Black Heritage And Culture Exposition Due Next Week

The Afro-American Society of the Baruch College will present a five-day exposition of Black heritage and culture during Black Week, October 21-25. Art exhibits, poetry readings, dramatic performances and films will be presented.

Monday's and Wednesday's programs will feature a series of films. Outstanding among these is Heritage of the Negro, a thirty-minute production narrated by Ossie Davis. The civilization and achievements of African Americans and their significance for the Negro today are examined. The film dispels the art and sculpture of ancient sub-Saharan Africa and shows the present-day ritual and pagentry which reflects the old customs.

Eve of the Beholder illustrates the old maxim that no two people see the same thing in the same way. Individual conditioning influences the way the beholder.

Harvest of Shame will also be shown. This is the latest of Murrow's shocking on-the-scene movies scheduled for room 4 South.

Tuesday's program also features the most formidable member of the City College of New York. He will hold an open discussion, along with "The Last Poets" on Cultural Nationalism.

On Thursday, the "Oppressed People's Theatre" will perform at noon in the auditorium. The revolutionary Drama Group is associated with the African Black Power action program. Sharing the stage will be (Shanghi) Razak and the Java Mountain Boys, a highly-touted professional group performed at the Gateau Pavilion at the New York World's Fair.

Friday's program will begin at 3:00 with a political discussion led by Sonny Carson erstwhile Congress of Racial Equality leader who wrote "The Last Poets." It will be followed by entertainment at 7:30 in the auditorium. 

The "Last Poets" will perform. The event will be preceded by a dance and an Afro-fashion show.

Currently the art exhibit in the

New Student Council Members Installed At Their First Meeting

Newly elected members to Student Council attended their first regular Council meeting Thursday.

In the first order of business, Renée Ritter was appointed to the position of Vice President of Clubs and Campus Activities; Aaron Levenstein, Managing Editor of the College Union; and David Trager, chairman of the College Union Advertising Committee.

The Bernhard M. Baruch College College Union will be replaced by the Black Student Union.

The decision was greeted with approval by the members, who felt that the change would be better suited to the student body's needs.

The meeting was adjourned at 3:00 p.m.

Cerebral Palsy Buys R.C.A. C.U.N.Y. Plans Condemnation

The RCA Building was sold to the Cerebral Palsy Foundation of New York City on September 17, for an undisclosed amount.

The Foundation said it plans to use the building to provide facilities for 1,100 palsy children in the New York metropolitan area. The building will contain dormitories, study rooms, and therapy rooms. The floor space in the building will be used for training and for recreation.

The City University of New York has been in the process of raising the property condemned under the right of eminent domain for use by Baruch College. Baruch had staked a claim to the building, but the City University was given the right to use it.

The City University indicated that it intended to continue the current use of the building. However, Leo Hausman, president of the City College of New York, pointed out that the City University did not have the right to use the building as it was a public institution.

Other members of the Committee to study the possibility of the building's use by the City University included Paul Draper, chairman of the Committee, and Louis Levy, assistant secretary-treasurer of the Committee.
Total Funds Appropiated $7500.00

- Young Democrats 145.00
- SAM 8000
- Lamport Leaders 1324.00
- Contingency 105.00
- Foreign Trade 94.00

The total funds available this term were $21,850.00, of this $8,000.00 was budgeted for The Financial Review Class of '70.

FOR YOUR BOOKS

- A to Z Literature notes
- Scharms problem solving review
- Brief Cases books.

The coalition will print its own newspaper, "The Voice," and $2,875.00 for a special reserve fund. $7,500.00 for the club program, $3,475.00 for Student Government, $8,000.00 was budgeted for The Ticker, $3,475.00 for Student Counseling, $7,500.00 for the Young Democrats, $2,875.00 for a special reserve fund, $7,500.00 for the club program, $3,475.00 for Student Counseling, $8,000.00 was budgeted for The Financial Review Class of '70.

A Dialogue

The New Baruch College: A Dialogue

The curriculum

On October 17 another "Talk-Out" will be held in the Auditorium. The topic of discussion will be the New Baruch College Curriculum. The speaker will be Bob Berliner, Vice President of Educational and Community Affairs, who last term was chairman of the Curriculum Committee and chief developer of the Student Council's Curriculum Report. Dr. Berliner received his B.A. in 1962 from City College, his M.A. in 1963 from Columbia University, and his Ph.D. in 1966 from New York University. He is currently serving as dean of the College of Education at the University of Illinois at Urbana-Champaign.

