Special Magazine Fund
Established by Council

Student Council unanimously passed a motion, 12-0-0, on Tuesday evening to establish an Academic Magazine Fund doing so the provisions of the fund were added to the bylaws of Council.

The motion was presented by Dave Podoff, president of the Student Council, and introduced so that organization publishing a magazine might run into a deficit and seek financial aid through the fund.

The motion was introduced, "In recent months Student Council and the Collegiate Young Republicans have been appropriating funds for various academic magazines. The number of students on campus has grown steadily and it is to the best interest of all parties that the council establish a Magazine Fund..." according to the provisions of the motion.

Dr. Gustave G. Rosenberg, chairmen of the Committee on Appropriations, said, "We are happy to extend this service to our students through a fund that will round out the disbursements of Professor Kublin's distinction.

We hope that many others in the community will participate too. Several members of our staff have undertaken television teaching, but this is the first effort to be produced by a division of the university. We hope that it may be a forerunner of future television programming."

Dave Podoff, president of the student council, said that the fund would be administered by a committee consisting of the A.C.B. council president and treasurer, the Student Council president and treasurer, and one faculty member to be selected by the student council for a two-year term by council. The motion further states that applications for a grant shall submit a detailed budget in writing to the committee one week prior to its meeting, must put the magazine on general sale and not just in specialized classes, must charge a minimum subscription fee for the magazine and must make every effort through sales promotion, contributions and advertising revenue to put the magazine on a financially self-sufficient basis.

It was further noted that "(Continued on Page 7)"

City University to Sponsor Television Education Series

The first in a series of television lectures sponsored by the City University of New York's Division of Teacher Education is producing the series.

Dr. Hyman Kublin, a professor of history at Brooklyn College, will present the lectures. He is a pioneer in the development of Asian civilizations in social studies in the schools.

The twenty-nine half hour lectures will focus on the civilizations of India, China and Japan. Specialists in various phases of Asian civilizations from local colleges and other organizations will appear on the series as guest lecturers.

Dr. Kublin said, "In a city which is host to the United Nations, the teaching of other civilizations and cultures is still neglected. Our first job is to prepare the teachers to undertake these studies. The television course is designed to unfold the richness of the cultural heritage of three countries whose populations collectively represent about one-half of the people of the world."

The next program will be held Monday on "China: The Land and the People." (Continued on Page 7)

Rivlin Says Cafeterias Inadequate

Dr. Harry N. Rivlin, acting president of City College, noted at his press conference Thursday that "the cafeteria facilities at the College were inadequate. He referred to both the Uptown and Downtown campuses when discussing the eating areas.

Adequate Cafeteria Needed

The acting president stated that students need adequate cafeterias not only to keep from "perishing from hunger" but also to create an atmosphere conducive to talking with their classmates.

Rivlin noted that a good cafeteria is an important aspect of a college campus and adequate dining areas are in need. He added that the cafeteria on the Downtown campus is often overcrowded with students and that the cafeteria on the Uptown campus is not large enough to meet the needs of the student body.

New Facilities Present Problem

Dr. Rivlin noted that even if we win their support, there is still a problem with overcrowding of the cafeterias.

The acting president emphasized that students should realize the cafeteria's importance. He said that students should not have to be told to leave when others were waiting to eat.

In SC Elections Tomorrow

Paul Pruzan, '62 is the uncontested candidate for vice president in the school-wide elections to be held tomorrow from 9-3 in the eleventh-floor snack bar and in the Student Center lobby.

The elections are being held to fill the two vacant seats on Student Council. Students wishing to vote must bring their bursar cards. Freshman elections will be held Friday in Freshman Assembly. Freshmen may also vote for school-wide officers upon receipt of their bursar cards.

Jeff Baren '64 is running unopposed for the post of National Student Union president. The two candidates for the Insignium Committee position are uncontested.

The students voting for the four vacant seats in the Class of '63 are Fred Schwartz, Tom Row, Joyce Hurvich and Margaret Diamond.

