SC Approves Term Budget And Sends Letter to Times

Student Council, at its Friday night meeting, approved a budget proposed by Council President Paul Fruzan for this semester. It was also voted to send a letter to The New York Times protesting that public opinion on tuition for the city colleges.

The Council budget called for a total outlay of $1,950 and was passed with relatively little debate.

The Times editorial supported a moderate tuition charge in all state and city colleges, stating that the present policy of allowing city college students to pay no tuition was inconsistent because state college students and community college students had to pay tuition.

Counselor's answer, which was reviewed by the executive board, refuted the above points.

The letter stated that the state colleges do not have a history of stable funds from a prior year's tuition. The letter went on to say that community college practices had no bearing on our own, as students at the four-year colleges have qualified for a four-year scholar- ship based on academic standards of scholastic achievement.

The letter also sought to refute The Times' policy, stating that the city has the same rule for which it is always asking. The existing law gives the Board of Education permission to charge tuition if it desires.

Council's letter stated that the city is the home rule for which it is always asking.

SC Election Unit Releases Results In Special Votes

The Student Council Elections Committee has announced the following results of the special election held Sunday: Larry Fleisch, unopposed for the position of secretary of the Class of '63, polled 29 "yes" and 2 "nays." Also in the Class of '63, Joel Greenwald with 19 "yes" votes and 10 "no's" and Menachem David, with 26 "yeas" and 13 "no's," were elected to Student Council.

The Class of '64 elected Joe Traum, 49 "yes" votes and 10 "no's" to the executive board. The Class of '65, with 49 "yes" and 11 "no's" as Student Council representatives.

In the Class of '66, Martin Friedman and Abraham Rozman, polling 95 and 51 votes respectively, defeated Harvey Oppenheim and Howard Traum, with 48 and 43 votes, respectively. The Class of '67 elected Bennett Steinbauer by 100 "yes" and 26 "nays" to Student Council.

In the Class of '68, Gary M. Gruvberg was re-elected Student Council President.

New York Times Declares Tuition A Reasonable Policy

The Times declared that "perhaps the strongest argument in favor of continued free higher education is embodied in the stories of students and city college students." The Times mentioned that many of these students have demonstrated "exceptional promise in their field." The Times went on to say that "the state is moving in the direction of charging tuition to all students." The Times added that "it is the responsibility of the people to charge tuition if they desire."

Paul Fruzan

B.B.C. had never asked for this directive powers—linked.

"The Times policy is not for the sake of the people and therefore should not itself have the power to institute tuition."

A letter by Bill Roskin '63

Flag is Presented...

JOHN LINDSAY presents an American flag to the United States Mission to the United Nations, will be its initial guest speaker at the opening ceremonies.

"The United Nations is a gift to the School as a gift. The group includes (from left) Dean Samuel Thomas, Melvin Lax, Love, Lindley, Eagle and Professor Daniel Parker of the Department of Public Affairs."

Win to be Speaker Mock U.N. Forum

The model United Nations that presented. Wallace Irwin, an initial guest speaker at the opening ceremony, is held Thursday in the auditorium.

The model U.N. is to acquaint the Baruch student body with the problems facing the world and the United Nations' role in bringing about their solution. It also hopes that the School's involvement of U.N. working will be for the benefit of the students.

At present the house plans have been decided to represent the Eastern bloc nations while the fraternities will take the Western views on issues. Independent organizations in the School will be a rule as will represent the neutral nations.

The model U.N. is sponsored by Student Council with Co-Chairmen: Thomas White and Bob Solow. They have the responsibility of organizing the proceedings beforehand. The countries' official stands on issues will be directed by contacting their actual U.N. delegations.

Haste to Discuss Training At Pi Sigma Epsilon Talk

Charity Drive

J. E. Donald Hailand of McKesson and Robbins will be the guest speaker at a meeting on recruiting prospective members to the Pi Sigma Epsilon, the national honorary marketing and sales fraternity. The meeting, scheduled for 12:15 p.m. Thursday in the City College Field house, will be open to all City College students.

In addition to the address on the principles of salesmanship and charity drive, Hailand will also speak on the opportunities in the marketing, sales, and advertising professions, and the requirements for advancement in these fields.

A meeting of the Senior Prom Committee will be held in 105 of the Student Center.

Theatronics, Faculty Slays the Feature Favorite Frost Reading

The Speech Department will present a Robert Frost program Thursday in conjunction with Theatronics, the program's Thursday offering. The program will feature a reading of some of Frost's poems, as well as a discussion of his life and work. The event will be held in 105 of the Student Center.

The Free Tuition Question

The following is a report of the New York Times editorial service covering free tuition.

In an editorial in the New York Times, the editors have expressed their views on the issue of free tuition.

The editors write: "It is important that the city and state governments provide free tuition to all students who qualify. This would help to ensure that all students have the opportunity to pursue their education without the financial burden of high tuition costs."

The editors go on to discuss the benefits of free tuition, including increased access to higher education and reduced financial stress for students.

Letters to the Editor

Can We Forget?

By Marilyn Kaylor

For one who is agitating for continued free tuition, what we are agitating against is free tuition at all. All colleges and universities, public and private, make a profit. What we are agitating for is moderate tuition charge. The reason for the existence of this profit is that they have the privilege of charging tuition.

In the interests of scientific freedom, I believe that there is nothing wrong about governments, businesses, or individuals making a profit provided it is done for the people and not against them. The government, for example, makes a profit on the sale of its goods and services. If the government were to charge no tuition, it would lose money. Therefore, the government must charge tuition.

