SC Given NSA Report; Who's Who Is Discussed

At its Thursday night meeting, Student Council concerned itself with the National Student Association and Who's Who in American Colleges and Universities.

Max Berger '68 brought up a motion calling for the splitting of tomorrow's NSA referendum into two parts, the first part concerned

with amendments to the by-laws which would bring the junior's motion "a (to be) a student to one year in Who's Who, and having the nominations for Who's Who made by the governing bodies of House Plan Association, Inter-fraternity Council, Student Council, the Senior Class Council, the Student Council Activities Committee, and Sigma Alpha.

In Mr. Slater's report he mentions that the N.S.A. is little more than a union of about 300 schools which have decided that mutual cooperation and interchange would be valuable to each of them.

"The N.S.A. has accepted the following terms for the contract which binds it together:

- The organization would try to obtain economic benefits for students.
- The organization would consider ways of improving the environment of the campus.
- The organization would work to obtain greater student recognition in society outside the college.

- That the organization would attempt to increase the intellectual and social awareness of the campus through discussion of political and social affairs and more recently, through encouragement of cultural programming."

Over the years, the N.S.A. has obtained the following benefits for its members:

- Economic benefits for students.
- Social benefits for students.
- Cultural activities.

With four contested and one uncontested race and one post unattempted, students will vote in the regular Student Council executive board elections tomorrow between 9 and 3:15 in the lobby of the main building.

Sandy Alan Eagon '68 will challenge the incumbent Max Berger '68 for the presidency of the School in the first contest for this position.

For the second open spot on the executive board, Marvin E. Schechter '68 will oppose Pat Morrow '68 in the race for vice president.

Rising uncontested for the

New Community College Established by the BHE

The establishment of a new community college was announced by the Board of Higher Education last Monday. The new college will be located in or near a ghetto community and it will experiment in relating its services to that community. Students will be admitted to a common first semester and will choose a career or transfer program after the initial semester.

Assuming a major responsibility for community service in the area, the new college will work with local businesses and government agencies.

Admission to Community College Number VII will not be solely based on high school performance and achievement tests. It will seek new admissions standards which will not penalize students for poor choices or poor performance in high school.

The Board of Higher Education voted to request approval from the State University of New York as community colleges are conducted under the program of the State University.

Bookstore Shows Profit for 1966-67 Will Be Used to Offset Prior Losses

The City College bookstore, according to unaudited figures, has shown a profit for the fiscal year 1966-67. The figure, which represents the combined earnings of both the Uptown and Downtown bookstores, is subject to change before the final auditing.

The College's business manager, Mr. Cornelius Ahearn, said that this year's profit would go toward offsetting losses incurred during the two previous fiscal years. In 1964-65 there was an $11,000 loss and in 1965-66 the loss was $13,000.

It is the intention of the business staff to break even on both the operations of the bookstores and the cafeteria, according to Mr. Ahearn. He added that any profits are put toward paying for equipment and other operating expenses.

Workers at the bookstore were amazed by the number of books sold during the two previous fiscal years and the loss to be suffered during 1966-67.

It is possible, Miss Morrow said, that the committee would not have accepted the discount rates if the members had been aware of the $25,000 profit.

Endorsements

(Endorsements are published as a service to the students of the Baruch School.

The importance of the Baruch School to the students of the University of New York is illustrated by the number of students enrolled in the School. The School is an integral part of the University and is the home of many of the students of New York. The School is an important part of the University and the students are an integral part of the School. The students of the Baruch School are an integral part of the University and the Baruch School is an integral part of the University.

We support Kathy Scharfenberg '68 for the position of President of the Student Council.

We support Max Berger and Sandy Alan Eagon as candidates for the position of President and Vice President of the Student Council.

We support Marvin Schechter for the position of Vice President of the Student Council.

We support Pat Morrow for the position of Recording Secretary of the Student Council.

We support Hy Geller for Council convention, rather than a faculty council, for the new institution. Our education is not reaching the full potential of its capabilities.

We support the establishment of a faculty curriculum committee. Also the Baruch School gaining its own admission, nine programs completely revised and the prices of books lower.

We support the Ticker. The Ticker. The Ticker. The Ticker.