The students voting for the four vacant seats in the Class of '62 are Andrew Rading, Mel Siegel, Philip Posner, Dick Liebman, Morris Wilensky, Stuart Bierdbart, Rona Kaufman, Larry Darrows, Shul Horvitz and Margaret Diamond.

The students voting for the four vacant seats in the Class of '64 are Fred Weiss, Neil Golatsin, Walter David, Phil Kellner, Barbara Eisenstadt, Perry Langer, Mitch Robin and Steven Kaplan.
Students Offer Varied Views About Bridge

Student opinions on the new Student Center and the Rose-Bucy Bridge are being collected in an attempt to establish new political lines. The Student Council and the executive committee have agreed to hold this survey, and results will be available to the public shortly.

By Richard Sacks
Sigma Alpha, the Rose-Bucy Bridge, the Student Center, and the Student Senate are several of the main points of contention among the students. Sigma Alpha, for example, has already proposed several new programs for this year. Some students have noticed that the organization seems to be attempting to establish themselves as a political group, and others have accused them of being overly aggressive.

The Student Center lobby is becoming a popular gathering place for the students. Many students have commented positively on the new facilities, which include a larger commons area and improved lighting. However, some students have expressed concern about the cost of the new center, which they feel could have been used to improve the educational facilities instead.

The Rose-Bucy Bridge has been a topic of much debate. Some students have praised it for providing easy access to the campus, while others have criticized it for causing traffic congestion and for being unsafe for pedestrians.

The Student Senate has also been involved in the debate over the bridge. Some senators have proposed设立 a committee to study the issue in more detail, while others have insisted that the bridge should be immediately closed and rebuilt.

Dr. Peretz Will Discuss Army Refugee Problem

Dr. Peretz, the head of the Army's refugee resettlement program, will address the audience on Saturday at 3 p.m. in the Student Center. He will discuss the current state of the refugee program and the challenges facing the army in resettling refugees.

SAM Gives Members Chance To Test Executive Abilities

Members of the Student Activities Board are being given the opportunity to test their executive abilities. The board has decided to hold a series of mock elections, in which students will be able to choose their own executive members. The elections will be held in February, and the results will be announced in March.

ACB Chairman Notes Meeting Regulations

The chairman of the ACB has issued a new set of meeting regulations. Among the new rules are provisions for the election of an ACB representative to the student council, and for the establishment of a new fee for the use of the student center.

Dr. John Peretz Congratulates Students

Dr. John Peretz, the president of the college, has congratulated the students for their hard work and dedication. He said that he was proud of the way the students had been able to overcome the challenges and difficulties they had faced.

Dear Editor,

I have been a student here for two years and I have never seen such a lack of enthusiasm for the Student Council. The current Council leadership, for the slate of executives elected in last spring's election, was of a uniformly fine caliber. During the term, half of the students participate in Francoese demonstrations against the House. There, they are forced to another college, or were forced to participate in its student government just for the sake of the position. It would be much better if the students were unwitting abettors of the policy of anyone to the right of them, if it weren't for the fact that public discourse must coincide with the position of many...

Beavers to Play Ft. Schuyler Tomorrow in Search of Title

By Mel Bernhardt

In quest of a league title and national collegiate Athletic Association tournament bid, the Beaver booters will open their 1961 soccer season tomorrow against the New York State Maritime College (Fort Schuyler) in Lewishon Stadium at 3 p.m.

The Beavers will also play host to the Long Island University-West in Lewishon Stadium at 2. Both contests are in the Metropolitan Intercollegiate Soccer Conference.

Graduation Losses
Both New York State Maritime and L.I.U. were hit hard by graduation losses and are finding it extremely tough to obtain replacements. Last season, City defeated the Academy and L.I.U. by 7-1 and 6-0, scores, respectively.

Fort Schuyler, which finished sixth in the Metropolitan Conference with a 3-6 mark last year, will only have five of their key players back. Long Island University returns to the "soccer wars" with a new Coach in the person of Coach Neville Parker, the only bright spot on his team. The Blackbirds finished in the cellar with an 0-8 record last week.

