Lindsay Suggests Baruch Site; Strongly Opposes Sale of LIU

Atlantic Terminal is Considered

It now appears that a new site — the Atlantic Terminal Urban Renewal Area — will be given serious consideration by the Board of Higher Education for the future location of the new Baruch College.

Mayor Lindsay, in announcing Wednesday his opposition to the proposed sale of Long Island University's Brooklyn Center to the City University, suggested the Crown Heights site as a possibility. The location, Mr. Lindsay indicated, would be within a triangular-shaped area bounded by Atlantic, Vanderbilt and Flatbush Avenues.

Dr. Albert Bowker, chancellor of the C.U., said that after the sale was approved by the Board of Trustees of L.I.U., he would consider other sites.

With the mayor announcing the turmoil that has engulfed L.I.U.'s Brooklyn Center reached greater proportions as proportions and critics of the sale continue to wage a bitter struggle.

Mayor Will Meet With Trustees

Long Island University's Board of Trustees are expected to meet with Mayor Lindsay and the faculty to discuss the proposed sale of its Brooklyn campus to the City University.

In the aftermath of the Mayor's announcement opposition to the sale, a $32 million price tag, the Board has felt a need to "harmonize our views."

John McGrath, chairman of the Board, said Wednesday that Mr. Lindsay "may have been victimized by misinformation." He added that the same educational objectives being sought by the university were those he expected. However, persons are expected to speak (or shout, as one committee member put it) during the rally scheduled to begin at about 7 p.m. on Friday.

The rally is scheduled to begin at about 7 p.m. with groups of strikers marching in an orderly fashion in front of the School.

Students Ready For Friday's Strike; Support Pledged by Many in Faculty

At least several hundred classes Friday in support of the strike, come to a head at the end of the week. Spokesmen for the committee are optimistic.

"We expect a tremendous turnout," said one committee member. "I hope it will be one that will prove the strike is necessary."

In a recent development in the plans for Friday's activities, the committee learned that it will not be permitted to use a public address system. The police department has informed the committee that to do so would break city regulations which state that such a system cannot be set up within five-hundred feet of a public building.

However, persons are expected to speak (or shout, as one committee member put it) during the rally outside the School at about 11 A.M. Paul O'Dwyer, who is opposing Joseph Arntz for United States Senator, will be among the speakers, who will represent the students and the faculty.

The rally is scheduled to begin at about 7 p.m. with groups of strikers marching in an orderly fashion in front of the School.

Of the twenty-eight faculty members who consented to have their names placed on an advertisement backing the strike in today's Ticker, none were from the business faculty. However, there is no reason to believe that some business department members will support the strike.

More than one-third of the names listed are from the English Department where many persons have held the grade of associate professor or professor. Members of the English Department have been placed on a list of the strikers. The list includes:

Dr. Angelo Dispenzieri
Supports Strike

Paul Bachrach — are also listed. The Law Department has proposed a petition to the Baruch Student Senate to "enable students to participate in the strike without fear of losing credit in their respective law courses."

OAK & MARBLE LOUNGES 10 A.M. TO 9 P.M.
If the current inducements are accurate, the freshman classes this year would not have been as large as usual. The institution of a student-run bookstore is one of the reasons some clubs have been cut.

The first step in developing a student-run bookstore was to form a committee in charge of the project. This committee consisted of three students: Levinsky, who was the chairman, and two other members. The committee met regularly to discuss the progress of the project.

The next step was to secure a location for the bookstore. The committee searched for a suitable location, and finally decided on a basement room in the college building. The room was large enough to accommodate a good selection of books, and it was also conveniently located near the main entrance of the college.

The committee then contacted the publishing company that wanted the bookstore to be located in the college building. They arranged for the company to supply books, and the committee worked on setting up the bookstore.

The bookstore was finally opened on Friday, and it was a great success. Many students came to the bookstore to purchase books and choose new ones to read. The books were organized by subject, and it was easy to find the desired book.

The bookstore was a great success, and it continued to operate for several years. It provided an excellent resource for the students, and it also helped to support the college by generating revenue.

The bookstore was eventually closed, however, due to the loss of its funding. This was a great disappointment to the students, who had come to rely on the bookstore as a source of knowledge and entertainment.

The experience of starting and maintaining a student-run bookstore was a valuable one for the students involved. It taught them important skills, such as management, marketing, and sales.

