Hoberman Defeated; Rights Bid Is Passed

Concert Approved For December

Others Successful In Their Races

While passing motions on the rights of students and the establishment of a group to run a concert, Student Council President Max Berger, expected to be held today.

Effects of the three day strike are undetermined, but informal polls showed that political science classes were thirty to fifty percent filled, while English classes were only ten to twenty percent filled.

Many professors in these departments cancelled classes or spent the entire period discussing the issues of the strike.

The strike was reported to be less effective in mathematics, engineering and architecture courses, where attendance was normal.

As students rallied in front of the Cohen library Friday afternoon, policemen continued to guard the Cohen library Friday afternoon, policemen continued to guard

Interest in LIU Declines; Regents To Hold 'Inquiry'

Joseph Kottler, chairman of the New York State Joint Legislative Committee on Higher Education, announced today that the City University was no longer interested in purchasing Long Island University's Brooklyn center.

When asked if this was in fact true, chairman of the Board of Higher Education, Porter R. Chamber, said, "All I can tell you now is that we will not do anything until the Board of Regents acts." Paul Bulger, assistant commissioner in charge of higher education for the Board of Regents, said that the board "has decided to hold an inquiry into the proposed sale of the Brooklyn center."

The legislative committee also proposed that R. Gerold Hozie, L.I.U. chancellor, open up enrollment for the upcoming fall semester.

A meeting of all the administrative, faculty and students universities in Brooklyn" is scheduled for Friday "to determine the needs of the Brooklyn College of Higher Education," continued Mr. Bulger.

He also announced that members of the Board of Regents will meet with students and faculty from the Brooklyn center.

"The board's role," he continued, "is to give direction to L.I.U. and the City University."

IFC Schedules Blood Bank Collection for This Friday

The Red Cross Blood Drive will be held Friday from 10 to 3:30 in the Oak Marbles. Marty Katz, '69, coordinator of the drive, said that in order for a student to donate blood he must be at least eighteen years of age. Those students under twenty-one must obtain parental consent.

At an all-out effort has been started by this year's blood drive committee because "if at least seventy-five pints of blood are not collected at this drive, serious consideration will be given to terminating the blood bank," commented Sandy Goldstein, '68, Interfraternity Council president.

Students who donate blood will be able to receive blood for themselves and their families for one year.

Mr. Katz stressed that those students who give blood, who must sign the consent form, "are giving to other students, faculty and staff who feel it their duty to give blood."

While no coffee being served, Mr. Katz hopes that the drive will be the most successful ever held by I.F.C.
Letters to the Editor

To the Editor of The Ticker:

American "never Enked to American Civil Rights."

American Americans and Italian Americans, to me. The American Civil Rights movement has many negative connotations, and I would like to clarify a few points.

The term "American" is not intended to imply a particular race. It refers to individuals who are citizens of the United States.

I hope that I too will be able to say, "I'm proud!"

Sincerely,

JESSIE RUBIN

Hillel Sponsors Seminars

The seminar, sponsored by Hillel’s Student Center and the Office of Student Rights and Responsibilities, is open to all students.

War on Poverty

Volunteers Are Sought for VISTA

In May, Stanford students and faculty will begin working with local community organizations to help those in need. The VISTA program is a federal government initiative that provides opportunities for young people to work in low-income communities, helping to address poverty issues.

Students interested in volunteering should contact the VISTA office at 456-7890.

False Alarm Causes Host of Reactions

By CATHY ROBERGS

The fire alarm that was pulled in the middle of the Oшоdium course today caused a stir among students and faculty. Some were caught off guard by the unexpected event, while others were quick to react. The fire alarm was pulled at 3:00 PM, and classes had to be suspended until it could be checked.

The fire alarm was initially thought to be a prank, but it quickly became clear that it was a real fire. The fire department was called, and the building was evacuated. The cause of the fire was determined to be an electrical malfunction.

The fire alarm caused a great deal of confusion and disruption. Some students were angry about having to leave their classes and miss out on important material. Others were relieved that no harm was done.

The fire alarm also caused a ripple effect throughout the day. Classes had to be rescheduled, and some students were forced to rearrange their schedules. The fire alarm also caused a temporary disruption to the city's emergency services, as the fire department had to respond to multiple false alarms.

In the end, the fire alarm served as a reminder of the importance of being prepared for emergencies. Students and faculty were urged to stay vigilant and to follow proper procedures in case of a real fire alarm.

The Basemement Opens Wednesday; Coffee House To Stimulate Discussion

The Basement, a new coffee house planned for Baruch students and faculty can meet informally over coffee and talk about what's on their minds. The new hangout will be open Wednesdays through weekends to stimulate discussion and social interaction. The basement is located at 355 Fifth Ave., just two doors down from the baruch Student Center.

Benehan, president of the H.P.A., says that "The Basement" will be run by student volunteers who will be on duty from 8-12. Donations for this purpose of coffee and pastries will top the list. The only rules made for the newly formed center are that the lights will not be turned on and that alcohol will never be served. "We want it to be a social meeting place," Benehan said.

