Two Seniors to Run
For SC Presidency

Petitions for Student Council and Class Council positions are now available in 921. They must be returned by today at 4.

Last week, two seniors—Bob Smith and Janet Weins—announced their candidacy for the SC Presidency. Both are currently members of Alpha Phi Omega, the Campus Life Organization Society, and the National Student Association Delegate for Baruch School National Student Association Delegate.

Both candidates have attended last summer's NSA Congress and have been active in various organizations and activities at Baruch.

Mr. Smith is a senior in Finance and Economics, and his main interest is in business management. His campaign slogan is, "Leadership for Change."

Mr. Weins is a senior in Psychology and Sociology, and his main interest is in social work. His campaign slogan is, "Progress for Tomorrow."

Out-of-City Employment Urged by Placement Head

Baruch students were urged last week to "widen their geographical horizons" in seeking employment after graduation.

In a report presented to the Department of Student Life, Tuesday, Lawrence L. Lansner, director of the School's Placement Office, said that students should not narrow their search for jobs to the "five boroughs" or "Metropolitan New York" areas.

Mr. Lansner noted that job opportunities outside of the Metropolitan area and outside of the country are almost impossible to find. He said that many out-of-city firms call the Placement Office, but that no students apply for these positions.

The Placement Director stressed the importance of networking with friends and former classmates, and of taking advantage of opportunities to attend job fairs and other events.

Job Expectations

Mr. Lansner said that employers expect graduates to be well-prepared, to have a strong work ethic, and to be flexible in terms of location and type of work.

He added that many employers have commented that Baruch graduates "know the value of a job" and usually do "a day's work plus."
Lesson Unlearned

The Board of Education has refused to consider the issues of striking Baruch College and its students under the banner of "Metropolitanism." It has further refused to consider the effort of the Baruch Student Council's Committee on Education, led by Dean Allan, to organize an educational conference for the City University.

The Board of Education has also refused to consider the issues of striking Baruch College and its students under the banner of "Metropolitanism." It has further refused to consider the effort of the Baruch Student Council's Committee on Education, led by Dean Allan, to organize an educational conference for the City University.

Student Wages

A report released by the school's labor relations commission, the College On-Campus commissions and the Baruch Student Council, recommends that the minimum wage for all workers on Baruch's campus be set at $2 per hour. The report also calls for a $1 increase in the wage for all workers on the school's campus.

Revival?

It appears as if the Baruch School is trying to revive its name. With the help of some students who have taken out of the books, the school is once again trying to attract more students. The school has been working hard to improve its image and to attract more students.

Correction

The Baruch School has been trying to improve its image and to attract more students. The school has been working hard to improve its image and to attract more students.

Basketball Season Begins

By Steve Rappaport

The City College basketball team will be facing the University of Notre Dame Fighting Irish in a March Madness game on March 22nd.

Julio Delatorre

Marty Groisman

Guy Marcat

St. Louis Rips City in NCAA Title Bid

Marty Groisman, a guard from Notre Dame, and Marty Wilson, a guard from City College, are expected to start against Notre Dame.

Julio Delatorre, a forward for Notre Dame, will start against the Fighting Irish tonight.

Guy Marcat, a guard for City College, will start against Notre Dame tonight.

Harry Minnerop, a center for Notre Dame, will start against City College tonight.

The University of Notre Dame Fighting Irish will be looking to revenge against City College, where they were eliminated from the NCAA Tournament last year.

The game will be held at the University of Notre Dame's Purcell Pavilion in South Bend, Indiana.

The University of Notre Dame Fighting Irish are currently ranked #1 in the country, while City College is ranked #21.

The match-up between the two teams will be a battle of the two programs' best players.

Watch out: This was Beaver booster Harry Minnerop giving the half time address at a game against St. Louis. He didn't stop running, the rest of the game.

Harry Minnerop is a Beaver booster and a member of the team's coaching staff.

It was obvious that the Beavers were dominating the game and it came not as a surprise, only as a shock to the Minnerops as well as the other Beaver players.

There were many other close plays at City's end of the field in the first quarter, as the Beavers began to take the offensive, but Illini's Les Lopez and Claude Orsino, as well as Charlie hrzke were outstanding in preventing any scoring.

At the end of the first period, the game was even.

In the second quarter, unlike the first, the city would take the offensive, and at 2:05, Minnerop called the half 56-59.

The Illini took the offensive, but the Beavers were not about to let the Illini's run away with it.

Many observers felt that the game would end with a split, but many observers felt the Beavers would not let it end that way.

At the start of the second period, St. Louis had the Beavers with their 56-59 lead, but it was only a matter of time before the Beavers would take the offensive.

At this point, St. Louis ran over the Beavers, T. T. and L. A. were scored, but the Beavers were unable to complete the shot and the game ended with the Beavers leading 56-59.
