In a criss-cross of country, folk, rock and jazz, Revival will present what promises to be a very lively concert in the Oak Lounge, Thursday, October 21, 12:30-1:30, and 5:30-6:30.

The quartet is composed of Don Daley (lead guitar), Michelle Conroy (vocals), Paul Gansavec (bass guitar), and Charlie Maloney (drums and guitar). The Treble Quartet is composed of John Daley (lead guitar) with the lead guitarist casually pulling off incredible little riffs, bass chugging in the background, and a rhythm that is sure to keep everyone on their feet.

The New York Times comments on the lead guitar solo, saying it is "bubbling with personality". Billboard said, "with the lead guitarist casually pulling off incredible little riffs, bass chugging in the background, and a rhythm that is sure to keep everyone on their feet."

The Baruch College library, currently located on the second and third floors of the Main Building, will move to the 24th Street Building within the next few weeks, according to head librarian Prof. Harold Eiberson. The exact time hasn't been set yet but the event will occur upon the completion of minor construction and the installation of "furnishings." These "furnishings" include desks, chairs, files, cabinets, catalegues, and the shelves (stacks). The move begins on Tuesday, October 19, 1971, with the periodicals, and the shelves (stacks). The catalogues, and the shelves (stacks).

**Safety of the Public**

Reserve Room Remains

Moving to 24th Street will spare the public the inconvenience of the circulation, reference, and periodicals division. The two latter sections will be located on the sixth floor while circulation, the largest of all the divisions, will have the seventh floor to itself.

The only part of the current library to remain in the Main Building is the reserve book room. This branch will be moved to room 209 which is currently the circulation room. The reserve room will remain due to the fact that students need a quiet place to study. If a student has only several spare moments in which to catch up on some reading, it would not be worthwhile for him to go over to the 24th Street Building. Teachers' assigned readings will be maintained in the reserve book room. Teachers' assigned readings will be maintained in the reserve book room. Teachers' assigned readings will be maintained in the reserve book room. Teachers' assigned readings will be maintained in the reserve book room.

The Reserve Room Remains

From the present 110,000 volumes, all books will be reclassified and catalogued alphabetically. In deciding which division to keep in the Main Building, Prof. Eiberson felt that the Reserve Room is the most easily detached from the rest of the library.

**Carrels and I.D. Cards**

When totally completed, the new library will feature an express elevator to the sixth and seventh floors, air conditioning, a capacity of 200,000 volumes (as compared to the present 110,000), and general reading tables for those who do not like to sit by themselves as well as study carrels (private booths) for those who do like to be alone. Also new in the library will be a novel type of microtext machines which are slowly replacing the older models. The microtext machines will be situated on the sixth floor. Also located on the sixth floor will be the library personnel.

Baruch is in the process of obtaining new microtext machine cards. These cards will serve identification purposes as well as for library cards: A data transfer machine, such as those used for credit cards, will be used to charge out books. The I.D. cards will be used for personalized identification purposes. Meanwhile, the pink bursar's receipts will be retained for the above purposes. Prof. Eiberson urges students not to discard their bursar's receipts in order to make it easier to hold on to these oversized receipts. These cases which should be available in a few days will be free to all students.

**Carrels and I.D. Cards**

New stacks, which will not be bolted down, are specially designed to carry heavy weights while wire supports will keep the books from leaning to either side. These stacks will be accessible to everybody making it easier for students to pick out the particular books they need. This open access will apply to practically all books, excluding periodicals and a few special books.

Under the current system, a student or faculty member hands a call slip to a library aide who then tracks down the book in the closed stacks. The stacks are kept closed because of the lack of space and for the safety of the public.

**Carrels and I.D. Cards**

When totally completed, the new library will feature an express elevator to the sixth and seventh floors, air conditioning, a capacity of 200,000 volumes (as compared to the present 110,000), and general reading tables for those who do not like to sit by themselves as well as study carrels (private 'booths') for those who do like to be alone. To move to 24th street.
**ANNOUNCEMENTS**

**Problem:** How to make the Student Center an enjoyable place to live

**Answer:**

The Department of Student Personnel is starting a series of creative-centered workshops and discussions. We invite you to join us. This week:

**Arts & Crafts**
- **Cardmaking & Sculpture**
- **Pottery**
- **Whole Earth Knot-Tying**

**This Week:**
- **Pottery & Building**
- **Photography**
- **Boating**
- **Printing & Layouts**

**First Meeting:**
- **Thursday, October 21, 12-2 p.m.**

**Photography Workshop**
- At last there is a photography workshop at Baruch College. Students can take part in a workshop that will emphasize black & white development. Anyone interested is asked to bring a 1-hour 45 minutes film to be developed. Please contact 111 Baruch College. **Due to the print shop, we are now planning the meeting on October 21.**

