College Reinstates Literary Editors

By Bruce Markens

Four editors of the Upton literary magazine, Promethean, were suspended from classes Wednesday for publishing material deemed "not suitable" by City College President Buell G. Gallagher. Yesterday, Dr. Gallagher lifted the suspension, but said that the sale of the magazine "is not to be resumed."

Dr. Gallagher said: "As president of the College, I must consider whether the actions of students "reflect badly on the college name." That is why I am not removing the publication to sale."

He also noted that, although he was convinced the unsuitable material used was not published intentionally, he must consider the welfare of each student at the College.

The editors, Nancy Rothwax, a senior; Fernando Barreiro, a senior; Fred Tuten, a junior; and Robert Lieven, all honor students, issued a statement in support of their position.

They said that the suspension was unwarranted: "This decision was premised on an unwarranted view of the fact we sincerely believe the re-filling our duty to the student body, as editors, by publishing the best literary material available at the College. We still maintain that "Tea Party" (the article in question) was a controversy because it complies with our standards of literary merit and artistic integrity, not obscene."

James S. Pierce, dean of Students, also said: "Life, said last week that "Tea Party" was "loaded with sex, four letter words, mention of marijuana." However, Dr. Gallagher declared yesterday Dean Peace had requested this charge be removed.

Miss Rothwax, editor-in-chief of Promethean, refused these charges, saying that the play simply reflected the attitudes of the "large and much talked about Beat Generation."

"Certainly the language is shocking out of context," she said. "But the play reflects something other than regular college cynicism. It shows the temper of the times and, as such, in our opinion a valid literary presentation."

The play deals with two boys and a girl college student who are seen struggling in a room talk.

Shuttleworth Dies Friday; Served as Guidance Head

Professor Frank K. Shuttleworth of the Division of Testing and Guidance died of a coronary thrombosis Friday at University Hospital. He was 57.

A psychologist, Dr. Shuttleworth was an authority on the emotional development of adolescents and youths. He wrote numerous books and monographs and contributed more than thirty articles to scientific journals.

Dr. Shuttleworth was born February 16, 1899 in Ocheydan, Iowa and received both his undergraduate and graduate degrees at the State University of Iowa. He joined the City College faculty in 1939 as an assistant professor and was promoted to associate professor in 1949, before coming to the Baruch School in 1941. He was appointed a full professor in 1951.

At the Baruch School, Professor Shuttleworth had served as faculty advisor to the National Association for the Advancement of Colored People's Chess Club and Delta Sigma Tau fraternity. He was also on the board of directors of the City College of New York Student Government Association.

Irvin Feller

At Friarton Meeting:

In a complete about face from the previous week's position, Student Council voted unanimously to reinstate its power to grant Insignium awards at Friday's meeting. The awards are given to graduating seniors who have excelled in extra-curricular activities.

Later, Council defeated a motion 4-1 to grant only 1, instead of the present 3, Insignia.

Motion Withdrawn

The surprise move to reinstate Insignia came about when the original maker of the motion, Bruce Markens, caused that it be withdrawn: "Since no SC representative objected to the withdrawal, President Lieven, all honor students, declared that Council was in effect, reinstating its power to grant Insignia.

Those in favor of granting one award argued that the present number of awarded awards caused much jealousy and strife among

Insignium Stays After SC Reversal

argued that a change from three to one was not necessary because procedural changes would solve the difficulties.

In other affairs, Council defeated a proposed motion to place the question of a second printing newspaper on referendum, 3-1-1.

The motion stated: "I would like to have a second newspaper at the Baruch School. I realize that the establishment of a second newspaper would mean an increase of one dollar in student activities fees." The student would answer yes or no to this question.

The opponents of this proposal argued that both Student Council and the student body were ignorant of the problems that would result from the establishment of another newspaper. It was further argued that the student body could not be informed of the issues involved, by election day. However, some of the Council reps suggested that this question might be reconsidered after some investigation.

"Certainly the language is shocking," she said. "But the play reflects something other than regular college cynicism. It shows the temper of the times and, as such, in our opinion a valid literary presentation."

"The play deals with two boys and a girl college student who are seen struggling in a room talk.

(Continued on Page 3)"
A Board of Higher Education survey released last week showed that there is a "general tightening" of enrollment opportunities for this year's college graduates. With special emphasis on Liberal Arts, Science, and Engineering jobs to suit college training will be hard to find.

"Employers are expected to take a more careful look at grades and probably demand more experience in the past. Middle-level positions will be eliminated in many cases. This tightening of opportunities means that candidates will find fewer opportunities," Lawrence Bochner, an upper-springer writer, said.

Though Bachelor salary levels are expected to remain steady in large measure, several sectors of the economy may be increasing, such as Chicago and Cleveland.

