F. 1) Copy of minutes of March 12, 1981 meeting of Course Evaluation Subcommittee (attachment G)
2) Prof. Ryan reported that there were still several departments which had not submitted the requested evaluation material to the subcommittee.

V. OLD BUSINESS

A. Tutoring Fundamentals and Techniques (Dept. of Special Education Services)

Proposal to approve this new course, 3 rec. 3 cr. was moved and seconded.

Prof. Bates and Forman of the Mathematics Dept. reported on some of their experiences with a tutoring program under a Title III grant. The program was beneficial to the students, both to the tutors and tutees, and to the college by supplying a pool from which to draw trained tutors.

Motion approved 11-8-0 (attachment H)

B. Discussion of Articulation with Four Year CUNY Schools.

It was suggested that any motions be held in abeyance until information come from Dean Polowczyk's office. The Articulation meeting had been incomplete.

Discussion included recommendations that follow up records be sought on our students after they leave BCC. These would include students going on to higher education.

Also, part of a student's record should be credits completed at BCC, scores on CUNY exams.

C. Topics in Applied Mathematics for Business Students.

Questions posed at the last meeting were answered. Professor Hirschfield of the Business and Commerce Dept. explained that Baruch requested such a course for those students transferring to Baruch in order that our students have the same background material as Baruch's students so that our students not be at a disadvantage.

Action possible at the next meeting.

D. Cooperative Work Experience Course Revisions. (Student Development)

Questions were answered. Action possible at next meeting.
E. Pathology Assistant Option, including new course (Biology)
   Questions were answered. Discussion followed.
   Action possible at next meeting.

VI. NEW BUSINESS

A. Ornamental Horticulture Revisions (Biology)

   Proposed revisions were distributed. Questions were answered.
   Since the changes were mandated by the state, an exception was
   made to the committee's standing rule requiring three meetings
   for discussion before a vote could be taken.

   The proposal was moved and seconded.
   Motion passed 18-0-1? (attachment I)

B. Orientation and Career Development for Freshmen

   Material for the proposal was distributed. Questions posed to
   be responded to at the next meeting.

C. If, as the MATH Dept. representative has stated, our students,
   after remediation and placement, still are unable to proceed at
   a normal pace expected of college students elsewhere, be it
   proposed that all actions involving compensatory hours be held
   in abeyance until a catch-all motion is considered that grants
   an additional compensatory hour in all introductory academic
   courses since apparently our students are incapable of pro-
   ceeding at normal speed for college level courses.

   Motion: (S. D. Ehrenpreis)

VII. ADJOURNMENT

   The meeting was adjourned at 5:00 p.m. The next meeting was
   set for May 1, 1984.

Respectfully Submitted

Helen Dick
Secretary Pro Tem.