Baruch College Fund Approved—Saxe Chair Planted

Baruch College Unveils Memorial for Saxe Chair

The Baruch College Board of Trustees, meeting at the Main Building on Tuesday, October 15, 1968, approved the establishment of the Baruch College Fund to raise funds for the Saxe Chair. The fund was $3,000,000, the largest single contribution ever made to the college.

A number of individuals and organizations have contributed generously to the campaign, including the Baruch College Union, the American Association of University Women, and the Baruch College Women's Club. The Baruch College Student Activities Council also played a role in the campaign.

Dr. Emanuel Saxe, Dean of the college, expressed his appreciation for the contributions and announced that the Saxe Chair would be established at the beginning of the academic year.

Club News...

Saxe memorial chair, which was unveiled at the meeting, will bear the name "Emanuel Saxe" and will be located in the college center.

Club Meetings...

The Student Affairs Council will meet on Tuesday, October 22, at 4:00 p.m. in the college center.

The World of Music

By JAN KRAUSS and BARRY TENENBAUM

One of the top rock groups around today is Traffic. They are not just another drug-induced rock n' roll band of the sixties; rather, they are a group of extremely talented and thoughtful musicians who are making important statements in contemporary music. The group's latest album, "Mr. Fantasy," contains some of the best songs they have ever done. The next week at the Filmore appeared a group called "The Animals," who are also making interesting music. The Animals have recently been in the news because they have started a new political party called "The People's Party." The Animals' music is not only entertaining, but it also reflects their political views. The singer of the band, Eric Burdon, recently gave an interview in which he talked about his views on politics and music. He said that music should be used as a tool for social change, and that the Animals are trying to do just that. The band's latest album, "New Day," is a great example of this. The song "New Day," which is based on the television program "The Twilight Zone," is a powerful commentary on the state of the world today. The Animals' music is not just good; it is also important.

project with a customer's accounting, finance and programming study to determine the optimum stock mix for a portfolio. Believe me, getting an MBA was worth the extra effort.

Says John Houlihan: "The reason is, computers affect nearly all the industries from which we hire. That's why I went into marketing at IBM," he says. "If I hadn't gotten an MBA, I might get involved in a different area of the business. When I was in graduate school, I wanted to learn business and how to manage. Getting an MBA was worth the extra effort."
Excuses and Alibis

By LARRY BROOKS

With no intent to demean the Tigers' startling World Series triumph, there are excuses and alibis the dethroned Cardinals could fall back on. There are the pebble, The Pinstripes, the Bluefish. But the Cardinal's worst alibi was the rain on these unfortunate and so does this writer. The Tigers deserved to win the Series. Whether they are the best team in baseball is subject to challenge, but the players of this ball club could be an affront to no baseball fan to address the Tigers as "Champion."

There is one person, however, who has no excuses, no alibis. His name is General William D. Eckert. He is Commissioner of Baseball. His worth to the game: nil.

A Commissioner, other than awarding the winning team his congratulations, normally has little to do. With a World Series, baseball's showcase (and the showcase of sports as well, Super Bowl or no). This year the Commissioner had a decision to make, a vital one, concerning the Series and let's face it, he bungled it.

Behaving in a very un-General-like manner, he has choked before in times of crises. His lack of leadership following the assassinations of both Dr. Martin Luther King Jr. and Senator Robert F. Kennedy is widely known. His complete lack of leadership and use of judgement in baseball's expansion program is ridiculous.

Mr. Commissioner, why are both American League expansion teams in the Western Division? The Western Division of the American League may sink to the level of the American Football League's Eastern Division! (one critic suggested that it may equal the Lakes Division of the North American Soccer League). Mr. Commissioner, as it stands now, the division champion will rate vastly inferior to the Eastern Division's third, fourth, and fifth place teams. (The Eastern Division will consist of Detroit, Baltimore, Cleveland, Boston, New York and Washington; the West is comprised of Chicago, Oakland, Minnesota, California, Kansas City and Seattle.) Mr. Commissioner, how do you expect the established Western Division teams to draw at the gate when the World Series is played only five or six times each?

