortstop Charles Shilling, second baseman Howard Steiner, and first baseman Nick Kolatas. This three-man combination has turned in an outstanding record of 10 double plays in the last eight games.

Third base will be occupied by Lou Bunone and behind the plate giving the signals will be Tom O'Connor.

The Jaspers have suffered two injuries this year. Pierson, as a result of a pulled tendon, has not been in action since April. Dennis Sullivan, will not be able to see action because of a sore arm.

Coach David T. Curran is of the opinion that "You cannot judge present performance by past record. Any club can knock you off." He believes that the Beavers have had many tough breaks in the season.

NYU Wins:

Tennis Squad Suffers First Defeat

By Isaac Sultan

New York University snatched the City College tennis team's streak of three victories, Saturday at the NYU courts, 6-3.

The first two singles matches resulted in victories. Captain Karl's nemesis as Bertie Steiner and Mike Stone registered 6-0 and 6-3 and 6-0 and 6-2, respectively. Stone's victory marked his fourth straight singles win as many as games. Burkowski, briefly hit by the plate throwing signals will be Tom O'Connor.

The only other Lavender win was gained in Roy Feischman's match with NYU's Stan Jarson, 6-2, 7-6.

Every loss in the singles matches was due to the netmen failing to yield easy victories to a powerful NYU setup. Keys to Skippy Pines, 3-5, 6-4, 7-5; Amos Crawford turned back Jay Hammel, 5-4, 6-4, 6-2. "Captain Ray Feischman went a close match with Ken Lash but was subdued.

John LaPlace

In the doubles Steiner and Stone fought a losing 5-7, 6-3, 6-2 battle. Hammel and Etten were defeated by Laub and Crawford 6-4, 6-1, 6-2. Feischman and Peterson lost 6-9 and 7-8.

Flashbacks

20 Years Ago This Month

Danny Bolanta becomes the first City College Collegiate field hockey champion. City College team routs Brooklyn College in a 17-3 contest.

The winners of the Inter-Mural Board's basketball tournament were decided Thursday. The Turtles took the junior class championship by defeating the Beavers. The Turtles win was based on its victory over Poat, 39-35. The junior class title. In the most exciting contest of the afternoon, the New York Knicks beat Kwat-Sedge in a sudden death overtime contest. The winners are going to meet the Panthers in the finals.

The Turtles' contest will be the Turtles against Marty's Last Chance while the Panthers meet the Knicks against the Rubes.

There will also be a Co-ed dip and beauty contest held Thursday. The judges of the contest will be Camilla Visconti and Lenny Einer of IMB, Professors Katherine Moya and Harry Smith of the English deparment, and Mel Winer of TICKER.

IMB Tourney Nears End; Contests Set for Thursday

The winners of the Inter-Mural Board's basketball tournament were decided Thursday. The Turtles took the junior class championship by defeating the Beavers. Beaver Trackmen Cop Top Penn Relays Spot

The Beaver trackmen captured first place in the class mile baton test at the Penn Relays. The quartet composed of co-captains Ralph Taylor and Stan Dawkins, along with Ike Clark and Lenne Turner turned in a time of 3:25.6 to capture the gold medal. This same foursome added it to their egg relay in which they took second place.

It appears that the present varsity track squad is the finest in a long time. At a dual-meet held last Wednesday, City breezed to victory over Adelphi by a score of 98-30.

Co-captain Stan Dawkins led the men in scoring. He won the 100 yard high hurdles, the 220 yard low hurdles, the running broad jump and cleared the height jump bar at the highest level. Lenne Turner in the turnover category turned in a time of 15.66 to cross the finish line first.

In the end, the events Bob Cytryn won the mile going away. Bob Cleary with a time of 4:46.0 in the mile run unopposed. Randy Croadfield, who was last year's star cross country attraction, outdistanced his opponents by turning in a 10:08.6 in the two mile distance event.

The Beavers scored 13 points in the track events as opposed to one by the Panthers. It was in the field events that the trackmen showed a deficiency. The strain of graduation has weakened the squad in this department considerably. The only win was scored by Bob Cleary who registered the best toss with the discuss.

The frosh competition saw Pete Pisano cop in the 100 yards. In the hurdles, a win was scored by the Panthers in the 220. His fine effort didn't help the final results as the Adelphi neophytes scored 59 to the Lavender's 38.

Stickmen Lose, 18-4

BATTLE STATIONS: Two players tangle in lacrosse action.

The College's lacrosse team, after achieving its first victory of the season Wednesday afternoon, found itself on the short end of an 18-4 score, Saturday afternoon. The Millersmen's victory was gained at the expense of Adelphi College, 11-7. The contest was played at Adelphi.

Saturday, the stickmen jousted against the Knicks only to have the loss of several regulars before the season's end.

John LaPlace

In the doubles Steiner and Stone fought a losing 5-7, 6-3, 6-2 battle. Hammel and Etten were defeated by Laub and Crawford 6-4, 6-1, 6-2. Feischman

Captain Roy Feischman, a Baruchian, thinks that this year's team is the best that City has had for the past few years.

Roy, an upper senior majoring in International Trade, is playing his third season on the varsity team. At the beginning of the season, he was elected captain.

A trip to California provided its first spark of interest in the sport six years ago. As a result of this, he signed up for lessons with Phillip Rubell, a professional tennis player.

When he entered college, he tried out for and made the team. As the years progressed, he developed into a steady, hard-hitting player. The advice of his present tutor, Coach Harry Karlin, has been invaluable.

Although Roy doesn't hope to play professional tennis, he would like to participate in as many local amateur tournaments as possible.

BATTLE STATIONS: Two players tangle in lacrosse action.