According to various economists, the current economic conditions have stabilized, leading to the conclusion that the unemployment rate will remain steady in the near future.

Bochner explained that it is a "general tightening" of enrollment opportunities for this year's college graduates. With special emphasis on Liberal Arts, Science, and Engineering jobs to suit college training will be hard to find.

Prometheus

President Robert G. Gallagher pushed the sale of the weekly campus newspaper, the "Lexicon," in order to raise funds for the College's literary magazine, "Prometheus." Within a few hours, the major portion of the publication had gone on sale. Dr. Gallagher's decision was based on the fact that the sale of the newspaper would provide the necessary funds to keep the magazine alive.

President Gallagher sets himself up as an art form that is perversely funny is that it clearly

It is inadvisable to note that a large number of candidates are running under the banner of "universally funny." Dr. Gallagher's statement that relates to the problems of "non-universality" is, I feel, not at all as a consequence overestimated. If it were to be worked out, as far as I could determine, would be a "series of articles on the subject of humor." And in all of this, the people who are general that "humor" is a vehicle for some theories.

The Ticker is reverting to its traditional election issues in Student Council and class elections. It is true that there are only three meetings remaining for the Student Body to care about enough in order to vote intelligently and to contribute to the best solution of the problems at hand.

The first election of this nature is to be held in a little more than a month, although in the case of some of the candidates, their "non-universality" is so clear that it would be impossible to vote intelligently.

The problem of a 'lack of humor' is a real problem. It is not a question of how many people are 'universally funny,' but rather how many people are not. The problem is not one of the connectedness of these people, but of the ability of the people who are "universally funny" to perceive the world as it is.

Suspend BC Students For False Statement

Two student government leaders at Brooklyn College have been suspended from their positions. The reasons for their suspension were not immediately available. However, the students involved are being investigated.

Mike Stone

Mike Stone was recently appointed as the new head of the BC Students for Life organization. He has been involved in various activities on campus and has been a vocal advocate for the organization's policies.

Netman Overcomes Polo Handicap

Basketball Player Stars in Lacrosse

In an attempt to keep up with the demands of the season, basketball players have been practicing diligently. Many of them have been working on their skill sets to improve their performance on the court.

Netman

Netman, a returning player for the BC basketball team, has been working hard to improve his game. He has been practicing regularly and has been trying to perfect his shooting technique.

Polo Handicap

Polo Handicap, another returning player, has been struggling with his game. However, he has been working hard to improve and has been practicing regularly.

Lacrosse

Several basketball players have been practicing lacrosse to improve their skills. They have been working on their speed, agility, and coordination to become better players.

In another controversy at the college, two students were reprimanded for their misconduct. The students, William T. and Martin L., were involved in an incident that led to their suspension.

Both students said that they had been protesting against the administration's decision to cut the lacrosse team. They claimed that the team was important to them and that its removal would be a huge loss for the college community.

The administration, however, stated that they had no plans to cut the lacrosse team. They claimed that the team was a small and expensive program that did not produce enough results for the investment.

In another incident, two students were involved in a controversy over the administration's decision to cut the lacrosse team. The students, David W. and John H., had been involved in protests against the decision.

Tracksters Finish Second
In Intercollegiate Tourney

By George Privracky

Competing in the annual outdoor Intercollegiate Track Conference at Adelphi's James E. Silies Stadium, a squad of Beaver trackmen captured second place honors in a field of 18 colleges. The defending champions, Connecticut Teachers College, took first honors by 12 points, as they amassed 54 points to City's 31½.

The standout performer of the meet was Beaver co-captain Stan Dawkins. He recorded first place in the 220 yard low hurdles in 25.4 and, competing in the running broad jump, won his second gold medal as he established a new record with a leap of 22 feet 11½ inches. For his third gold, Dawkins, in the old mark set by Bob Thomas of Brooklyn College in 1957 by more than a foot and a half. In the 120 yard high hurdles the lanky junior from Jamaica, Brit- ish West Indies, also ran his best on the track.

The Beavers finished in third place.

In this year's Collegiate Track Conference, the College entered for the first time in the field of men's swimming. The neophytes composed of Bar- chuah's Recre Monro, Tom Pizz, and two Uptowners failed to place in a contest of endurance

Ralph Taylor

Cleary placed fifth in the grueling, one-mile run. Veteran distance runner Randy Crossfield completed the two mile breath taker in third place.

In this year's Collegiate Track Conference, the College entered for the first time in the field of men's swimming. The neophytes composed of Bar- chuah's Recre Monro, Tom Pizz, and two Uptowners failed to place.

Co-captain Ralph Taylor crossed the finish line first in 1:59.9 to win the 800 yard event. Taylor also anchored the relay team of Stan Dawkins, Ike Clark, and Ronnie Turner. He overcame a five yard deficit on the last lap and stormed to victory by ten yards.

