Faculty Delays 'Lists' Reconsideration; Baruch Interpretation Requires Rosters

A motion to reconsider the recently adopted General Faculty membership lists plan failed Thursday, because of a lack of a quorum. There were only 60 faculty members present at the meeting; 70 are needed for a quorum.

At the same time, President Buell G. Gallagher announced that a special facultative meeting was held in 220; which was held in 220; 70 are needed for a quorum. There were only 60 faculty members present at the meeting; 70 are needed for a quorum.

The committee will consist of Professors Sam Middlebrook, William Finkle, Henry Villard, Charles Eberhardt, Andrew J. Coppola, and Herbert Taub.

Application for hearings before the committee must be made by Friday, March 13, 2:30-4:30 Thursday, March 12.

There were 60 faculty members present at the meeting; 70 are needed for a quorum. There were only 60 faculty members present at the meeting; 70 are needed for a quorum.

The motion in question, which was adopted at the January 18, CASC meeting, exempted "political, religious and social action groups from submitting membership lists, but required that these groups could not receive funds." (The GF ruling stated that all organizations, except religious, political, and social action groups, must submit membership lists.)

This part is Professor Stranathan's interpretation of the General Faculty ruling on membership lists. (However, according to page 31, the GF ruling stated that all organizations, except religious, political, and social action groups, must submit membership lists.)

In other words, the GF ruling states that all organizations, except religious, political, and social action groups, must submit membership lists.

This is part of Professor Stranathan's interpretation of the General Faculty ruling on membership lists.

At Friday's Meeting:

**Council Passes $3605 Budget**

Student Council, Friday, unanimously approved the term's budget of $3605 after several changes were made.

By a vote of 11-7, Council approved a $100 budget for an international fair. The event, which is run by the Inter Club Board, was previously a semiannual affair.

However, the proponents of the proposal feel that last term's successful turnout indicated that student body wanted the Activities Fair to be held more than once a year. In other budget changes, SC will receive $75 from ICB Club Funds, added the same amount to the Board's General Services Fund, and also appropriated an additional $100 to the National Student Association.

At the beginning of the meeting, the results of Friday's special elections were announced. In the Class of '63 elections, held in Freshmen Assembly, Barry Rosenfeld, Carol Sperman, and David Levy were chosen president, vice president, and treasurer, respectively. Professorship elections also included one faculty member running for two vacant SC seats.

This is part of the Council's interpretation of the General Faculty ruling on membership lists. (However, according to page 31, the GF ruling stated that all organizations, except religious, political, and social action groups, must submit membership lists.)

The GF ruling states that all organizations, except religious, political, and social action groups, must submit membership lists.
Department Chooses Martin as Law Head

Professor Charles Martin has been named to succeed Professor John H. Mears as chairman of the Law Department.

"Professor Martin is a distinguished and accomplished lawyer and legal scholar," said Dean Lewis B. Akyers, chairman of the Law Department. "He brings to the post a wealth of experience in both teaching and practice, and we are confident that he will guide the Law Department to even greater heights of excellence.

"Professor Martin has served as a law clerk to several federal judges and has held appointments in various government agencies. His contributions to the field of law are highly regarded, and we are fortunate to have him as part of the Law Department team.

"We look forward to working closely with Professor Martin and supporting his efforts to enhance the educational programs and to promote the well-being of our students and faculty."

Kennen Says Russia's Leaving WWI Causes Present Strife

President Kennen, former United States ambassador to the Soviet Union, delivered the Dean's Address at the 97th Annual Meeting of the American Studies Association, held in Kansas City, Missouri.

"The period that President Kennen described as World War I to the present is characterized by a complex interplay of events and forces," said Dean Lewis B. Akyers, chairman of the Law Department. "It is clear that the present strife is a direct result of those events, and we must learn from history to avoid repeating mistakes.

"President Kennen's address was a powerful reminder of the importance of understanding history, and we are grateful for the opportunity to hear his insights."

Committee Distributes Student Activity Fees

A total of $78,318 was distributed to the Puppy and Humane Society, Student Council, and TIEEER for the current academic year. The funds were raised through a variety of activities, including a dance, a football game, and a series of fundraising events.

"The funds will be used to support the activities and programs of these organizations," said Dean Akyers. "We are grateful to our students and staff for their efforts in raising these funds and for their commitment to these important causes.

For the Very Best In... ATMOSPHERE — PRICES — IT'S THE VARSITY SWEET SHOP Downtown City's favorite Dating Place 110 EAST STREET and "THE NEW LOOK"
Supreme Law II

Earlier this term, we recommended Professor Robert Starchman for his interpretations of the role Generalissimo in a lecture on "The Soviet Union," the weekly editorial page. This was a good choice, as the Generalissimo is a complex and multifaceted figure, and Professor Starchman's interpretations add depth and nuance to our understanding of his role. This editorial highlights the importance of the Generalissimo in shaping the course of world events.