To close I would like to answer the following questions:

1. What major problems do you feel, in the semesters to come, will benefit the student body?

2. What will you do after you are President of the Student Council and how would you accomplish these goals?

3. What major problems would you solve this problem?

4. Do you see as your major problems the need for more student involvement in the decision making process?

5. What do you see as your major problems the need for more student involvement in the decision making process?

6. What do you see as your major problems the need for more student involvement in the decision making process?

7. What do you see as your major problems the need for more student involvement in the decision making process?

8. What do you see as your major problems the need for more student involvement in the decision making process?

9. What do you see as your major problems the need for more student involvement in the decision making process?

10. What do you see as your major problems the need for more student involvement in the decision making process?

One Man's Opinion... (Continued from Page 3)

I believe that the attitude of the student body is my greatest strength. I am going to build on this attitude and maintain it. I believe the student body will support me because I will support them. I believe in a lot of things that are considered "new" but I believe if you have a good enough reason to try something then you should try it. I believe in our system and on final exams for the best interests of the students. I believe we should be working with Student Council and the Police Department in their objectives. Theatron has had many obstacles this fall, but I believe we can overcome them. I believe with the proper preparation Theatron is still the best theater in the nation.

In summary, the student's main theme is that the emphasis should be on the student and not so much on the administration. The student is the reason for the college and not the administration. If we can start to put this into practice, we can start to improve our college.

Sincerely,

Joel Mandelman
President
Fencers Top Yale, 15-12; Second Period Nets Win

By MARC BLOOM

After 17 years the College fencers renewed their patent on shutout fencing Saturday by sweeping the second round of their match with Yale to trim the Bulldogs, 15-12, in the season's opener at Westcott Field.

Trailing 5-4 after the first round, City rallied to take all nine bouts in the second round, giving them the 15-3 advantage that was necessary to withstand a 7-2 final period by Yale.

The starting fencers, led by Bill Berkowsky who won both of his bouts, were undefeated before Bill Borkowsky who won both of his bouts. He was unflinched after the Bears had clinched the victory.

Split Saber, Epee

The pairers, after a 6-3 foil match, split the bouts in the other weapon divisions, scoring 5-4 in epee and dropping 4-5 in saber.

Coach Ed Lucia praised his swordsmen after they had recovered from an unenviable position with tremendous spirit and desire.

"This showed what the boys could do when they realized what was at stake," said Lucia. "They were outstanding." It was the first match of the season for both teams. The Bears appeared healthy and had bettered their reputation that they could not emerge equally successful in the last two contests that preceded the winter recess.

Another pair of Ivy Leaguers will match weapons with City within the next two weeks. Saturday.

Bite 'n Pieces

The rifle team remains undefeated after winning its eighth consecutive meet of the season against Princeton in its New York campus. Competing under five-man scoring rules instead of the usual seven-man rules, City tallied 1343 points to Princeton's 1321. The individual leader was Nick Bucholtz who scored 276 points, one more than teammate Bob Bjerken. Coach Jerry Uretsky is optimistic as the team readies itself for Saturday's meet with national power Navy at Annapolis. Jim Maynard's return (he had been suffering from an injured knee) is expected to boost the squad.

SUMMARIES:

Barker-Leiberman, C.C.N.Y., lost to Maynard, 5-2; Barker, C.C.N.Y., lost to Combe, 5-2; Stellhagen, C.C.N.Y., lost to Smith, 5-2; Mendicino, C.C.N.Y., lost to Smith, 5-2; Kneifitz, C.C.N.Y., lost to Borkowsky, 2-5; Coben, C.C.N.Y., lost to Peters, 5-1; Sutin, C.C.N.Y., lost to Leiberman, 5-1; Borkowsky, C.C.N.Y., beat Chu, 6-2; Cohen, C.C.N.Y., beat Smith, 6-2; Callahan, C.C.N.Y., beat Brown, 6-2; Borkowsky, C.C.N.Y., beat Combe, 5-2; Bolinger, C.C.N.Y., beat Feder, 5-2; Federal, C.C.N.Y., beat Jackson, 6-2; Coben, C.C.N.Y., beat Peters, 6-2; Tompkins, C.C.N.Y., beat Mafe, 6-2; Sutin, C.C.N.Y., beat Peressinato, 6-2; Wale, C.C.N.Y., lost to Borkowsky, 6-4; Kneifitz, C.C.N.Y., beat Mafe, 6-4; Sutin, C.C.N.Y., lost to Brown, 6-4; Borkowsky, C.C.N.Y., beat Stellhagen, 6-4; Mendicino, C.C.N.Y., beat Borkowsky, 6-4; Mazur, C.C.N.Y., beat Borkowsky, 6-4; Uretsky, C.C.N.Y., lost to Coben, 6-4; Kneifitz, C.C.N.Y., lost to Peters, 6-4; Buckowski, C.C.N.Y., beat Leiberman, 6-4; Uretsky, C.C.N.Y., lost to Peters, 6-4; Borkowsky, C.C.N.Y., beat Cohen, 6-4; Cohen, C.C.N.Y., lost to Borkowsky, 6-4; Sutin, C.C.N.Y., lost to Peters, 6-4; Leiberman, C.C.N.Y., lost to Borkowsky, 6-4; Borkowsky, C.C.N.Y., beat Cohen, 6-4; Leiberman, C.C.N.Y., lost to Borkowsky, 6-4; Borkowsky, C.C.N.Y., lost to Cohen, 6-4.