In conclusion, the opening of the student-run bookstore was a great success. It provided a valuable resource for the students, and it also helped to support the college. The experience of starting and maintaining the bookstore was a valuable one for the students involved. It taught them important skills, and it also helped to establish a sense of community and responsibility in the college.
Members of the faculty and instructional staff of Baruch congratulate the Baruch students for their plans for the April 26 Student Strike and for their valiant struggle against the war in Vietnam.

We support our boys in Vietnam by urging that they be brought back alive to their homes in the U.S.A.

The film faces, young and old, peering upward from bomb shelters in tense barricade to "A Documentary of Indisputable Merit. When his camera and commentary burrow deep into the countryside, the movie becomes a somber and stirring. What arises from hidden in the film is the same: Why? Why is it spread from creek banks behind a fence. The expression is the same: Why? Why is it spread from creek banks behind a fence. The expression is the same. Why? Why is it spread from creek banks behind a fence. The expression is the same.
Lavender Baseballers Gain Five Straight Wins

Club Loop Mark At 3-0
Poris, Martin Slug

By PHIL WAXBERG

After suffering crushing defeats at the hands of N.Y.U. and Columbia in their first two games, the City College baseball team continued roaring back to win five straight games in eight days over the Easter vacation. The Beavers are now 7-2-1 and tied for first in the Metropolitan Collegiate Conference play.

The Lavender's second solo homer of the day, this one by Poris in the sixth, tied the game. The Lavender's second two runs came in the seventh inning when Mazza singled and Kolenik's pickoff attempt went wide. The Lavender scored three runs in the ninth when Mazza singled, drove in Richter and later scored on an error by the pitcher to tie the game. The Lavender won the game in the ninth when Mazza singled, scored and was driven in by Coadh Sol Mishkin and his men.

On Wednesday the Batmen moved ahead in the final stanza.

On Thursday the Pioneers scored four runs.

On Friday the Streak began on Saturday.

On Monday the Beavers scored four runs.

On Tuesday the Beavers scored four runs.

City Stops Hartwick After Pioneer Defeat

By Larry Brooks

Rebounding from a pre-vacation defeat, the City College lacrosse team rallied for four final quarter tallies to defeat Hartwick 14-9 Saturday.

The Lowsnow Stadium-gained victory lifted the strlen’s record to 3-4. The only loss came at the hands of tough C.W. Post on April 13 by a 12-7 margin, while pitching was good.

As in the previous three games, it was the stickmanship of Richie Ravner and Danny Curtin. The Lavender wasn’t quite so fortunate against C.W. Post, however. The Beavers did give the heralded Pioneers trouble and left them in the third quarter trailing by but 8-7.

Superior ball-handling did the visitors in as the winners scored.

The netmen, winners of all 1968 clashes, had their victory net at stake. They are unbeaten in the Metropolitan Conference.

There are two on and two out for the White Sox in the top of the ninth inning. They trail the Rex Sox, 3-0, and Pete Ward is the hitter. Pete looks at a 2-2 pitch. It catches the inside corner (as says the umpire) for strike three and Boston wins. Chicago is 9-0. They have been shutout twice in succession. In the Hub, Ward swings his bat hard through the air and smashes it on the dugout roof. The ball is dropped, and I was able to kick every seat in sight. That I did.

Two days in Boston. Not much of a match for ten. In Florida, but then I had the luxury to see all the games last year.

Net Streak Is Snapped

The College’s tennis situation took a sudden turn for the worse upon the outbreak of the spring vacation.

The netmen, winners of all eleven of their matches last year, and 5-1 victors in both of their 1908 clashes, had their victory string rudely snapped at Brooklyn, April 10, by a 6-3 score.

However the club bounced back to defeat Temple, Brooklyn Poly and St. John’s after the Kingsman defeat. The last two victories were gained on home courts.

The setback was doubly hard to take and costly because it came in a league rivalry. The City has a card of 3-1-2 in the Metropolitan Conference.

While the veterans have been sparring for minutes, Coach Joe Liggett and Billy Bly have been brilliant. Both athletes, Bronx Science stars for two years, have had consistent play.

The netmen entertain New York University, Thursday, and Long Island University, Saturday.

City Slugger in Action. The Beavers have won five straight after two losses and are unbeaten in the Metropolitan Conference.

Rizzi took the mound for the third time this season but left the game after six innings trailing 5-0. Once again the Beavers waited and took off with a walk and went to second on Kolenik’s base hit. Coach Sol Mishkin and his men returned to their home at Bally Road Field on Tuesday Intent on tying the score and was followed quickly by Bob Names. They are now 9-0.

Yesterday I was heckled by a baruch wise-alec. "Nice team you have there," he said. "See you at the Series," was my Stanky-like retort.