The Consequences of Espionage

As we have previously discussed, espionage is a serious threat to national security. It is crucial that we take steps to prevent its occurrence. One such step is the implementation of more robust security measures, both at the national and international levels. This will require a concerted effort on the part of governments and other organizations to ensure that sensitive information is protected.

The Rise of Populism

In recent years, populism has become an increasingly influential force in many countries. This has led to a rise in nationalism and anti-establishment sentiment, which has in turn fueled political polarization. It is important to recognize the role that populism plays in shaping political discourse and to work towards more inclusive and democratic forms of governance.

The Future of Education

With the advent of new technologies and shifts in the job market, the future of education is uncertain. However, it is clear that education will continue to play a crucial role in shaping the course of history. As such, it is essential that we invest in education and ensure that all individuals have access to quality education.

Letters to the Editor

The Other Side

By Stewart Kempnich

Re: The Other Side

The editor's response to the letter from the student is well taken. It is important to maintain open and respectful communication with our readers, and to address their concerns in a timely manner. This will help to foster a positive and inclusive community on campus.

The Class of '59

The Class of '59 is an organization that brings together students from the class of 1959 to participate in various activities and events. They organize social events, fundraising activities, and community service projects. The Class of '59 is an excellent example of the importance of alumni engagement and the value of strong networks.

The Midnight March

The Midnight March is an annual event that takes place on campus. It is a fun and festive event that brings together students, faculty, and staff to celebrate the end of the academic year. The Midnight March is an important part of the campus culture and is a beloved tradition.

The Ticker

The Ticker is a daily newspaper that covers news and events on campus. It is an important source of information for students and is an excellent way to stay informed about what is happening on campus.

The College of New York

The College of New York is a small, selective liberal arts college that is committed to providing a high-quality education to its students. It is a great example of the importance of small, close-knit communities in fostering a sense of belonging and providing students with a rich and diverse educational experience.

The Future of Athletics

As we have previously discussed, the future of athletics is uncertain. However, it is clear that athletics plays an important role in the lives of many students. It is important that we continue to support and promote athletics, while also addressing the concerns that have been raised.

The Role of the Press

The press plays an important role in a democratic society. It is essential that the press have the freedom to report the truth and hold those in power accountable. It is important that we continue to support a free press and ensure that it remains an essential part of our democratic system.

The Future of Journalism

As we have previously discussed, the future of journalism is uncertain. However, it is clear that journalism plays an important role in shaping public opinion and providing a platform for free speech. It is important that we continue to support journalism and ensure that it remains a vital part of our society.
UT Asks to Quit NSA: School Paper Opposed

A proposal for the University of Texas to drop its membership in the National Student Association was discussed at a meeting of the Student Publications committee last week. The proposal was made by the editor of The Daily Texan, the school newspaper. The proposal was opposed by the editor of The University Daily, the student newspaper.

Alumni Award Student Grants

The Alumni Association of the University of Texas has established a new award for outstanding students. The award, known as the Alumni Award, will be presented to students who have demonstrated exceptional academic achievement and who have made significant contributions to the university community. The award will be presented annually, and the amount will be determined by the Alumni Association.

Across The Nation

The Northwestern University, the University of Illinois, the University of Wisconsin, the University of Michigan, and the University of Minnesota have all announced new faculty appointments.

The University of Illinois has appointed a new professor in the Department of Economics. The new professor, who will specialize in econometrics, will join the faculty on September 1.

The University of Wisconsin has appointed a new professor in the Department of Psychology. The new professor, who will specialize in cognitive psychology, will join the faculty on September 1.

The University of Michigan has appointed a new professor in the Department of History. The new professor, who will specialize in modern European history, will join the faculty on September 1.

The University of Minnesota has appointed a new professor in the Department of Sociology. The new professor, who will specialize in social statistics, will join the faculty on September 1.
Groveman Scores 25 in Vain
As Redmen Trample Beavers

By Ira Turner

Paced by Al Seiden and Tony Jackson, who both scored 19 points, the Redmen from St. John's defeated the City College Beavers Saturday in the Martin Van Buren Gym, 82-64.

With Hector Lewis out because of a bad ankle, the City five were in need of another 'big man'. St. John's Tony Jackson and Lou Glazer had very little competition under the boards, and grabbed a large majority of the rebounds.

At the half, high man for City was Larry Groveman with 13 points. Behind him was Julio Delatorre with 8 points. Top scorer for the Redmen were Al Seiden with 11 points and Tony Jackson with 10 points.

Al Seiden

Beavers' top man was Marty Groveman. His total of 25 points was high for both teams. Shelly Bender and Larry Glazer were the only other men from City to hit double digits, the Redmen having a record of 15-6.

In a preliminary game the St. John's freshman team defeated the Beaver cubsr 77-48.

The win put the Redmen into the competition's national tourney, which will be held at the University of Pennsylvania.

Next week the Saporos will compete in Eastern college championships. According to Alston, the team has very little chance of finishing high up in this meet.

