Deputy Mayor, BHE Head Tour Building on Tuesday

The Deputy Mayor of New York, Paul T. O'Keefe, the Chairman of the Board of Higher Education, Gustave Rosenberg and the Administrator of the Board, Mrs. Pearl Max, visited the Baruch School Tuesday morning.

The visit was made to allow Mr. O'Keefe, a Fordham University graduate, to become acquainted with the problems of the municipal colleges. He was recently appointed by Mayor Theobald, who was named Superintendent of Schools.

The dignitaries were accompanied by President Buell G. Gallagher, Dean Emanuel Saxe, Dean of Students Ruth C. Wright and Assistant Dean Samuel Thomas. Several student leaders also accompanied the group.

Inadequacies Shown

The tour of inspection began in the Faculty Council Lounge and then proceeded to the Cafeteria, where Dean Saxe pointed out the inadequacy of the "O" by 12" Faculty Lunchroom.

The group then went to the Business Reference Library on the third floor and after that to Hart Hall. The final stop was the Textile Laboratory on the eighth floor.

After the tour, the entourage went to the Dean's office on the 16th floor, where the Dean, President Gallagher and Chairman Rosenberg impressed upon Mr. O'Keefe the inadequacy of most of the Baruch Schools' facilities.

Future Proposals

A favorable opinion by Mr. O'Keefe may very well go a long way toward having the Board of Estimate act favorably on all proposals involving the Baruch School in the near future.

Chief among these are the proposed Student Center and the plans for acquiring Mabel Dean Bacon High School and adjacent property to erect an annex to the Baruch School.

SC President Declares 'I Will Not Run Again'

Larry Schiff, president of Student Council, has announced that he will not run for re-election. Schiff, commenting on his decision, said, "I do not plan to run for re-election on personal reasons."

Bob Nadel, vice-president of SC, is running unopposed for the President's chair.

Schiff, continuing, stated that, "I will continue to be active in some of the more fruitful activities that SC is now engaged in. I am speaking particularly of our curriculum study."

Schiff said that he "would like to see the establishment of a group of students within each specialization whose purpose it should be to continue the offerings in their own area with official recognition by the faculty," he noted. "I intend to devote much effort to this and other related areas next semester," Schiff said.

Petitions are still available for executive and representatives seats and Council positions. They may be obtained from 291. They are due tomorrow at 4 in 921 and candidates will meet at 4 in the Faculty-Council Lounge.

Proposals for a student center and the Textile Laboratory have been recommended by the Baruch Schools' facilities.

Holman's Return Marred; Lewis Scores 20 in Loss

Columbia, Dec. 4 (TICKER) - Nat Holman's return to the CCNY basketball scene was marred by the Columbia Lions last night, as the Beavers dropped a 64-66 decision before a capacity crowd at the Lions' gym.

The Lions were led by Murray Melton, who scored 20 points; 14 coming in the first half. City's Hector Lewis also tallied 20.

Columbia quickly jumped out to a 10-0 lead but City tied the score at 12. The Beavers piled up eight straight points, however, increasing their lead to 12. They dominated play for the remainder of the half and led at the half, 36-23.

In the middle of that half, however, the Beavers broke the clogged up middle that the Lions had so effectively used in the first half. The deficit was decreased to 46-39 at the ten-minute mark on a jump shot by Lewis.

Julio Delatorre brought City to within five points of the Lions on a 20-foot set, but Melton increased the lead to 49-41 a few seconds later.

The Beavers fought back to 49-43 on a jump shot by Hal Buiion, but as the City scoring increased its margin to 57-43. Herb Pollack, the director of "Hatful," was forced to present this term's production there because Pauline Edwards Theatre is being repaired.

Inadequacies Shown

One of the committee's tasks, Mr. Wilkins explained, will be to collect information on civil rights in the State from groups of the Baruch Schools' facilities.

Future Proposals

The members present in addition to Dr. Gallagher, Mr. Delaney, Mr. Carter and Mr. Monsarrat, were Dr. John A. Hannah, chairman of the full commission, would subsequently appoint the permanent chairman of the State advisory committee.

The meeting was held at the Baruch School.

At Mr. Wilkins' suggestion, subcommittee chairmen were named for each of the three main areas of the commission's work on discrimination in housing: February 2, 1958.
To be Specific...

Earlier this month, the College administration visited several downtown buildings, including the New York Merchants’ Bank, the Mercantile Trust Company, and the New York Life Insurance Company. The tour was led by Mr. John H. Smith, Head of the Finance Department.

One of the spots visited was the New York Merchants’ Bank, located at 30 Broad Street. The bank is a large, modern building with a highly-organized staff. The tour included a visit to the vault, where the bank’s extensive collection of gold and silver is kept. The group was also shown the bank’s safe deposit boxes, which are located in a separate, secure building.