Newcomers
The experimentation employed by Coach Neville Parker with his squad last year, is evidenced by the fine play of newcomers Hank Windischmann, Wing One and Peter Ederly against Long Island University in a scrimmage game Wednesday. Coach Harry Karl, who has been experimenting with his players during both the New York State Maritime season and the L.I.U. encounter, is finding the position best suited for each of his players.

Other fine prospects are sophomores Reynold Huntley and Neville Parker, both from the West Indies. Huntley has a strong kick and will be used on the left side. Neville Parker is a standout at halfback.

The big test for the Lavender Lions will be against Brockport State Teachers tomorrow at the New York October 14 when they travel to the upstate school. Last season, Brockport defeated the Beavers in a thrilling contest, 3-2.

Travel
Students who are interested in watching the Beavers play can reach Lewishon Stadium by either taking the I.R.T. to 187th Street or taking the I.D.N. to 180th Street. Admission is free at all home games.

Soccer Team Defeats Lions in Exhibition

By Harvey Pensky

The Karlimen, preparing for their season opener tomorrow, scored impressive victories in exhibition soccer games 1-2, Wednesday and downed Columbia University last weekend.

The Lions contest was highlighted by the outstanding play of sophomore Harry Windishmann, who scored two goals. Harry tallied late in the game after he switched center half to center forward. After replacing the two experiments Coach Harry Karl during the game in order to displace his best lineup. At one point, Earle Scarlett, an all-state selection at inside left, was stationed at center forward.

Two newcomers, Wing S. Ong and Pete Ederly, also made the starting column for C.C.N.Y. On defense, Bill Petraitos, Wolfgang Scherer and Tony Yanis were outstanding.

There was no scoring in the first half. At the end of the third period the game was knotted at one all. However, goals by Ederly and Huntley in the second half enabled the Beavers to win the game, 2-1.

The Karlimen commences their season with two successive home games against the New York State Maritime College in a Metropolitan Conference game at Lewishon Stadium.

Trackmen to Compete In ‘Triangular Meet’

By Jay Weller

The City College cross-country team, coached by Francisco Castro, has been training vigorously to get into shape for its coming triangular meet with Fairleigh Dickinson and Hunter College Saturday.

If the Beavers are successful, they will be counted upon for a good performance, according to Coach Harry Karl's prediction. "We have a good chance to win it if we get by Fairleigh Dickinson," Castro asserted.

Two returning lettermen, Paul Lamprinos and Bill Hill, and two promising sophomores, Lenny Zane and Bill DeAngelis, are likely to help most. Both Lamprinos and Zane ran this season against competition, and either could be the team's No. 1 man.

Lamprinos admits that his team-mates have the edge on endurance, "Five miles fits Lenny's abilities. He's strong rather than fast. I feel I can be the best runner in our conference."

Castro hopes all of his men will be able to hold their own in the meet and will be able to run a good pace. "It's tough, but I think we can come out ahead in the conference," he said.

In the opener, Fordham drew first blood by scoring four runs in the third inning. This was successfully followed up by City College, which tallied one run in the fourth and eighth innings. The game totalled 13 runs, seven hits and seven errors. Fordham scored thirteen runs on six hits, seven runs and six errors.

As expected, the game was played under the new rules that allow the batters to leave the field on a "if" and "equal" called strike. The Beavers tallied only one run in the third and eighth innings.

In the inning the Beavers led 1-0. By hitting a successful sacrifice fly, Lenny Zane scored the only run of the game on his team. The Blackbirds finished in the cellar with an 0-8 record last week.

Beaver Nine Beaten Twice

By Alvin Revkin

Neville Parker, a mainstay on C.C.N.Y.'s freshman soccer team last season, came to City College the hard way. Except for one little "if," he got by Fairleigh Dickinson in a close meet, 3-1.

Interested students should contact Coach Neville Parker, 187th Street, to find the position best suited for each of his players.

Other fine prospects are sophomores Reynold Huntley and Neville Parker, both from the West Indies. Huntley has a strong kick and will be used on the left side. Neville Parker is a standout at halfback.

The big test for the Lavender Lions will be against Brockport State Teachers tomorrow at the New York October 14 when they travel to the upstate school. Last season, Brockport defeated the Beavers in a thrilling contest, 3-2.