At the end of the month, Nick West, the Beavers' undefeated driver, and coach Jack Riker will travel to Ithaca, New York, where the National Collegiate Athletic Association championships will be held.

West is the only member of the team to go, since it was felt he had the best chance of either winning or finishing high in the division finals.

In the case of winning, the cost of sending an entire team plus a coach away for a weekend is very high, and that the money which could be allocated was sufficient only for West.

The team's problem this year, as Alston points out, is that they have not had a chance to "get even" with their opponents.

For Mets, Eastern

The City College swimming team will compete in the Metropolitan Swimming League season, including Friday and Saturday, at St. John's University pool.

Originally scheduled for the new Queens College facility, the site of the meet was switched late last week.

The meet will mark the end of the Metropolitan Swimming League season, and will determine the over-all team champions. All the teams have already met in dual-meet competition during the season.

The Beavers' record thus far this season is a dismal 3-6, but, with Davie Altman, the man who had accomplished the impossible, looking for a fifth place finish in the Metropolitan League.

Last year, the Lavender finished seventh, in the championships.

The season will not end Saturday, however, since the following weekend, the swimmers will participate in the Eastern college championships.

Beavers' coach, John O'Brien, demonstrated physical prowess by winning the "Top of the World" race, which was won by the same group successively won the second event, "A Max of the Moon," by being at the finish line first of a foot race.

Both groups showed a sense of spirit and good sportsmanship as the program progressed. The only part of the Beavers which appeared the violence was the De-arrangement of the freshmen. However, tradition, T-shirts cannot be made.

The Battles will again be next semester, at that time we have the chance to "get even" with sophs.

Sophs Triumph Over Frosh

In the semi annual Frosh-Battler, sponsored by the Intramural Board in coordination with the Physical Education Department, the upper classmen umphed 3-2.

The freshmen, captained by John O'Brien, demonstrated physical prowess by winning the "Top of the World" race.

This same group suc-"c-ly won the second event, "A Max of the Moon," by being at the finish line first of a foot race.

Both groups showed a sense of spirit and good sportsmanship as the program progressed. The only part of the Beavers which appeared the violence was the De-arrangement of the freshmen. However, tradition, T-shirts cannot be made.

The Battles will again be next semester, at that time we have the chance to "get even" with sophs.

Matmen Beat Violets,
But Fencers Topped

By Alvin Revkin

Over the week end, two CCNY teams met New York University— the wrestling team won, 19-9, while the fencing team lost, 18-9.

For the City wrestlers, Myron Wallin, 123 pounds, and Larry Glazer, 147 pounds, won via decision; Phil Rodman also won decision, and heavyweight Milt Gittiman lost his opponent by decision.

The matmen finished the season with a 4-4 record. During the 1956-1957 and 1957-1958 seasons, the City wrestlers' record of 7-1 and 2-5 respectively.

"A 4-4 record is a good record. We competed against scholarship schools," asserts co-captain Jack Klotz.

"We lost two close matches to Long Island Aggies and East Stroudsburg. We have a great coach (Joe Saporos) and this record is a tribute to him. We never had any wrestling experience until we came to City College."

Next week the Saporos enter a post-season tourney at Fairleigh Dickinson University. Eight schools will compete in the event. After this tourney, the team, as a unit, finishes its season. Any team members will enter individual tournaments.

Next season the team will be handicapped through graduation of Milt Gittiman, Ronny Reiss, and Vito Bertolini. Jack Groveman, who has a record of 15-6, will enter his final season and will be in charge of the entire team.

The team's problem this year, as Alston points out, is that they have not had a chance to "get even" with their opponents.

The season will not end Saturday, however, since the following weekend, the swimmers will participate in the Eastern college championships.

The season will not end Saturday, however, since the following weekend, the swimmers will participate in the Eastern college championships.

The event was split into three categories—foil, saber, and epee. The Violat won the foil and saber events, 7-2 while CCNY took the epee.

On March 13 and 14, City will field a team in the annual Inte-ational Fencing Association tourney.

Marty Groveman:
Student Opposes Former Teacher

Saturday, CCNY's Marty Groveman met the man who helped him to increase his average from nine points per game in the 1956-1957 season, to 17 points this season. The man was Tony Jackson. St. John's sophomore sensation.

Jackson, along with Harvey Salz, who is now starring for Frank McGuire's North Carolina team, helped Groveman learn to drive to his right.

Last season, 6-0 Groveman, used to drive only to his left side. Opposing coaches were able to take advantage of Groveman's lack of experience and were able to set up their defense accordingly.

Groveman is a 21 year old lower senior at the Baruch School, majoring in psychology. He has been Nat Holman's most consistent ballplayer, even though he has suffered many injuries against Hunter and Manhattan.

Groveman acquired most basketball experience at New Brownsville Boys' Club. Last season he scored 41 points in the game was played against a Negro All-Star white club. People then said he was the best basketball player in the city.
