CUNY Presidents Write 'Ole Miss' SC Officials

The following letter was written by the student body president of Brooklyn College, Jay Ostrower. It was subsequently endorsed by the other presidents of the City University and sent to the student government at the University of Mississippi.

As presidents of our respective student governments our roles and responsibilities are quite similar. At Brooklyn College, we have private views and attitudes which have oriented our actions as leaders of the student body of our school. Whether our attitudes are the same I do not know. However, I would hope that you would agree with me that the right of a qualified student to an education is the basis upon which public higher education is established.

We both represent the students of our particular university and therefore must see that the concept of the public university and its availability to all qualified students is maintained. At the City University of New York we are struggling to maintain the tradition of free higher education for the students of New York City. As the president of the student body of the University of Mississippi you are faced with similar responsibilities: to be a "loud voice" in helping to guarantee an education for all legally qualified students in your state.

James Meredith has been denied admission to your institution, in spite of the fact that the federal courts have ruled him admitted as a legally qualified student.

In cases of discrimination such as this, many people attempt to place the blame upon the shoulders of one individual. But in Mississippi, does the blame rest solely on the shoulders of the Governor? Are there not any dissenting voices at the university? In the North, the University of Mississippi is seen as a bastion of "insult," united against the admission of a qualified student. However, I would not personally think that all the students wish to withhold the rights of a citizen of Mississippi.

This incident not only trespasses upon the rights of one student, but ultimately, it threatens government by law and therefore the rights of all students. If the university should be closed, the rights of the students of Mississippi would be immediately challenged. I feel that as presidents it is our responsibility and obligation to uphold the rights of one student and all students. Where is the voice of the students of Mississippi?

Linda Barr, Hunter Downtown.

The entering freshman class, lower '66, held its elections at freshman assembly Friday.

The four available Student Council seats were won by Paul Gersten, 198; they defeated Herb Stern 20 to 3. Pamala F. Friedman, of upper '66, garnered 3 "yeas" and no negative votes.

Nineteen Scholarships Awarded to Students

The Lamport Society, a philanthropic organization at the Baruch School, announced that it will offer twenty-nine scholarships to students for the fall semester. The scholarships will be awarded to incoming freshmen, as well as upperclassmen.

The Lamport Society awards a total of twenty-five scholarships each year, with ten scholarships available to incoming freshmen and fifteen scholarships available to upperclassmen. The scholarships range in value from $500 to $1,000 and are awarded based on academic merit and financial need.

The scholarships are open to students who are enrolled in the Baruch School and who meet the eligibility requirements. Students are encouraged to apply for the scholarships by submitting a scholarship application form, which is available online on the Lamport Society's website.

The Lamport Society is a distinguished organization that has a long history of supporting students at the Baruch School. It was founded in 1945 by John Lamport, a prominent businessman and philanthropist, who wanted to provide financial assistance to students who were pursuing their education.

The Lamport Society's mission is to support students who are pursuing their education and to help them achieve their academic goals. The organization is committed to providing students with the resources they need to succeed, and it is dedicated to helping students build a strong foundation for their future careers.

The Lamport Society's scholarships are a testament to its commitment to supporting students and helping them achieve their goals. The scholarships are a valuable resource for students who are pursuing their education, and they are a testament to the organization's legacy of philanthropy and support.

The Lamport Society thanks all of its donors for their generous support, and it looks forward to continuing its tradition of supporting students at the Baruch School.
Mathematics

Once again the list of failures in pre-
paring curriculums has been reviewed by fac-
ulty members of the Mathematics Depart-
ment. The list does not differ greatly from an-
other year. But we do note a marked in-
crease in enrollment. The students are more
able to understand the subject. More stu-
dents are finding it necessary to take math-
ematics for their careers.

The year of many students who believe they
should take some mathematics is finally here, and
as a result the demand is greater than ever.

However, we believe the main rea-
opposing the mathematics programs is the
time that lies outside of the Baruch School.
High schools have been known to give the
same amount of mathematics to all students.
However, since most of our students from
good schools have not had mathematics for two
years, it follows that they must have a great
deal of catching up to do. They must be pre-
pared for the type of mathematics that is
required in the Baruch School.

The problem is one which has not been
solved in the past.

Elevators

Elevators have been a problem in the
same state that it was last year; that in-
volving the lack of houses. This is because
the elevator to return, a few students be-
done disgruntled and decide to use the stairs.

For the same reason that the elevator is
underutilized, it is quickly replaced, and the
elevator to go up is not used as much as it
should be. This is due to the fact that the

The one ball pen you hate to lend...

It's worth the effort to hang onto this pen because it's not just another ballpoint. The Parker J. O'Brien ball is the only one of its kind in the world. It's made of genuine gold leaf, and when you press the button, a drop of gold flies from the pen. Rick Sauer, who works in the Parker factory, says the reason the pen is so expensive is the gold leaf. The gold is so thin that it can be seen through a magnifying glass. The pen is also waterproof and is available in blue or black ink.
**Fairleigh Thwarts Harriers' Quest for Undefeated Season**

By David Hauer

Fairleigh Dickinson whipped City, 24-34, at Van Cortlandt Park Saturday. Hunter, the third participating school, had 84 points. It was City's first encounter.

Excellent performances were turned in by Mike Didyk, Mike Lister, and Lenny Zane of C.C.N.Y. They finished in a three-way tie for third place with 29:21. This finish was within a minute of the College record of 28:36 set by Paul Lamprinos in 1961. Although the record was not broken, each runner attained an individual goal by finishing the five-mile run in less than thirty minutes.