**Announcement:**
- **Photography Workshop**
- **Baruch College**
- **New Members on Thursday, October 21, 12-2 p.m.**

**First Meeting:**
- **Mixotybian Music Club**
- **New members on Thursday, October 21, 12-2 p.m.**

**First meeting:**
- **Mixotybian Music Club**
- **New members on Thursday, October 21, 12-2 p.m.**

**EDUCATION MINISTRY SET TO THE FACULTY GETTING OUT?**
**WEDNESDAY: 1-2 NORTH LOUNGE**

**Guitar Workshops**
- **Guitar Workshops**
- **North Lounge, Thursday 10-11 or 2-4.**

**Coming Attractions**
- **Psychology**
- **Workshop during the fall semester under the direction of Professor J. H.**
- **Film**
- **Making music, making movies, making films.**
- **Theatre**
- **Improvization, theatre games, 5 or plays.**
- **Sensory Awareness**
- **The world view of body awareness and sensory awareness workshop.**
- **Practical Law**
- **Students and the law, the draft, the court.**
- **Health & Safety**
- **Working safely, saving your employer.**

**Watch For Them**

**WBMB IS HERE!!!**

CRITIC

SACCO AND VANZETTI (U.M.C. Pictures)

By Steven Kuba

Within the next month National General Pictures will release "Sacco and Vanzetti," the first major film to be made about the famous anarchists who were convicted in 1921. The story is told in a dramatic and exciting way, but it is not without weaknesses. The film leaves no more doubt than the case itself, and the story of the trial is told in a way that is both compelling and coils.

The film was directed by Giuliano Montaldo and was made by the English and American producers. It is the story of Nicola Sacco and Bartolomeo Vanzetti, two Italian immigrants who were convicted of murder and robbery in 1921. The film has a clear political message, and the story of the trial is told in a way that is both compelling and coils.

The film was released in 1971 and has received mixed reviews. Some critics have praised the film for its dramatic telling of the story, while others have criticized it for its lack of detail. The film is not without its weaknesses, but it is a powerful and compelling story about a case that continues to be of interest today.

The film also includes interviews with people who were involved in the case, including Sacco and Vanzetti's lawyers. The interviews provide a valuable perspective on the case and help to build suspense throughout the film.

Overall, "Sacco and Vanzetti" is a well-told story that is both dramatic and informative. It is a powerful reminder of the importance of justice and the need for fair trials.
ATTICA AFTERMATH: A SEALED FORTRESS ONCE AGAIN

ATTICA, N.Y. (LNS) — "P-1," "P-2," and the cage, which hung from the door of the prison, were killed in the Attica Prison Rebellion on Sept. 9. The three were among the 10 who died. The others were freed hostages, three of whom died in the incidents.

The last 10 hostages were freed after the first 10 had been released. The inmate who had been fighting for his life in the office of the Dean of the State University of New York at Albany was treated for injuries in the office of the Dean of the State University of New York at Albany.

The ATICA REBELLION FROM THE INSIDE OUT: AN INTERVIEW WITH WILLIAM KUNSTLER

LIBERATION News Service

What follows is a short-to the point interview with William Kunstler, about the Attica Rebellion, which occurred in 1971, and the interior conditions. The interview was conducted by William Kunstler. The interview took place in 1971 at the Attica Correctional Facility.

TUESDAY, OCTOBER 19, 1971

The prisoners, including William Kunstler, a prominent lawyer, wereBX the interior of the prison and were able to negotiate with the guards. The negotiation was a success, and the prisoners were able to improve their living conditions.

Mr. Kunstler mentioned that the conditions inside the prison were dire, with primitive living conditions and a lack of basic necessities. He also mentioned that the guards were often brutal and violent, and that the prisoners were often treated with disrespect.

Mr. Kunstler emphasized the importance of solidarity and unity among the prisoners. He also mentioned that the prisoners were determined to fight for their rights and to improve their living conditions.

On the other hand, the authorities were resistant to change and were unwilling to meet the prisoners' demands. However, Mr. Kunstler and the other lawyers were able to negotiate with the guards and eventually secured better living conditions for the prisoners.

In summary, the interview provided a glimpse into the interior of the Attica Correctional Facility and highlighted the importance of solidarity and unity in the face of oppression. The prisoners were able to negotiate with the authorities and improve their living conditions, and this serves as a reminder of the power of collective action and the importance of fighting for one's rights.
