Fire Drill Procedures

Immediately upon the sounding of the alarm, each instructor will assemble his class and lead it out of the building quickly by the designated stairway. At the stairway single files of students are to be combined in files of three abreast descending the staircase. Each instructor is to remain with his class at all times. Physically incapacitated persons are to be directed to the elevator set aside for the purpose of removing them from the floors. Instructors will lead their classes out of the building onto the sidewalks and then take them a reasonable distance from the building so as not to cause congestion at the exits and interfere with emergency apparatus in the case of a real emergency. It is important that the corner of Lexington and 23rd Street and the sidewalk in front of the Student Center not be congested by groups of persons who have left the buildings. Fire marshals will assist in evacuation procedures on each floor and in the lobby of the building. They will relay instructions for the groups to return to the building. It is obvious that instructors will need to conscientiously perform their duties including maintaining order and reasonable quiet while evacuating the groups from the building.

_classes of Thursday, November 19, were disrupted by five false fire drills. The false alarms occurred at approximately 10:38, 11:05, 1:15, 4:10, and 4:25. It is assumed that they were caused by one or more students not wishing to take their final exams. Upon hearing the first set of bells, students and faculty filled out of Baruch, onto 23rd Street and Lexington Avenue. Several students decided that this was a good opportunity to dramatize the need for the closing of the portion of 23rd Street in front of the building, to help relieve the congestion in the school; they blocked the corner of 23rd Street refusing to allow traffic to pass. The first vehicle they forced back was a Pepsi-Cola delivery truck. The driver accepted the inconvenience good naturedly. His daughter attended Baruch in 1961, and he thought it was "a good school." Other drivers, especially those of taxi cabs, did not find the demonstration amusing, and inched their way through the crowd. The crowd was dispersed by Mr. Tribble and Dean Lavender, only to return a few minutes later when another alarm was pulled. Six police were then called to break up the students.

An officer said that they were called by "an anonymous phone call, on 911, on a large disorderly group." They got the students to stand on the sidewalk, and allowed the traffic to resume. The police thought that the Baruchians were "very cooperative," although some "had a few things to say," which was expected. The other alarms went without incident; in some cases they were ignored.
GRADS
Admission to Graduate School
Admission to Law School and
Government Careers.

All students are most enthusiastically
invited to attend.

Representatives of the Political Science
Department are invited with special
interest to participate in the panel
discussion to be held in Room 305 on
November 24th, 12:30 P.M. in the
Faculty Center (Room 305).

DEAR AUNT EVA

Dear Aunt Eva:

I'm having some problems with my girlfriend and I was thinking of going out on a few dates to try and work things out. We are already in love and when I told her about my plan, she was excited. But there's one thing she keeps bringing up, and that's a new book she heard about. She says it's a must-read. What do you suggest I do?

Old Fashioned

CLASS OF 1972

Any junior interested in being a Class Rep for the Fall 1970 term, please submit your application in writing on the bulletin board outside of Room 306 SC, include your name and phone number.

WHAT IS CHANGES '71

Due to the nature of the book, I must tell you that it should only be read by seniors. As you may know, a new series of the new school publication (to be called "Changes') will be devoted to creating a book that would be available to all students. We have decided to publish it as a kind of handbook to provide guidance for students and freshmen.

As of now we have two early shows (September 8 and 15) on the "changes" tour starting. What the book will be will be determined by the results of this tour. There will be booklets in the places that may interest you, and students may be asked to contribute material to the book in an attempt to create a book that will appeal to all students.

To allow for this tour the book is not all final, and we invite you to help us work on the project. You may read the book and make suggestions. The book will be published in the fall of 1970.

JOE

Indeed is that rare movie you simply HAVE to see.

"A film of Freudian anguish, biblical savagery and immense social and cinematic power. Peter Boyle is superb. He performs with such a harsh power as the young Brando ever did, and he is far superior.

About Sensitivity Workshop

POLISCI 5

On Friday, March 13, 1970, at 5:00 P.M. in the North Lounge, Student Center, will be held a workshop on Sensitivity Workshop.

This workshop is for students who are interested in promoting personal growth and social change. The workshop will be led by Mr. John Smith, a renowned social scientist.

