Gregar, Mehta Discuss Summer Use of Center

The Student Center will be open during the summer from Monday through Friday. There will be a special cultural program at least one evening a week, it was announced by Marie Mehta, both of the Department of Student Life.

Dr. Gregor noted that the Center should be used more toward the evening students who may sum up their day sometime during the summer months. He added, he stated, the Center would be open from 9 a.m. until 9 p.m. Monday and Tuesday and from 9 a.m. until 7 p.m. Wednesday and Thursday.

However, Dr. Gregor noted that if any organization wants to use the Center, he said, they are more than welcome.

The weekly cultural program will be under the direction of Marie Mehta, who is a former cultural consultant for the United States Information Agency and has recently joined the Baruch staff.

The major feature of Mrs. Mehtas program will be the week of English courses for the students in the summer months. The first intercultural night will be held Thursday, June 29 and it will be open to all those interested.

Mrs. Mehta has stated that any interested in working on the programs should see her next term to discuss the programs. She noted that these programs, which are also include documentation and pictures about the student body and present exhibitions of cultures of their respective countries. The Intercollegial Night will be held Thursday, February 19 and it will be open to all those interested.

Dr. Gregor stated that if any organization wants to use the Center, he said, they are more than welcome.

Gallagher Discusses College At Final Press Conference

I have no pleasure whatever in leaving. I enjoyed and will continue to enjoy in retrospect the exhilarating learning process at C.C.N.Y., stated Dr. Emlen G. Gallagher, president of the College for the past nine years, Wednesday at his final press conference.

Stein of A.C.B. Discloses Reallocation of Lockers

Al Stein, chairman of the Activities Coordination Board, announced a reallocation of locker space in the Student Center at a meeting of the Council of Presidents Wednesday. No organization was deprived of locker space, held this semester, even if such space was not used, but several organizations will share individual lockers.

Stein said that the board hoped to have work tables placed in 4 1/4 and 4 3/4 of the Center for organizations to use. Alpha Delta Sigma, the national professional fraternity in advertising, announced a proposal for a "Past" campaign to stimulate student interest in the Center and in the co-curricular program in general next term.

A committee of the Council of Presidents was established to study A.D.S.'s proposal and to submit recommendations to Ken Pescin, next term's chairman.

A motion to establish a committee to plan and organize an information week to be held at the beginning of the semester was also approved by the council. The committee will work with the Freshman Orientation Society to coordinate the program with the Big Brother pre-registration program held every term.

Stein announced at the meeting that there have been 411-09 at present that 101-9 at present have not been spent by the clubs. He said the board had a complaint to the organizations, which have a sizeable amount left in their account.

"There never seems to be enough money for the clubs," he said. He noted that every semester approximately $300 is returned to the unapportioned fees account because clubs do not spend all the money allocated. Stein also noted that he suspects there might be some kind of change next semester.

In other A.C.B. business, Pescin announced that he will combine the A.C.B. Calendar with the Baruch Bulletin next term.

Motion to Confine Referenda Defeated by Student Council

By Marilyn Karlin

Student Council, at its Friday night meeting, defeated a motion proposed by Ken Klein '62, which stated that any matter brought before the student body in a referendum could not be brought up again for referendum vote during the next four years. The vote was 12-3.

The proponents of the motion stated that students should not have more than one vote on a measure during their stay at the College. They believed that frequent referenda would be confusing and make the student body feel more alienated.

Al Stein, who first proposed the motion, said that he feared that students may develop a "voter fatigue" if they were subjected to too many referenda. Stein noted that it is conceivable for students to change their minds about an issue during their years at School.

The opponents declared that it is conceivable for students to change their minds about an issue during their years at School.

Student Council then voted 19-2 to declare the following charter clubs for next semester: Comp. Union '64, fight against cancer; Student Action Plan; and Students for South Vietnamese Phamhas; Sigma Beta Phi, for the Institute of Medicine Disease; Boosters for the Booster Scholarship Fund; and Alpha Phi Omega, for the Lighthouse for the Blind.

In addition, the following organizations were permitted to hold drives: Theatrew, for the Ph.D. Thesis; the Student Union, for the Student Union.

Motion to Confine Referenda (Continued on Page 3)
The Student Center

The Student Center has been in use for one semester now. The students have had the opportunity to use the center in a number of ways, some more successful than others. There are a number of other groups, such as the Psychology Society, which use the Center but do not have a lobby or the like.

We believe that students should have been allowed to have a lobby and that the main advantage of the Center is the Psychology Society. The Center is attempting to find equitable solutions to the representatives of various groups, frequently must speak with and work with the Center, in this sense, the college graduate is mandated to take on the responsibilities of a student. He cannot be neglected. It should be remembered that when we are graduated, we are no longer students, and that our responsibilities will not be over. Thus, the college graduate is mandated to take on the responsibilities of a student. He cannot be neglected. It should be remembered that when we are graduated, we are no longer students, and that our responsibilities will not be over.

Jaspers Beat Beavers; Team Won Two Games

By Steve Rapaport

City College's baseball team ended a dismal campaign Wednesday, losing to Manhattan, 7-6, on Ohio Field. The Beavers won only two out of thirteen contests, including two out of twelve games in Metropolitan Conference play.

Despite the poor showing City finished in seventh place in the league, a match above Brooklyn College.

Senior Murray Steinmink absorbed his fourth loss of the season, giving up three home runs, a triple, and two singles in four innings. This marked the eighth consecutive year that the Beaver baseball picture despite his mediocre 1-3 won-lost mark, many of his defeats could be attributed to the erratic fielding which plagued City players throughout the season. The stellar performer completed six of the seven games he started.

D'Amore will have to find replacements for seniors Botwinik, first baseman Bill Battrick, shortstop George Lopac and outfielders Joe Martino and Boucher. Keen Rosenn.

Poly Tech Tops City For Second Setback

The City College tennis team ended its season Friday afternoon Poly Tech at the latter's home courts, suffering its second setback of the season, 6-1, 6-3. With the absence of Stanky Freundlich, City was severely handicapped.

Alan Smith was beaten by Jack Howard 7-4, 6-1, 6-0. Sy Silver and Al DiBernardo tied their first two matches of the round, losing to Richard Swientielski 8-6, 6-3 and Borovsky losing to Stu Najder, 6-6, 6-1, 6-3. Les Gerhardt registered City's first win by defeating Jack Masters, 6-2, 6-2. Nelson Faier was defeated by Ron Kapproth 9-7, 6-2, 6-2, and Larry Goldhirsch bested Dave Huymon 6-2, 6-3.

The doubles matches were split 1-1 with the third match being cancelled by mutual consent. Howard and Swientielski defeated Smith and Gerhardt 6-1, 6-0; and Silver uniting with Botwinik to conquer Najder and Bob Davis 6-3, 6-1.

Lacrosse Team Victorious In Final Contest of Season

By Mel Bernardoff

The City College lacrosse team culminated its season with an 11-6 victory over Lafayette College at Eastern Pennsylvania Saturday. The win brought the over-all record of the Beavers to 5-4.

Junior Johnny Orlando scored six goals against Lafayette. He also scored, defeating Poly Tech, the season opener. Orlando was the top collegiate lacrosse scorer in the country.

The loss of many of the Lavender stars due to the June and January graduations prompted first year varsity coach George Baron to find at least fifteen replacements.

The Beavers started the season off poorly after last year's 5-3-1 record with a double reverse to Harvard and Adelphi by 23-3 and 6-3. With an attractive figure Baron was coaching the freshman lacrosse team at the time of Miller's retirement.