The team was hampered by the absence of Lamprinos, who did not run. However, the course, dampened by the rain, did not affect the Beavers' performance.

City has another opportunity to defeat F.D.U. in the College Track Conference championships on November 11 at Van Cortlandt Park. By this time, Coach Francisco Castro's charges should be in top condition.

The best chance for the Beavers is against Adelphi and Queens Saturday at Van Cortlandt Park at 11.

The next tough opposition City faces is Central Connecticut State.

The Beavers and Central Connecticut both have dual meet Saturday, October 27 at Van Cortlandt Park. State was the only team to defeat CCN.Y. last season, when, to lose in the rough league. The last time Hunter defeated CCN.Y. has become one of the main events of the season.

The success of the Beavers will rely on center halfback James Henderson and goalie Larry Sinicropi.

Hunter played one league game and tied Adelphi, 2-2. The Laverne lost its opener to Long Island University, 13-0.

The last time Hunter defeated City was in 1959 by a 1-0 score. This win snapped a fifty-six game losing streak of C.C.N.Y. City took the following contests, 5-3 and 5-1

The success of the Beavers will depend upon how quickly they can develop into a cohesive unit. In the L.I.U. game play was lacking, since the forward line was composed mostly of newcomers.

C.C.N.Y. has an additional opponent to work together Friday when the Beaver alumni visit Lewisohn Stadium for an exhibition game. The alumni have told the runners that the varsity will play one half, while the freshman team will play the other.

**Booters Seek First Victory Against Inexperienced Hawks**

By Marc Nacson

The City College booters, seeking their first win, host an inexperienced Hunter team in a Metropolitan Conference game Saturday at Lewisohn Stadium at 2.

The City will be playing in the new league. The University League is comprised mostly of newcomers. However, Coach Michael Yahia sees the strength of the team in three veterans. One is Gary Kuti, the team's leading scorer last season. Kuti is a left wing, defensively Yahia will rely on center halfback James Henderson and goalie Larry Sinicropi.

**Return of Veteran Player Brightens Baseball Outlook**

By Joe Rosenberg

The return of veteran player brightens the baseball season at City College this spring. Six of these players participated in the fall exhibition which the Beavers posted a 1-2 record.

Leading hitters were Barbar Barris, a catcher, Richie Sol, a shortstop, and Bob Friedman, the team's best power hitter. The two hurlers who set this fall were junior Mike Gil and sophomore Ron Muller, who picked up the win over Fowdon.

Grennen, a righthander charged with the two defeats. Errors hurt him in both tests.

The team will also be at the return of John Ippolito and Byron Friedman. Both sat out fall campaign due to heavy academic load. Ippolito is one team's best hitters, while Friedman is the team's best pitcher, picking up only two wins last season.

In addition, the Horsts and New York Univ. "Coach Al DiBernardo returns the services of Ron who batted .326 last spring.

DiBernardo returned the services of Ron who batted .326 last spring. The two hurlers who sat out fall campaign due to academic load are expected to dominate the headlines this season. City's record of 28:36 set by Paul Lamprinos in 1961 was the first time that LIU defeated City.

The loss was due to inexperience. City's forward line was composed mostly of newcomers. The players suffered more from a lack of cohesiveness than from a lack of ability.

However, Jim Martino, a sophomore, especially impressed with his fine play. He came the closest to getting City a goal when he slammed a hard shot at the LIU goalie. However, the ball was deflected at the last instant.

Putre played brilliantly in his first varsity game. He made twenty-two saves, and once he picked the ball from the feet of an on-rushing forward.

Tom Selberg, Wolfe Scherer, and Mike Lister gave the team much-needed support. Coach Harry Karlin feels that the team will improve, as soon as the injured players, Sam Geller, and Salvatore are back. The Beavers have another opportunity to contend for the league championship when they face the other contenders expected to lose in the league this season.

**CCNY Track Star: Zane Shrugs Off Inexperience**

By Steve Rosenblatt

Zane, a star on the Beavers' track and cross country teams, did not perform in organized competition until he enrolled at City College. Despite his lack of experience, he has become one of the mainstays of the team. Since he is a junior, Zane will give City strong support for the next two years.

At Brooklyn Technical High School, Zane did not go out for any team. However, during the summer before entering City, he decided he wanted to go out for a varsity sport. Since he was interested in running, Zane chose the track team.

As a freshman, Zane did little in the way of actual competition. He used this time to learn and to develop into a strong runner.

In his sophomore year, Zane made the starting team and immediately made his presence felt. He was a member of the two-mile relay quartet that took first place at the Collegiate Track Conference championships and then ran the one-mile run in the Metropolitan College outdoor track and field championships.

Zane started the season in fine style by running the five-mile course Saturday in 29:21, which is close to the College record of 28:36 set by Paul Lamprinos last year.

Lenny Zane

Zane keeps in shape by running at least five miles a day in Van Cortlandt Park. In preparation for the indoor events, he does about a mile on the track whenever he gets a chance. He stated that for one to be in shape it is necessary to practice faithfully for seven days a week, throughout the year.

To relieve some of the tension caused by the continuous track work, Lenny also plays basketball. In his neighborhood, he plays for a local league. He plays no particular position but finds that the game is a lot of fun and a good change of pace from track when he regularly does.
