STUDENT DUE PROCESS TO CHANGE AT BHE

The University Student Senate has made public its proposal for insuring due process for students in disciplinary hearings. The USS plan was under preparation for several months by a campus due process committee. The committee was formed from a number of campus organizations and various faculty/ student representatives.

The Baruch Committee on Drugs chaired by Dean Louis Bennett met for the first time this semester on Wednesday, Sept. 30. The committee made up of students and faculty alike is trying to develop a comprehensive program to deal with any existing or future drug problems at Baruch.

The first meeting students and faculty were placed in sub-committees which the committee agreed on. These sub-committees will work in the following areas: Research, Legislation, Law and Policy, the Sub-Committee on Treatment and Services, the Sub-Committee on Education and Legislation.

The Sub-Committee on Education is to develop "proposed programs of education addressed to the entire Baruch College community with respect to the matter of drug use and abuse and related matters. This committee is trying to educate students and faculty alike in the hope of presenting a true picture of the drug scene.

This is the worst part of directing," said Miss Rotte, the faculty director of A TASTE OF HONEY by Shelagh Delaney. She was referring to the auditions held last Wednesday and Thursday, October 7 and 8.

Approximately thirty students auditioned for parts in the five character play. Two girls and three males were needed.

Miss Rotte noted that there were "some very realistic people here," and that people who could have used all of them. She said that she was looking for certain qualities and felt that the auditions were successful.

The cast list was posted outside of the Speech Department Office, Room 215, Wednesday, October 9. Those who received parts were: Elizabeth Winter, Joan Gittelmann, Sheldon Isaac, Sarah Payne, and Steve Chase.

The play will be presented before Thanksgiving.

The Day Session will vote as scheduled at 11 A.M. on Tuesday, October 13, 1970. Administrators of the College have permitted the first thirty minutes of the hour to be used for in class voting in order to assure the required 30 percent turnout. Students with classes at 11 A.M. should report to their respective classes. Students who do not have classes at 11 A.M. should report to the Marble Lounge, where they may cast their ballots.

Students who wish to help in the voting process should report to the Marble Lounge before 11 A.M. on Tuesday to receive instructions.

It is believed that the administration will make another effort to see that the elections are carried out. The platforms received by TICKER and endorsements from various campus groups are published in this issue of TICKER.

It is essential that the elections proceed without mishap as student control of activities will be in jeopardy if the elections are mishandled. You are urged to conduct yourselves in an orderly manner.

Evening Session Dead?

We read with utmost interest the October 5, 1970 edition of THE REPORTER, the newspaper of the evening session sit-in which occurred last spring. At that time, the gap-term students of the evening session demonstrated against the Board's Interim Statement on the Maintenance of Campus Order dictated to the University of Washington. Members of the Executive Committee of the USS declared. We are releasing the documents in order that we cannot obtain copies and support it for them

The situation is now quite different. Faced with a budget deficit, the University is going bankrupt. Where but in the evening session to have less concern about what to do to get their newspaper rolling again. Actually, we hope you never do find out because there is no staff for THE REPORTER.

Many things are changing similar:--

the theme of Changes'71 will be life at Baruch from an all angles. Views by five-year sessions and entering freshmen will be part of presenting this theme. Unlike the 70 Lexicon, this yearbook will be more concerned with on-campus activities.

One major change in the yearbook format is that it will not be a bound, hard-cover book, but a package of games, art 1. The newspaper and photography and plastic records. Handling the recording aspect will be Tony Azman, General Manager of WMES.

Coming events of Changes'71 will include an old yearbook review at a Booster's Coffee and Music Hour, sometime in the future.

PLAY AUDITIONS HELD

"This is the worst part of directing," said Miss Rotte, the faculty director of A TASTE OF HONEY by Shelagh Delaney. She was referring to the auditions held last Wednesday and Thursday, October 7 and 8. Wayne Wehrnamdel, the student director, agreed.

Approximately thirty students auditioned for parts in the five character play. Two girls and three males were needed.

Yearbook Changes

Many things are changing at Baruch among them the yearbook. The last yearbook, tentatively titled Changes '70, was different from the normal yearbook. It will be "multimedia experience," says Swift the new Editor, Mr. Swift. Former Literary Editor of Ticker and designer of Peppermill Day Picker, Free, and Assistant Editor, have plans for a yearbook with school-wide appeal. They do not want to publish "just a picture-book for seniors."

