Dr. Chang chaired the first half of the meeting for Dr. Berger who had
other duties at that time.

When a quorum was present it was moved and seconded that the minutes of
the last meeting (Nov. 14) be approved as distributed.

Dr. Berger then reported on his appearance before the Governance Structure
Committee on Nov. 15 in which he presented the rationale for not combining
the Curriculum and the Instruction Committees. First, “the pressure of a
merged Committee would be too great.” “Teaching must be free,” said Dr.
Berger, “the Instruction Committee is a useful clearinghouse for information
on the improvement of instruction. There is no advantage to anyone in the
disbanding of the Committee,” reasoned Dr. Berger. The members of the Governance Structure Committee listened receptively and cordially, Dr. Berger re-
ported. Informally, Dr. Berger was told by the Governance Committee members
that they were favorably impressed by his presentation.

Next, Dr. Berger took over the chair and led open discussion on the follow-
ing topics.

(1) The PSC meeting of Nov. 14 - Aspects of Reorganization Plan
as they affect the faculty.

(ii) The academic consequences of reorganization were discussed,
in addition to the financial and administrative aspects.

(iii) The R grade was another topic of discussion.
(iv) Dr. Bettelheim's article will be discussed at the next meeting, Dr. Berger reminded the Committee. Also, the new calendar of the fall semester ending before the Christmas holidays will be another topic for discussion in a future meeting.

Before the meeting was adjourned at 4:50 p.m. Dr. Berger reminded those present to attend the Staff Development Workshop on Thursday, Nov. 30.

Respectfully submitted,