In a test of endurance Bob

Raquet Squad Triumphs; Registers 6-3 Hunter Win

By Isaac Sultan

The City College tennis team continued its winning ways Saturday as it beat Hunter College, 6-3, on the loser's courts. The victory boosted the raquet squad's record this term to a commendable 5-1.

The Beaver starter, Bernie Steiner, had to give up his match as he developed blisters on his right hand and couldn't continue playing. Eric Hauben won the match for Hunter through the default.

The first City win was registered by Baruchan Roy Frechman. He turned back Ira Nagel, 6-3, 6-0. The captain raised his season's record in singles matches to 3-2.

Ron Ettis and Jay Hammel both won their matches by identical 6-0, 6-3 scores. In the sixth set, Ray Peetong stopped George Strauss, 7-6, 6-0.

In the doubles matches, Coach Harry Karlin's netmen turned out three out of three sets.

Ettis and Hammel tripped Al Geiger and Strauss, 6-4, 6-0. Sophomore Mark Buckstein and Bernie Fineberg, who got back from Irving Scheifer and Rob Reichstein, 6-4, 7-5. The losers were defeated 6-3, 7-5, by Hauben and iff Hamburger.

City Defeats Manhattan
For Second Win, 10-9

By Mel Winer

It took 13 innings for the City College's baseball team to achieve its second victory of the season, yesterday, as it edged Manhattan College, 10-9, at Van Cortlandt Park. The team has now won two straight games, the first being a 9-7 victory over Wagner College, Saturday.

The big hero of yesterday's game was southpaw Stev Weiss, who hurled four innings and gave up four hits in the last seven innings.

The contest was one that the Beavers well deserved to win as they vaulted into a 9-5 lead in the fourth inning. Three hits, a one on balls and a two-out error accounted for five City runs in that stanza.

The Jaspers came back with one run in the fifth, two in the sixth and were then held scoreless until the ninth inning.

Weiss, now knocking on the door of victory, struck out the first two batters to face him in the ninth, but Tommy O'Connor, hit a drive to right field. Right fielder Joe Marino, who is the sixth made a spectacular one-handed catch back to the plate to attempt a shoestring catch, but the ball rallied past him for a homerun.

Coach John LaPlace's plan- the contest, and with Manhattan's hopes of an intercollegiate championship in the thirteenth inning.

Rubens Down Turrets In Intramural Final

The Intramural Board basketball tournament reaches its finale Thursday. The Rubes downed The Turrets, 66-57.

The Rubes made up for a slow first half of play by Bernstain dropped in 16 for the winners.

The game was marked by rough play and two brawls. However, the strong second half by The Rubes made up for a slow first half of pay.

Student-Faculty Thursday in Hansen Hall. The Faculty, clad in Romans and Paul Mitchell, will take the strong student quintet in battle for the top basketball laurels in the School.

The facility, staffed by Dr. Sci- handicamb, will sport a starting lineup of Dr. Hirsch, Elliott, Kisch, Klotz, Roberta and Ralph Bellisio. The bench will be held by the Student-Faculty. More have looked out for them, and the student secretary will watch the out ball.

The students will boast captain of the squad, St. Council President Irvin Pen- The lineup will include the tag team of Aron's, including 111EC's Steve Sukin. "Paul" Iviotid has submitted his physical for the other in addition to 1111 Bill Galinist and Al At- Bench warriors include Ste- Bernstain and Paul Mitchell. Last term's team was to students (of course!)

Billy Rodriguez: Stickman Acquires Skills at CCNY

By Sid Davidoff

Lacrosse is a sport played with a stick, having a sort of net at one end, like the end, and a ball, which is made of very hard rubber. The players wear heavy equipment to protect themselves from serious injury. The stick itself is a fast and intricate game. It was a sport that Billy Rodriguez never saw before a year and a half ago and a sport that interested Billy Rodriguez enough for him to become a regular on the College's varsity lacrosse team.

Chem Major

A junior at the Uptown Center, chemistry major Billy Rodriguez learned how to play lacrosse on The City College. An avid hockey fan, Billy first became interested in lacrosse because of its similarity to the ice sport. Another reason for Billy's interest in lacrosse was the talk of his best friend, who had gone out and was trying to get Billy to do the same.

Although Billy, a graduate of the Dunham Academy, had never seen a lacrosse contest, he thought it might be fun and interesting to go out and scrimmage with the team. It was while scrimmage with the squad that he attracted the attention of Coach Leon "Chief" Miller, varsity lacrosse tutor, and first began to receive the benefit of Miller's experience.

"Chief" Miller

In speaking about his coach, Billy stated that Miller's knack of teaching the fundamentals and simplifying the game that enabled him to become a regular on the squad,

Miller