## Letters

(Continued from Page 6)

To the Editor of THE TICKER:

I would like to leave on this final page... the reason I am writing. I am in the process of breaking up with my fiancée, and I thought it would be a good idea to let everyone know why.

Firstly, she was never able to make a decision. Every time we went out to dinner, she would spend hours on end trying to decide what to order. This made me very frustrated, as I was always hungry and wanted to eat. Eventually, I had to force her to order something just so we could move on with the meal.

Secondly, she was never able to keep a conversation. Every time I tried to talk to her, she would always change the subject. She would also never respond to my questions, leaving me feeling like I was speaking to a wall.

Lastly, she was never able to cook. Every time we decided to cook dinner together, the results were disastrous. She would always forget to turn on the stove, or if she did, she would forget to turn it off.

I hope this letter is helpful to others who may be in similar situations. I wish my fiancée the best in her future endeavors.

Sincerely,

[Your Name]
Records Fall as Cagers Whip Knights; Nilsen Shatters School, League Marks; Beavers End Campaign With 9-9 Slate

By Lew Lipset

A record-shattering forty-eight point performance by senior Kenny Nilsen led the City College basketball team to a 96-83 victory over Baruch Wednesday at the Wrigley Ball. It was the season’s finale for C.C.N.Y.

The victory gave City a record of 9-4, including a 4-3 mark in Tri-State League competition. Adelphi’s victory over Brooklyn eliminated any chance for a first division finish by the Beavers. It was the first time City reached 500 since 1957-58.

Nilsen also established a single game team scoring record.

Nilsen, while drawing all the attention, was by no means alone. Center Frank Barton, Mike Rodman and Irv Cohen all gave magnificent performances in final effort for the Beavers.

The Beavers never trailed as they hit 62% of their shots in the first half, moving to a 48-32 lead. Nilsen scored twenty points, Rodman and Cohen splitting sixteen more. The Beavers dominated an obviously inferior team and didn’t need a lot of defense. The Beavers were content to allow the Violets to score only nineteen field goals.

In the second half, the Violets were held to a field goal percentage of 51.4, and the Beavers were up 76-50 with twenty minutes in the game.

The Beavers managed to place eleven best teams in the East will travel to Ohio State where the N.C.A.A. championships will be held March 23 and 24.

Fencers Beaten by Violets; End Season With 5-4 Slate

By Steve Rosenblatt

New York University, the defending national champion, crushed the City College fencing team, 18-9, Saturday at the Violets’ School of Education Gym. The meet ended the regular season for the Beavers with a victory in six out of seven matches.

City Swimmers Place Seventh

Seven-eleven was not a lucky combination for the Beavers swimmers Saturday. They finished seventh in a field of eleven in the Metropolitan Championships at N.Y.U.’s pool.

Barry Shay broke a School record in the 200-yard free-style by swimming the distance in 1:32. However, Shay placed fourth in this event.

Morris Levine was fourth in the 200-yard breast stroke. N.Y.U. won the meet with L.I.U. second, followed by Penn. The Beavers competed in the last twelve years that the Violets had won the championships.

C.C.N.Y. beat out Brooklyn Polytech, Queens and Hunter for seventh place.

Last season the Lavender took fifth place in the annual meet.

Matmen Sixth In Met. Meet

By Jay Weller

The City College matmen placed sixth in a field of eleven teams at the Metropolitan Collegiate Wrestling Championships meet Saturday at the C.W. Post, Long Island campus. The meet was won by the Beavers, who led three teams to first, all played their final game for the Beavers.

Nilsen, top Beaver player according to Cornell’s All-Time list, was the top scorer, had been averaging thirty-five points to assure him of an average in double figures.

Winston, the top Beaver playmaker, finished the season with an average of thirty points, same as Nilsen.

To make it a perfect evening the Beaver freshmen defeated the Bridgeport Cubs, 92-91, in double overtime. Bob Kissman scored thirty-two points to lead City, while Vel Aing and Sam Greene tallied twenty-four and fifteen points, respectively.

City’s final record was 7-9.

Well Done

By Steve Rappaport

A .500 basketball record at many schools would sign of failure and disappointment. But at City College this season it meant nearly a half-century of victories.

Throughout the campaign the City shots were more important than the team’s. The Beavers shot better than the Violets and won the three-game series.

The season opened hopefully with an 82-60 crushing of Cooper Union. The score impressed itself, but there were other noticeable happenings. When the LIONS cut the lead to six points, the boys didn’t fall apart as they had done in recent years. With confidence, the boys moved the ball, made the shots and turned the game into a rout.

As for the students, the singing of “Lavender” at half-time assured the Beavers of their reserved confidence. And there were no premiums on winning.

Three days later the Beavers gave cause for increase on the six-point half-time deficit and upset L.I.U. at the end of regulation time. The score was 60-54.

Students now began to figure out how many games over .500 they would finish. Some even counted on a Tri-State League crown post-season tournament.

Then came the loss to Adelphi and the season was over.

Violets over Brooklyn and Queens pushed the record to a best early-season standing reached in recent seasons.

Northeastern of Boston came to town January 6 and 7. The Violets won both games by a 16-15 score in the first and 25-21 in the second.

The autumn was the time to settle the season. The Beavers’ record was 7-9.

Suburbanites now began to figure out how many games over .500 they would finish. Some even counted on a Tri-State League crown post-season tournament.

Then came the loss to Adelphi and the season was over.

Violets over Brooklyn and Queens pushed the record to a best early-season standing reached in recent seasons.
