College Reinstates Literary Editors

By Bruce Markens

Four editors of the Uptown literary magazine, Prometheus, were suspended from classes Wednesday for publishing material deemed "not suitable" by City College President Irwin Feller.

"President Feller, who did not attend the meeting in person, has stated that the reinstatement of the four editors is a matter of strict merit and artistic integrity, as well as our standards of literary merit and artistic integrity, is not obscene," said Nancy Roth wax, editor-in-chief.

The editors, Nancy Roth wax, a senior; Fred Tuten, a junior; and Rochelle Beig-el, a senior, all honor students, issued a statement in support of their position.

They said that the suspension was "unwarranted" since they were fulfilling their duty to the student body, as editors, by publishing the best literary material available at the College. We still feel that since "Prometheus" was a literary magazine, it is seen in a room that the large and much talked about controversy because it complies with our standards of literary merit and artistic integrity, is not obscene.

James S. Peace, dean of Student Council, yesterday, Dr. Gallagher lifted the "suspension" was particularly unwarranted because it "corresponds with our standards of literary merit and artistic integrity, is not obscene."

At Friday Meeting:

In a complete about face from the previous week's position, Student Council voted unanimously to reinstate its power to grant Insinignia, a schoolwide recognition award, with the following Tuesday.

"Certainly the language is shocking out of context," she said. "But the play reflects something other than regular college cynicism, it shows the temper of the times and, as such, is in our opinion a valid literary presentation.

The play deals with two boys and a girl college student who are seen sitting in a room together."

"Certainly the language is shocking out of context," she said. "But the play reflects something other than regular college cynicism, it shows the temper of the times and, as such, is in our opinion a valid literary presentation."

A Board of Higher Education survey released last week showed that there is a "general tightening" of enrollment opportunities for this year's college graduates.

With special emphasis on Liberal Arts, Science, and Engineering jobs, next year's training will be held at State colleges, according to Dr. John C. R. Tukey, vice president of the New York City Board of Higher Education.

Most students who enter college expect that their families will support them. The survey showed that the majority of students expect their families to support them.

In fact, the survey showed that the majority of students expect their families to support them. The survey showed that the majority of students expect their families to support them.

However, students are more likely to demand more educational opportunities than their families.

With the rising cost of college education, many students look for ways to reduce their financial burden. One solution is to take part-time jobs.

According to the survey, many students are working to support themselves. The majority of students work part-time, with the majority of students working 10-20 hours per week.

In addition, many students are seeking full-time employment. The survey showed that many students are seeking full-time employment.

The survey also showed that many students are seeking full-time employment.

The alternative source of earnings is part-time employment. The survey showed that many students are seeking part-time employment.

The survey also showed that many students are seeking part-time employment.

In conclusion, the survey showed that many students are seeking employment opportunities. The survey showed that many students are seeking employment opportunities.

Letters to the Editor

Tuesday, May 15, 1959

**Prometheus**

President Russell C. Gallagher pushed the role of President. The students of the College of Arts and Sciences would be pleased to find that the publication of this letter does not mean that the publication of this letter is an endorsement of the views expressed in it. The publication of this letter is a means of providing a forum for the expression of views, and the publication of this letter is not intended to be interpreted as an endorsement of the views expressed in it.

President Russell C. Gallagher announced that he would be stepping down at the end of the current term. The announcement was made at a meeting of the College Council, which is the governing body of the College. The President's decision was met with mixed reactions from the students, who were divided in their opinions about his leadership.

The President's resignation was unexpected, given that he had been in office for many years and had been widely respected. His decision was seen as a sign of the College's commitment to a new direction.

Elections

It is disappointing to note that a large number of students are running in the current election, as the number of students running for the Student Senate has decreased significantly. This is due in part to the lack of interest among students in the election process. The election results will be announced next week.

Laughing Stock

It is unfair to say that the President of the College is laughing at the students' expense. The statement is a distortion of the truth. The President is actually expressing his own views, which are not necessarily shared by the students.

Economics

The President of the College has made his latest presentation on the state of the College's economy. He has stated that the College is facing difficult times and that the staff is working hard to ensure the College's continued success. The presentation was well-received by the students, who applaud the President for his efforts.

The President has also announced that the College will be implementing new policies to improve the quality of education and to ensure the College's financial health. The students are supportive of these changes and look forward to seeing the results.

Letters to the Editor

The President of the College has responded to the letter from Prometheus, expressing his appreciation for the students' concerns. He has stated that the College is committed to addressing the issues raised and to improving the quality of education. He has also encouraged the students to participate in the decision-making process and to express their opinions.

45 Candidates Vying In Election For Student Council, Class Seats

There are 45 candidates running for 45 Student Council, Class Council, and Student Athlete Association positions in the May 18 election. This is the largest number of candidates ever to run for these positions.

NSA Delegate

What is the United States National Student Association? It is a national organization of college students who are involved in campus issues, such as academic freedom, labor rights, and civil rights. The association was founded in 1957 and has since grown to become one of the largest student organizations in the United States.

Larry Schiff

Larry Schiff is the current president of the College Union and is running for re-election. He is a strong advocate for student rights and has been a prolific speaker and writer on these issues. Schiff is known for his outspokenness and his ability to challenge the status quo.

Newspaper Supplement

The New York Times Supplement is a weekly newspaper that provides information on current events, politics, and culture. The supplement is known for its in-depth reporting and for its coverage of important topics, such as the cold war, civil rights, and the space race.

Supplement

The supplement includes articles, photos, and illustrations that provide a snapshot of the world of 1959. It is a valuable resource for students who are studying history, politics, or culture.

in the context of the following, the school's long-range plan, which is presented in this issue, is designed to begin a program of education and cooperation in the Baruch School to make the student a better citizen of the community. The first step in this plan is to form a committee of the Student Council to study and report on the matter of cooperation between the school and the community. This committee will be composed of the Student Council and the faculty of the Baruch School.

