Baruch Gives $10,400
To Development Fund

By Harvey Faden

Bernard M. Baruch has presented $10,400 to the Baruch School, it was announced last week by Dean Emanuel Saxe.

The gift is the sixth annual contribution by Mr. Baruch, member of the graduating class of 1886.

The gift will be used by the Baruch Development Fund of the School. In the past, the Development Fund has been used for conferences of business men who advise the administration on the development of the cooperative programs in the various specializations.

Dr. Gallagher, in a statement late last year, said that private contributions to the public colleges are needed "if public higher education is to keep pace with the city's demands." He added that there were areas of experimentation and development that could not be financed by tax funds alone.

Baruch has given five talks at the School. His first address was delivered on October 8, 1953, at a ceremony marking the 50th anniversary of the School. His other talks were delivered all over the country, which is part of the Bernard M. Baruch Distinguished Lecturer Series.

In November, he visited the local colleges and attended an alumni dinner. He said he was very impressed with Professor Robert Weitnauer, who taught the class.

QC Upholds 'Poems' Ban

The Queens College Publications Board voted 4-2 to suspend sales of the QC literary magazine "New Poems." Sales of the magazine had been temporarily suspended pending the verdict of the Publications Board on whether one of the poems, "Abortion Eve," was in taste.

The Publications Board consisting of four members of the English Department and four students, took action after receiving a report from a committee which had appointed to study the ban. The committee report said the poem was in bad taste.

President Harold Stokes has upheld the banning. It is not certain whether an appeal will be made, although appeal channels are being studied.

QC President Buell Gallagher announced the decision.

Faculty to Vote on 'Lists';
Compromise Plan Expected

A compromise membership lists system, much like the one in operation for the past year, will probably be presented by the General Faculty, Thursday.

The old system denied a chartered status and refused organizations that did not submit a membership list to the Student Activity Fee. The plan was voluntary in that those organizations that did submit a list would be in a position to receive funds.

Board of Higher Education hopes for increased State aid were raised by a Board of Regents' admission that the colleges require the aid.

Suppeculation has increased that the Legislature, with Governor Rockefeller, may give its approval, will make the distribution of State aid to colleges more in line with local needs.

Gustave Rosenberg, chairman of the Board of Higher Education, sent a telegram to the Board to arrange a meeting this week. The meeting will be held to work out a definite proposal to be presented to the Legislature. A seven-year study by the BHEA and various other State education agencies indicated that additional support is a necessity. In commenting on the Regents' statement, Mr. Rosenberg said, "This is a dramatic step. It is the first expression of the Regents' need and justice of assistance to the colleges, particularly the smaller ones."

In commenting on the Regents' statement, the Regents recommended that the Regents' study should be given to the Board of Regents.

SC Postpones Report On Curricular Survey

Student Council has decided to postpone the writing of its long-awaited curriculum report, it was announced by Student Council President Larry Schiff at the term's last business meeting, Friday.

Schiff noted that although the report was written, much was gained during the Council's inquiries. It is expected that all lists be completed by the end of the year, considering the result of the lack of time. The report's organization has been changed so that the lists will be used only in cases where they are necessary for practical reasons.

It was also a possibility that political and religious organizations would be exempted from the regulations covering all other student organizations.

The exception would probably be in the nature of a concession which would allow these organizations to file only the names of officers and the faculty adviser. Although the groups would be chartered, they would still not be allowed to receive funds from the Student Activity Fee.

perminal Plan

It is expected that the new plan, whatever it may be, will start in the fall semester of 1958.

Gustave G. Rosenberg, chairman of the Board of Higher Education, sent a telegram to the Board to arrange a meeting this week. A Time to Judge

Afternoon Dagoes, the Mazarines, the high evaluation be undertaken once again. The faculty counting, Industrial Psychology. Economics and Business thought "frustrated liberal arts students," but receiving at the Baruch School. Schiff was a member.

Without doubt, Larn Schiff has been one of the most outstanding presidents in Council's history: his statesman-like qualities, his belief in the 9-4 day will not...
Grovenman, Marcot Sparkle; Lavender Upsets Dickinson

By Eddie Perlman

A fired-up second half effort by the City College basketball team enabled them to defeat the heavily favored Knights from Fairleigh Dickinson University, 68-66, at Wingate Gym, Saturday night.

The battling Beavers achieved this victory without the aid of their star center, Hector Lewis who missed three quarters of the game due to an injured foot.

Joel Ascher replaced Lewis at center and played a tremendous game—all on the boards and on defense. City's jubilant coach Nat Holman said, "It was a good game. Ascher, the boy played his heart out; he really played some game despite his bad leg."

Although Ascher played a great game the victory was a team effort. Guy Marcot, who scored 12 points in the first half, and 20 for the game, kept the visitors in the contest.

Rismanich, a Maruch School soph, blocked shots, rebounded and defended very well.

Hec Lewis, although he played barely ten minutes, made the baskets of the night. It was a Bob Cousy-type backhand layup.

For Dickinson, Charlie Pottyrala, the nemesis from last year who scored 18, and Bob Brown, with 13 were the main threats.

City jumped off to an early lead on two straight baskets by Grovenman. By the middle of the first half, CCNY had a ten-point lead. Dickinson, aided by some fine outside shooting, took over.

The Beavers opened the second half strongly and jumped to a 40-38 lead. They seemed to be determined as they began to drive. From a defensive—played first half, City switched to a free-wheeling offensive in the second, but the visitors built up a 52-47 lead.

The referees were bombarded with "evil" for their calls against City. With Dickinson leading, 56-51, the home team began to perk up and soon took the lead. A scoring flurry by the Beavers got them a 60-59 margin with three and one-half minutes left.

A desperate Dickinson rally brought them to within two points of City with 37 seconds to go. However, their rally fell short, and, as the final buzzer went, a tremendous roar was raised by the many loyal City rooters.

The Freshmen team lost their game, 71-50.

Busy Beavers to Face Rugged Vacation Slate

By Bob Swers

Four Beaver teams will compete in nine contests during the intersession vacation—January 16 to February 13.

On the first Tuesday following the finals, the Beavers will take on Manhattan College at Manhattan's Bronx court.

The following Saturday events. The "S" will come up against Hunter, who City defeated earlier this year, 67-58; Coach Edward Lucia's fencers will meet Princeton in Trenton, N.J., and the matmen will wrestle Wilkes College in Pennsylvania.

Tickets for the forthcoming Hunter and Fordham games will go on sale Thursday and Friday from 12-2 at the ninth floor booth. The Hunter game will be January 31, while the Fordham contest in February 1st. The price is 30 cents.

TICKETS

The wrestling team, thus having a winning season, at last reckoning. Its last victories were by large margins over Brooklyn Poly, and over Temple.