ROCKS OR THE PASSION OF HIS PEOPLE. A young boy who
lives through the pain and anguish of life in the inner city, the little boy is
advised by his father to use his brains and get out of the ghetto. The boy
says no and the movie ends. On the surface, little is accomplished in this
movie. The film is a political statement, a plea for the poor. The poor
are seen as the victims of society, they are not agents of change. The
film is a plea for the poor to rise up and fight for their rights. The

ANOTHER FACE

A hooded, armored man in the moon, as if a hundred of gallons have been thrown across the park. The scene is dark and shadowy, creating a sense of mystery and intrigue. The man is dressed in a suit and tie, appearing to be a businessman or perhaps a detective. The lighting is dim, with shadows playing across the landscape, adding to the atmosphere. The man is walking, his footsteps muffled by the surrounding darkness.

Dear Aunt Eva,

I just want to say that I've been thinking about you a lot lately. You know how sometimes you just need to talk to someone to feel better? That's how I feel now.

I've been having a really tough time lately. My boyfriend and I broke up, and I'm just not sure what to do. I don't want to be alone, but I'm not sure I'm ready for another relationship.

I'm also really stressed about school. I'm not doing as well as I'd like, and I'm worried about my future. I don't know if I want to go to college or if I want to work.

I don't want to talk about it all too much here, but I just wanted to let you know how I'm feeling. I miss you and wish you were here.

Love,

[Ticker Ticker]

With all my sincerest wishes, I would sincerely like to congratulate you on the wonderful news. Your guidance is truly appreciated. Please accept my sincere congratulations on the occasion.

Yours sincerely,

MARK CITRON'S PLATFORM FOR THE 72-STUDENT COUNCIL

The following is a short statement of my platform for the baruch college school council for the year 1972-73. It is composed of five planks: 1) The maintenance of academic excellence. 2) The improvement of student services. 3) The development of student government. 4) The increase in student enrollment. 5) The reduction of student debt. Each plank will be discussed in detail below.

Planks: 1) The Maintenance of Academic Excellence

The school council is the only organization that truly represents the student body. To achieve excellence, the council should work closely with the faculty to ensure that the courses offered are of high quality. The council should also advocate for increased funding for student services such as counseling and tutoring.

Planks: 2) The Improvement of Student Services

The council should work to improve student services by increasing the number of staff members and providing more resources. This could include additional study rooms, more advisors, and more staff members in the registration office.

Planks: 3) The Development of Student Government

The council should work to increase student involvement in the decision-making process. This could be achieved by having more student representatives on the council and by providing more opportunities for students to participate in the council meetings.

Planks: 4) The Increase in Student Enrollment

The council should work to increase student enrollment by promoting baruch college to potential students. This could be achieved by creating more outreach programs and by providing more information about the benefits of attending baruch college.

Planks: 5) The Reduction of Student Debt

The council should work to reduce student debt by negotiating with the administration for more financial aid options. This could be achieved by working with the administration to create more merit-based scholarships and by increasing the number of work-study opportunities.

In conclusion, the baruch college school council is the only organization that truly represents the student body. To achieve excellence, the council should work closely with the faculty to ensure that the courses offered are of high quality. The council should also advocate for increased funding for student services such as counseling and tutoring. **TICKER Endorsements**

The Ticker editorial Endorsement Task Force has made the following endorsements.

### Sigma Alpha Mu

**FELLOWSHIP PROGRAM**

**The editors of Ticker have invited me to the following endorsements for Sigma Alpha Mu.**

With the cooperation of selected college publications and other organizations, the editors of Ticker have invited the following endorsements for Sigma Alpha Mu. This endorsement is based on the editors' feelings and beliefs, and is intended to provide a guide for students in their decision-making process.

**Fellowship Program**

Margo J. V. Langston, an editor of Sigma Alpha Mu, said:

"I consider Sigma Alpha Mu to be a strong organization with a long history of success. I strongly endorse Sigma Alpha Mu and its Fellowship Program."

The editors of Ticker have decided to endorse Sigma Alpha Mu for the following reasons:

1. Sigma Alpha Mu is a strong organization with a long history of success.
2. Sigma Alpha Mu has a strong commitment to academic excellence and community service.
3. Sigma Alpha Mu has a strong and supportive network of alums who can provide valuable mentorship and guidance.
4. Sigma Alpha Mu is an excellent organization for students who are interested in leadership, public service, and community involvement.

The editors of Ticker believe that Sigma Alpha Mu is a strong and worthy organization that is well worth supporting.

"Travel Frenzy." You hear it everywhere these days, especially as the college year begins. Freshmen are excited, and they should be. But I don't think we can blame them completely for this travel freak. The Student Union and theFreshman Society have provided more travel opportunities than we can possibly use. And yet, I believe that the most important reason for travel fever at this time of year is that it is probably the only time we can go for the fun of it. If we work hard enough, our parents may do it for us at the age of 21!