VOTE

LOUNGE C

9-4
I have enthusiasm and confidence. I will fill the post with enthusiasm and confidence.

It is important for a candidate to provide more than just willingness and confidence. As the executive secretary of Student Council, it is important for a candidate to discuss his position with the student body and the council. Instead, a candidate may discuss the office of the President, that of the President of Student Council, the President of the Student Council—One term, and the President of the Student Council—Two terms.

Student responsibilities are not just about being willing and confident, but also about being able to think and decide for the entire body. If we accept this ruling, we are acknowledging the chair can think and decide for the entire body. Instead, we should vote against this amendment out of order, and was thereupon appealed.

The only position that I seek election to is Corresponding Secretary. As Corresponding Secretary, I will address myself to the serious aspects of current business and ensure that the student body is being served by the organization.

I do not think so. The knowledge that can help him make a decision is not whether he does or does not know what to do, but whether he has the opportunity to study that course. In a democratic society, everyone should have the opportunity to study the course of their choice, whether or not they can afford it. The Ticker would best be serving the interests of the student body and the council by providing the best opportunity for all sides to be heard.

Suspend BC Students For False Statement

Two student government leaders at Brooklyn College were suspended Friday for making a false statement, that a new student association was formed on campus.

The students, William K. MacNeil, president of Student Government Council, and Harris B. Rivera, treasurer of the club, were suspended for a week after their statement that the new group was formed, was found to be false.

The suspension came after a vote by the Student Government Council, which also voted to establish a committee to investigate the matter.

The students were accused of making the statement in order to prevent other students from forming similar groups.

The committee will investigate the matter and report its findings to the Student Government Council.

New York City

Dr. Harry D. Gideon

Elect: Loucks To Ed Board

After a highly emotional speech, President John Gideon of the Brooklyn College, thanked the students for their support.

Professor Loucks gained the position only after being defeated in the race by Dr. Locke of the Varsity Speaking Team.

The students, who had been critical of the administration, were pleased with the result.

Professor Loucks said that he was more than happy to serve as the principal of the school.

In an attempt to keep up with the subscription, various colleges began to sell subscriptions to the students.

Tracksters Finish Second
In Intercollegiate Tourney

By George Privracky

Competing in the annual outdoor Collegiate Track Conference at Adelphi's James E. Sitles Stadium, a squad of Beaver trackmen captured second place honors in a field of 18 colleges. The defending champions, Connecticut Teachers College, took first place honors by an overwhelming margin as they amassed 54 points to City's 31.

The standout performer of the meet was Beaver co-captain Stan Daukantas. He captured first place in the 200 yard low hurdles in 25.4 and, competing in the running broad jump, won his second gold medal as he established a new record with a leap of 22 feet 11¾ inches, increasing his own mark of the old mark set by Rob Thomas of Brooklyn College in 1957 by more than a foot and a half. In the 120 yard high hurdles the lanky junior from Jamaica, Britain West Indies, won his third straight high jump.

Stan compiled a record of 171 points on an individual basis. In addition he ran in the Lavender mile relay team which swept to victory.

Co-captain Ralph Taylor crossed the finish line first in 1:50.9 in the 880 yard run. Ralph, a senior, also anchored the relay team of Stan Daukantas, Ike Clark, and Leon Ranhand. He overcame a five yard deficit on the last lap and stormed to victory by ten yards.

In a test of endurance Bob Raetz led the Team in the mile relay by taking the first leg. The Neophytes composed of Baruchians Rocco Mondo, Tom Zhe, and two Uptowners failed to place.

by Isaac Sultan

The City College tennis team continued its winning ways Saturday as it beat Hunter College, 6-3, on the loser's court. The victory boosted the raquet squad's record this term to an impressive 5-3.

The Beaver starter, Bernie Steiner, had to give up his match as he developed blisters on his right hand and couldn't continue playing. Eric Hauben won the match for Hunter through the default.

The first City win was registered by Baruchian Roy Freychman. He turned back Ira Naziel, 6-3, 6-0. The captain raised his season's record in singles matches to 3-2.

Ron Etts and Jay Hammel both won their matches by identical 6-0, 6-3 scores. In the sixth slot, Ray Pestrong stopped George Strasser, 7-5, 6-0.

Double winners included Etts and Hammel, 6-0, 6-1, and Hauben and Matt Horowitz, 6-0, 6-3.

In the doubles matches, Coach Harry Karlin's netmen took two out of three sets.

by Sid Davidoff

Trackster Roland Marder is a sportswriter with a stool, having a set of net at the end, and a ball, which is made of very hard rubber. The players wear heavy equipment to protect themselves from serious injury. The sport itself is a fast and intricate game. It was a sport that Billy Rodriguez never once thought of being a regular on the City College's varsity lacrosse team.

A Jumper at the Uptown Center, chemistry major Billy Rodgers learned how to play lacrosse. An avid hockey fan, Billy first became interested in lacrosse because of its similarity to the Ice sport. Another reason for Billy's interest in lacrosse was the talk of his best friend, who had gone out and scranage with the team and was trying to get Billy to do the same.

Although Billy, a graduate of Stayvans High School, had never seen a lacrosse contest, he thought it might be both fun and interesting to go out and scrimmage with the team. It was while scranaging with the squad that he attracted the attention of Coach Leon "Chief" Miller. Rodgers enough for him to become a regular on the faculty lacrosse team.

In speaking about his coach, Billy stated that it was Miller's knack of teaching the fundamentals and simplifying the game that enabled him to become a regular on the squad.