Juniors Eye Queensboro After Opening Cage Loss

The junior varsity basketball team will try to even its won-lost record tomorrow in its opening night at Queensboro Community College in Manhattan.

Coach Fred Vought's team is down one after Saturday's opening 66-54 loss to Queens J.V. The game was a preliminary affair prior to the Queens-Yeshiva main event in Fitzgerald Gym.

The Baruchians initial performance was marred by sloppy play and weak shooting, they scored only 25 turnovers (as did Queens) and couldn't win 35% of their shots from the floor against 42% for the opposition.

Gill Fishman totalled 31 points, 2 less than high scorer Larry Keiser.

Red Wolfe

J. V. Coach

Danny Howard and Elliot Rosen added 12 and 10, respectively. Stan Geisberg contributed 11 rebounds.

"I'm not out just to play against Columbia; I'm out to win!" So stated Beaver basketball Coach Dave Polansky Friday afternoon. The Beaver manager a team of alumni led by Mike Pearl and Barry Eisenman.

While many Columbia exponents will prove more than happy with respectable performance Wednesday against the highly-favored Lions, Polansky and his charges will be satisfied with nothing less than complete success.

"Just what caliber a Columbia team will the Lavender face? A U.C.L.A.—type squad? Not quite. But even the Bruins were nearly upset in their opener against Purdue. This Columbia squad is one belle that good one and could give Princeton a real run for Ivy League honors.

The Lions are led by 7-14 Dave Newmark. The big center missed all of last season because of illness but as a sophomore two years ago led the club in scoring (22.9 points per game), rebounding and shooting percentage.

Bophomors Jim McMillan, a high school All-American at Thomas Jefferson, and junior Roger Walanske will start up front. McMillan, 6-5, led the fresh with an average of 24.9 and Walanske, 6-3, headed the varsity in scoring, with 14.4 ppg. and in rebounds.

The backcourt will be manned by senior Bill Ames and soph Heywood Dolson. Ames, 6-4, averaged nearly 10 points last season and the 6-4 Dotson is quick and strong.

WHIZ KIDS UPSET IN SEMIS

Captain Larry Borger, 6-6, is the club's sixth man. He tough rebounder and strong defensive performer.

The Lions suffered through an 11-1 season last time around but played the entire year without Newmark and were plagued throughout by several key injuries. This years team could be the best since the unbeaten season of 1961.

The starting quintet for a City upset. But the Beavers are determined and, anyway, did you pick the Boston Red Sox?

WHERE THEY ARE NOW DEPARTMENT—Just one season ago the Beavers opened their season with a 50-48 upset of Columbia! Five of those players have since been graduated while another three have had their eligibility run out. Co-captain Mike Pearl and Dave Burstein are attending law school at New York University... Co-captain Pat Verrance is going to graduate school at Illinois and has received a fellowship... Phil Stutz, a Phi Beta Kappa, is going to Bellevue Medical school... Sam Doolinsky is in the Baruch graduate program... John Clifton and Bob Mariner are continuing their undergraduate studies at Baruch.

PAGANS, JETS TO MEET IN 1MB FINALE

By DAVID ALPER

After a series of games that were marked by a bevy of upsets and surprises, the Intramural Basketball Tournament draws to a close Thursday when the Jets and the Pagan meet in Hansen Hall for the championship.

Both squads reached the finals by virtue of their convincing victories in Thursday's semi-final contests. The Jets beat the Chargers, 49-40, and the Pagans ripped the highly-touted Whiz Kids, 34-22.

The Chargers, with only a five-man roster, took a three-point lead into the final period. The Jets then took the offensive controls and outscored their opponents, 18-4, before the bell. The winners were led by Len Kellner and Harold Ostensen, who scored 12 and 10 points, respectively.

No rest for the Weary

— The Chargers, all of whom played without rest, were led by Elliot Lauterstein, Stan Cendowski, and Larry Rosen, who scored 13, 10 and 9 points, respectively.

The second game took a one-sided complexion early in the contest. The Pagans, who exhibited a well-balanced scoring attack, were extremely accurate on 15-and-20-foot jumpers.

The Whiz Kids turned in an unusually lackluster performance with weak rebounding and ineffective shooting. They failed to respond like the well-knit unit they are, falling apart in the closing minutes in schoolyard fashion.

On the other hand, the Pagans, who committed few errors, were topped by Larry Thomas, who had 9 points.

The early line for Thursday's final is pick'em.
