Planning Commission Omits School's Funds from Budget

The Board of Higher Education's request for $2,050,000 for site acquisition and plans for the Baruch School was omitted from the City Planning Commission's tentative budget. The budget had previously been approved by the B.H.E. at its first board meeting of the semester.

Dr. Buell G. Gallagher, president of every member school of the N.S.A., was disappointed in not seeing the funds included in the tentative budget. However, he emphasized that this budget was not necessarily the one which would eventually be approved by the commission.

Dr. Gallagher expressed surprise that the temporary budget did not include funds for the Baruch School. He said he thought it would be there.

Dr. Gallagher also noted that Dr. Govin Sahai, United Nations representative, would discuss contemporary problems and progressive Indian education at City College Thursday at 4:15 in the Klapper Hall, 135th Street and Convent Avenue.

The Psychology Society will hold its annual student-faculty tea Friday evening in the Oak Lounge. Faculty members will discuss graduate schools. Refreshments will be served and all are invited.

Soviet Poems To be Viewed On Thursday

The reading of poems written by Russian's "Angry Young Man" and a talk on the Soviet youth of today by Dr. Fouad, Israel, will be presented by the Speech Department, Thursday at 12:30 in 407.

The school's Young Democratic Club has selected Robert Morgenthau as its candidate for the position of City College student council representative.

Responsibility

At its Friday night meeting, Student Council faces a familiar problem: its members will once again fail to attend the meeting. The council, in its present form, is no more than a group of interested students who meet to discuss and plan activities for the school. The council is not expected to take any action without the attendance of its members.

The Friday night meetings are an important part of the council's work. They are the only opportunity for the members to discuss issues and plan activities. The council has been unable to hold a meeting for several weeks due to the lack of attendance.

The council is not interested in taking any action without the attendance of its members. The council has been unable to hold a meeting for several weeks due to the lack of attendance.

CCNY In Key Game

By David Hauer

Battling for an N.C.A.A. soccer playoff spot, CCNY, opposed Bridgeport Saturday in Lewishon Stadium at 2. A win will give the Beavers many points toward the tournament bid.

The Beavers will have a tough time against a strong but young team which is composed of five lettermen and six sophomores. Although the Purple Knights are fast, they lack experience and depth. Bridgeport lost twelve lettermen from last season's team. Bridgeport's stars are co-captains Roger Curylo and Joe Rosenburg.

The N.C.A.A. tournament bid will be won by the team which is composed of five lettermen and six sophomores. Although the Purple Knights are fast, they lack experience and depth. Bridgeport lost twelve lettermen from last season's team. Bridgeport's stars are co-captains Roger Curylo and Joe Rosenburg.

Seth Shelton, playing his second varsity game, scored a goal late in the first period to give City College's soccer team a 1-0 victory over Hunter in a Metropolitan Conference contest at Lewishon Stadium Saturday. The win evened the teams' records at 1-1.

With the goalie out of position, Shelton booted the ball into the net. A superb performance by the Beavers' defense enabled goalie Adolph Beavers' defense enabled goalie Adolph Beavers to post a shutout.

Mike Lester, John Bourne, Lani Johnson, and Jani Racovsky also played well. City outshot Hunter twenty-nine to eleven, but blew many scoring opportunities. Jim Martin, in particular, missed many close chances.

Lenny Zane established a City College cross-country record by running the five-mile course in 28:30 as the Beavers crushed Queens and Adelphi in a triangular meet at Van Cortland Park Saturday.

The record-breaking performance overshadowed the under thirty minutes Karlin is still looking for a representative of the Barna School to tell them about college life, contact Irene, HI 6-4125, and Patrick, 6-5455. Alumnae of the High School and the High School of Fashion Industry are expected to be present at the present time.

The fall season is in full swing, and many students are holding meetings and planned events. Sigma Alpha Mu, Phi Delta Pi, and the Class of 1962 are all holding their annual smokers. Sigma Alpha Mu has invited all entering freshmen to their 106th Semi-Annual Smoker on October 19 at 8:30 P.M. at 51 Irving Pl., 17th St., Between 3rd & Park.