The workshop will cover the following topics:

1. The importance of sensitivity in interpersonal relationships
2. Techniques for improving communication skills
3. Techniques for managing conflict and resolving differences
4. Strategies for building trust and cooperation
5. The role of sensitivity in social and political action

This workshop is free and open to all students. Light refreshments will be provided.

- Please bring a pen and paper to take notes.
- Limited seating, so please arrive early.
- For more information, contact Mr. John Smith at 123-4567.
Smith Named Man of The Month

Letters

Dear Editor:

I have your letter of November 1st asking to publish a letter opposing the New Student Fee. I have always been opposed to this fee and have written several letters to the editor about it. I believe that the students are being exploited by the institution. It seems to me that the institution is trying to increase its profit by charging the students a fee.

Please consider this letter and take action to have the fee abolished. It is not fair to the students who are forced to pay this fee.

Yours sincerely,

[Signature]

Dear Mr. Editor:

I have been a student of Baruch College for the past four years. I have always been active in the Liberal Arts and Business programs and have been a member of the Liberal Arts and Business organizations. I have been involved in many activities and have always felt that the organization is doing a great job.

However, I have recently learned that the organization is charging a fee to new students. I believe that this is unfair and that the organization should be free to all students.

Please consider this letter and take action to have the fee abolished.

Yours sincerely,

[Signature]

Free Pictures For Seniors

We are offering free pictures for seniors. This is a great opportunity for students to get their senior pictures taken for free. The pictures will be taken in the college's studio and will be available for pickup at the end of the semester.

Please come and take advantage of this great opportunity. Support your seniors!

[TICKER—NOVEMBER 26, 1967]
Day Session Talk

Would you like to add something to what has been said? You might think about the
one thing that President did in this session.

Cookie fund, underwrite or benefit.

Bob Bemart

The Day Session Executive Council met on
Thursday, Nov. 27, at 7:30 p.m. in the Student
Center to discuss various topics.

A large portion of the Thursday's Council meeting was concerned with the
Student Senate's efforts to acquire the
skills and faculties needed to carry out their
functions. The Senate has requested financial
support from the Student Government
Board for these activities.

We are thankful to Dr. Smith for his
thoughts—mystifications. His suggestion, that
we should not be dictated to by forces, that we
must be free to develop our own ideas,
was received with enthusiasm. We believe
that this will result in a more vigorous and
active student body.

Many reliable critics of today's music
have expressed the doubts of Janis Joplin and
Jim Hendrix as to whether music has
achieved its goals. The critics point out
that the music of today is not as
ubiquitous as it once was. This is due
to the increased competition from other
cultural forms, such as television and
movies.

However, many people feel that music
is still an important form of expression
and communication. They believe that
music has the ability to evoke emotions
and to bring people together.

INTERVIEW WITH SHELDON PRESSER

In August 1970, the New York Times ran a story about the death of Jimi Hendrix. Here is an excerpt from that interview:

Q: WHAT WAS JIMI HENDRIX'S INFLUENCE ON THE MUSIC IN GENERAL?
A: Hendrix was a major influence on the music in general. His innovative use of the guitar, his experimentation with different sounds and techniques, and his influence on other musicians have been significant.

Q: WHAT WAS HENDRIX'S INFLUENCE ON THE CULTURE IN GENERAL?
A: Hendrix's music and his lifestyle were a cultural phenomenon. His music challenged conventional ideas and paved the way for other artists to explore new sounds and ideas. His personality and his death also had a significant impact on popular culture.
**The CUNY Coalition Lives**

Kast season of shorts is being launched somewhat ambitiously. Thus far, it’s clear that the majority of students will be forced to stay indoors. And appropriately drawn exclamations. A new publication has been initiated for the benefits of the students. It is called the CUNY Coalition. The purpose of the Coalition is to bring together students from different colleges to discuss issues that affect them.

The Coalition is made up of representatives from each of the City University of New York’s campuses. Member colleges include the City College of New York, Hunter College, Lehman College, Queens College, and the College of Staten Island.

The Coalition is open to all students who want to participate. Meetings are held on a regular basis to discuss various topics. Some of the issues that have been discussed include tuition, textbooks, and campus policies.

The Coalition is run by a steering committee, which consists of representatives from each of the member colleges. The committee is responsible for planning and organizing events.

The Coalition is a great opportunity for students to get involved in campus life and to make their voices heard. It is a platform where students can come together to address issues that are important to them.