The Series decision: It was raining hard in Detroit the day of the fourth game. It was Gibson vs. McLain, round two, it was, at the time, a crucial game for the Tigers. It was raining, pouring, throughout the morning. It drew a capacity crowd. Rain was predicted throughout the afternoon. By any reasonable way of thinking, the game should have been postponed. Why? Because of Gibson, McLain, the Cardinals, the Tigers, the fans at Tiger Stadium, to name a few, the game under ideal conditions. No harm could have possibly resulted in a day's postponement. Harm could have resulted however, if the game had been played without it becoming a daily contest. Gibson would have had his turn, which in all likelihood would have resulted in less than a seven-game Series, and perhaps more importantly, less than a true test of talents. As it turned out, the Tigers fell down in the third inning with the Cards leading, 6-0.

Fortunately for Gibson, St. Louis and the Commissioner, the game was able to be completed—in rain, on a sloppy field, after an hour and a quarter delay.

The game, or fiasco, continued with both the Tigers and Cardinals—understandably so—resorting to less-than-honorable tricks.

The fiasco could easily have been avoided, had General Eckert shown some guts. Life would have been more pleasant on had Game 4 been played on Sunday.

Why, then, wasn't it postponed? Television. Yep, the National Broadcasting Company had projected that Friday night would draw the biggest sports television audience of all time. "What a coup for baseball" the Commissioner must have told by television's bigwigs. So with pressure applied, the Commissioner disregarded the players and the fans at the ballpark. The game turned into a farce and it's venture to say that a great deal of that record television audience (which saw less than they had been promised) turned to the National Football League—the Class League of Sports—and the Los Angeles Rams vs. the San Francisco 49ers.

Succinctly, the General is unfit to be Commissioner. Who is fit for that post? Two names pop into mind immediately: Bill Veeck and Mike Burke. Both are capable, imaginative and know just how to wield power. And there is a third, Howard Cosell, who once told me, "Quite frankly I'd like the job." Until baseball comes up with a Commissioner.

Intramural Program Is In Full Swing: Bowling, Archery, Chess, Basketball

Starting November 1, the Intramural Board is offering an almost full subsidy on bowling for the first time in its history. The tournament will be held Fridays from approximately two through five o'clock at the alleys on Eighth Ave. and 23 st. For the four weeks it will run, participants will play three games a week and receive the use of bowling shoes for a total of only 30c per week. Handicaps will allow both male and female students who are interested to register as soon as possible. Registration will begin on Wednesday Oct. 9, at 11 o'clock in the Intramural Office on the staircase between the sixth and seventh floors.

The coed archery tournament will be held on October 24 on the sixth floor. Even if you have never fired an arrow you may still win a medal, and with the company you'll find, what better way to learn bowmanship. All players must wear gym suits and sneakers for the matches starting at 12 o'clock.

There seems to be a lack of interest in the touch football tournament this year. If you and/or other friends or fraternity brothers are interested, pick up a roster sheet in locker room B on the 7th floor. We pay your transportation to the park.

Club baseball started on October 10th. However, there may still be some room for you.

Spectators are welcome at all events.

The chess tournament begins this Thursday in the Student Center. It will be run over several weeks to allow the participants to play when they like. There will be a beginners and advanced division to accommodate players of varying skills.

Basketball Team Holds Scrimmage

The Baruch Basketball team, or rather the remnants of last year's Junior Varsity scrimmaged the Evening Session contingent last Friday Night. Score was not kept, but the outcome was a lopsided victory for the day session performers, led by last year's Most Valuable Player, Gil Fishman. Hoopers talking in double figures included Fred Shreck, Steve Sobel, Kevin Flanagan and David Unger.

A practice will be held today at 4:45 and those wishing to try out are invited to come to the gym and speak to Coach George Wolfe.

OPEN MEETING

In the interest of securing a fully structured Student Government for the Baruch College, the Planning and Development Committee of the Student Council will sponsor an open meeting on THURSDAY, OCTOBER 17, 1968, at 2:00 P.M. to 4:00 P.M. in Room 45. This meeting will be held to discuss the aspects, problems, and ideas in the formation of a Student Court and a new constitution for Student Council. Here is a unique opportunity for any interested student to have his voice heard on an important problem.