"The Basement" needs the assistance of all Baruch students for student power and which in recent times have speakers, movies, music and live bands. H.P.A. has not refused to give its support. "The Basement" needs the assistance of all Baruch students. "The Basel cet, a place where Baruch students and faculty can meet informally over coffee and donuts consumed and Council..." Dilemma

Who Dunit?

Although last Thursday's unskilled fire destroyed many books in the library, the fire chief insists that an afterthought by the students was responsible. The fire chief has no theory as to what made the students stop running and what the library should be equipped with during a fire night.

The Trip

They gathered en masse at this term's first Student Fac- ulty Tea, held Monday afternoon in the Student Activity Center. The tea was well attended, the students mingled and mingled, and the mood was relaxed. The Student-Faculty Tea was a forum for discussing various topics of mutual interest to both the students and the faculty.

Wanted: Corrections

The Student Council is currently in the process of organizing a Student-Faculty Tea. The Student Council consists of important positions, among which are the President, Vice President, Secretary, and Treasurer. The qualifications for executive board positions are high, and the positions are highly competitive.

But all the time was concerned at the tea. A faculty member still would like to see his students take more initiative in solving their problems. He noticed that the Student-Faculty Tea was held on a Monday afternoon, and that the students were not able to attend.

This Column for The Tickler

The Academic Community, at the School Be Filled with Hypocrisy

Some students have observed that the atmosphere at the Marketing 110 class seems to be more casual and more infrequent. In this case, the students may be more inclined to participate in the class and more interested in the subject.

The packaging of the tea was excellent. But this flow-through tea bag was not the cup of tea it was brewed to be. It had all the necessary high-ringing airs and on a superficial observation it seemed to be appealing. But all this was overcome at the tea. A family—or should I say a family of students—were arrested, is an objectionable case of emergency in the main building. The students were operating during the campaign, so typical at the Baruch School, that was no function at all.

Some students found the fire to be more of a chaotic environment than a planned one. But all this was overcome at the tea. A family—or should I say a family of students—were arrested, is an objectionable case of emergency in the main building. The students were operating during the campaign, so typical at the Baruch School, that was no function at all.

Mini-athletes Lift Their Legs

Baruch's females infatuated a curious group of onlookers at Hansen Hall Thursday. The girls were put through a program to improve both their figures and athletic skills. There is speculation that an all-star team from the Inter-fraternity Council will challenge the coeds, seen here in a rugged volleyball game, to a tackle football game with the winner to eventually play—victor of the Tick-Mad Dog game. The early line rates the girls 6 points over I.F.C.—if the fraternity men don't decline. The experts rate the Tick-Tigers as 1-9 favorites to take all the marbles, C'mon girls!

A Letter:
Players Take a Stand

To the Sports Editor:

The clip-L.I.U. battle in last week's Ticker, our first reaction was one of shock and surprise; our second reaction was to write this letter and set the record straight.

In the first place, the picture you used ("To Score—or Not To Score...") was said to have been shown L.I.U. vs. C.C.N.Y. This is not so. The picture that appeared in the paper is of last week's P.D.U. vs. C.C.N.Y. game. Second, we sincerely believe that the assigned reporter did not attempt to tie the game and wrote the story after obtaining second hand information. Had he attended, he would not have written the story as he did. He stated that L.I.U. "completely dominated play." According to the many who did attend—the coaches, players, scouts and Observation Post (an upright newspaper) C.C.N.Y. which outplayed L.I.U.

It is a fact that City dominated play throughout the first half. The photographers caught theirıklı picture of City's goal line drive, but the L.I.U. defense was up to the task, thorough, and L.I.U. did not score.

Finally, let us state that the reporting of the game was most unpatriotic as City was belittled and L.I.U. lauded. It seemed to us as if an L.I.U. paper was doing the reporting. We are really sorry that The Ticker failed to recognize that C.C.N.Y. played its best game in three years last Saturday. We are also sorry for what we believe was irresponsible reporting which misled the readers.

Intramurals: Football, Swimming Highlight Action

Wilde House Rips Dolphin Eleven

Charlie Tenenbaum's three interceptions and three touchdown receptions propelled Wilde House to a four-touchdown-to-none whipping of the Dolphins Thursday in the Intramural football tournament.

The victory incurred Wilde of a place in the playoffs. Other playoff contests include the Panthers and the Deans.

All of Wilde's scores were tossed by Dave Kornberg. The Dolphins were contained by the defense of Dormer, Weiskopf, O'Keefe, and Erlich.

Wilde House's goal line was not penetrated. The Dolphins could not penetrate Wilde House's defense.

Five Swim Races Won by Arnold

Howard Arnold won five events (including one tie) and set two records at the Intramural swim meet. There were only six contestants.

Arnold captured the 40-yard breaststroke, 40-yard butterfly, 40-yard backstroke and 200-yard swim (11 laps). He tied Steve Lenthal in the 40-yard backstroke as both were clocked at 21.8. The junior's only setback came at the hands—and feet—of Larry Weiskopf in the 40-yard breaststroke. Weiskopf stopped the watches at 21.8 while Arnold was caught at 22.4.

Martin Klauser provided Arnold with some semblance of competition, taking three close seconds.