Another stop was the Mercantile Trust Company, located at 500 Fifth Avenue. The building is a large, elegant structure with a classical facade. The tour included a visit to the company’s main office, where the company’s executives are based. The group was also shown the company’s extensive collection of art, which includes works by many famous artists.

The final stop was the New York Life Insurance Company, located at 100 Broadway. The building is a large, modern structure with a highly-organized staff. The tour included a visit to the company’s main office, where the company’s executives are based. The group was also shown the company’s extensive collection of art, which includes works by many famous artists.

Yet this research is supposedly one of the high spots of a college career. It is understandable why students are hesitant to give up the tasks of their lives for assignments requiring responsible reading. The material is not able to be used by the authors in the following lines.

In the Reading Room, books were shown high on the shelves, and it was not possible to read the students. When one of these books was taken, it was possible to understand it. It was possible to understand the Library literature, including the completely abstracted research, even on business subjects.

Questions that remain to be answered:

1. What is the purpose of the Library?
2. Is the Library necessary for students to succeed in their studies?
3. How can the Library better serve the needs of students?

...And In General

The Library was not the only spot visited by the group. They also visited the Cafeteria, the Art Gallery, and the Music Department. The tour was led by Mr. John H. Smith, Head of the Finance Department.

In the Cafeteria, the group was shown the variety of food available, including sandwiches, salads, and pastries. The group was also shown the extensive collection of art, which includes works by many famous artists.

In the Art Gallery, the group was shown the variety of art on display, including paintings, sculptures, and photographs. The group was also shown the extensive collection of art, which includes works by many famous artists.

In the Music Department, the group was shown the variety of music on display, including instruments, sheet music, and recordings. The group was also shown the extensive collection of art, which includes works by many famous artists.

We regret to say this is not enough. The entire structure is completely inadequate. A new and adequate library is needed for adequate library work to be done. It is the purpose of the Library to serve the students, and the Library is not able to serve the students.

We feel that the Baruch School is the victim of an insurance financial crisis and the Board of Education is not aware of it. The new building is not able to serve the students, it is not able to serve the students.

Unlikely anything can be done about this printed situation, we do not have information.
City Meets Hunter
In Stein Fund Tilt

By Bob Signer

City will meet Hunter College at Wingate Gymnasium Saturday in the annual Stein Fund basketball game. The meeting will be the first of a home and home series.

Last year, CCNY played Hunter twice, losing the first, 62-56, on an 80-second stolen ball and won the second, 76-51.

Hawks' coach, Mike Fleischer, said, "The team lacks height and injuries always bother us."

"We've tried and tested," he adds, "but very willing and able to move the ball well. The kids have good speed and are fitting into the patterns. Who knows?"

Leading the Hunter players will be Barry Falk and Mike Brier. Last year, Falk was high scorer and also tied for the lead in rebounds with Brier.

According to Coach Fleischer, Brier is expected to be a "steady- ing influence" on the team.

Coach Nat Holman's team, seeking its first win of the season, will be led by big Hector Lewis, Marty Granhman, Julio Delatorre and Barry Kiantsky.

Guy Marcot will most probably be a starter along with the above four. Falk will not have recovered from his leg injury.

"There's no fracture," Holman said. "All we know is that it hurts and swells up at a bit when he puts too much pressure on it."

The basketball team will have four Baruchians on the roster. Besides Grossman, there is Herb Waller, Tony Petticino and Rudy Rinamick.

Waller is a 5-11 senior while the two soph's, Petticino and Rinamick measure 5-10 and 6-2, respectively.

Grudge

THE TICKER will play the
Intra-Mural Board in a "friendly" game of basketball—usually labeled a grudge match—tomorrow, from 2-4 in Hansen Hall.

The Newman Club retains its Intra-Mural Board championship by virtue of a 30-0 win over the Highwaymen last week at the East River Park.

In the IMB bowling meet, the Winners lived up to their name. Members of the Winners are Jerry Farn, Sam Murray, Bob O'Connel and George Privaracy.

Sink Mermen
In '58 Debut

City's swimming team was sink in its 1958 debut yesterday.

Manhattan College, by virtue of a close win in the final event, the 400-yard medley, broke through the mermen's 41-33 lead to take the meet, 45-41, at the Wingate pool.

The City College team held the lead throughout the contest as seven men achieved first-place finishes.

Joe White took the 440-yard freestyle and the 220-yard freestyle for City. In the 220-yard event, Baruchian Dave Altine finished third.

Both City's Carl Routh also took first-place honors twice. He won the 50 and 100-yard freestyle.

Mike Bayak cashed in on two first-place finishes for the Bees. The Buacks won the 400-yard medley for the second straight year.

Nick West was the seventh City man to finish first as he won the diving competition.

Manhattan took the medley, 21-18, in the final event, the 400-yard medley. In the 220-yard event, Baruchian Dave Altmoe finished third.
