ELECTION SPECIAL

BARUCH COLLEGE LIBRARY

BARUCH COLLEGE

VOL. LXXV

THURSDAY, OCTOBER 21, 1971

NO. 6

ELECTIONS WILL BE HELD NEXT TUES., WED., & THUR.: OCT. 26, 27, 28.

PLATFORMS OF THE CANDIDATES

CHAIRMAN

BARBARA DUDEVANI

ALAN ELNICK AKA "DING"

1. Non-Partisan Leadership for the student Body.
2. Will stand up for the student voice. I'm dealing with Administration from the start.
3. A pledge to work!!

ALLAN GOLDBERG

I can fill this space with a lot of big words and meaningless promises. I won't. The only thing I promise is total commitment. I will try. This willingness to work will come all the way to offer at Baruch. With luck, hard work, and your help and cooperation, I can make my term as President a successful one.

STEVE KUBERNBERGER

I listen when other people speak and that's the way to minimize and eliminate the polarization that's occurring in the school now. When some people run for council so that their clubs will receive bigger budgets forcing others to run so that their clubs will get a decent budget. I want to explore all the avenues of student affairs, but we can not do that unless we are in conflict with each other.

ROBERTO RODRIGUEZ

Let us make this an institution for students rather than of students, but we need to know all Baruch has to offer at Baruch. With luck, hard work, and cooperation, I can make my term as President a successful one.

TREASURER

BARRY GOLDBEIN

The world is divided into three types of people.
1. The overwhelming majority that don't know what's happening.
2. That select group that makes things happen.
3. I intend to continue making things happen.

GERALD GREENBERG

To keep the $8.00 in the consolidated fee, for student activities. Also try and raise more, for a larger and more active club association.

LARRY GRIEF

To stop all the hull-shit and do some work as a student. As a member of departmental committees, I have been a member of several committees which give the students their desires. Why is it Baruch students are not forgotten, because they will be made a part of the student government.

COORDINATOR OF CAMPUS AFFAIRS

BARRY HOFFMAN

Hi,

 Aren't you sick and tired of coming to the same four walls, teachers and desks, without having enjoyable student activities and a proper break? Why is it Baruch students are not forgotten? The purpose of a college should not only be an educational institution but a community which should satisfy student needs. Many other colleges have weekly concerts and film festivals, but Baruch does not have any type of program which gives the students their desires. Why is Baruch always left out in the cold? This must be changed.

Since I have been in Baruch, I have been on Student Council. I am a FRESHMAN ORIENTATION leader, a training student leader, and have worked in student personnel services. Last summer I designed the Baruch Affairs Program for Baruch's student center. I have learned from my experience that there is no reason why Baruch students cannot have their own campus affairs and programs without a physical campus. When I am elected to the position of coordinator of campus affairs I will work to my fullest capability.

NEIL MANUS

Involvement leads to progress. For one year I was Vice President of the Junior Class ("78) last year and 1st. in Math. As an Alpha and an active member of student leadership I believe my involvement can be a driving force towards the ends of the goals of the college. I will take this opportunity to work within the system.

MARIO VIGIL

I believe we should get involved in the organization of Baruch College as that would be meaningful contributions to our institution action now.

COORDINATOR OF EDUCATIONAL AFFAIRS

JAN W. YABLOW

If you read this, you probably don't even know what the hall is a Coordinator of Educational Affairs. What this position entails includes the placement of all students on the Faculty Committees which require student input. In simple terms, he chooses the students, representative to each department (Accounting to Statistics), for representation in the Student Senate. The role of the Student Senate is to advise the administration on matters of educational and student welfare; to serve the students in the new Dean. According to some, it may be one of the most student oriented roles where students often come in contact with the administration. Many disadvantages are many; the public presentation of all faculty decisions to students is the work, the students are the present job market, and investigations into the new Dean's work. As being the Student Representative to the Liberal Arts School Faculty and other Committees, I feel that the long line of face the chance of making a real dent. End the baring of decisions that affect yourself.

COORDINATOR OF EXTERNAL AFFAIRS
FRANK GREENBAY

Baruch does not stand in a vacuum. It is a part of a vibrating university community. The opening of new buildings has created an atmosphere of new life. The students can now live comfortably with all the educational facilities within a short walking distance. It is my privilege to bring you this vital information:

COORDINATOR OF POLITICAL AFFAIRS
JOHN MCKEE

BCCC

AUSTIN AG uiella

A student at Baruch College since late last year, I have noticed some changes on campus and have been given to understand that a number of students have been justifiably concerned about the situation prevailing on campus. It is my hope to have an understanding of the factors behind these concerns.

JULIAN NABORS

As a member of the Barbuch College Community Council, I believe it is my duty to understand the relationship between the faculty and students.

ALLAN GOLDSTEIN

I was pleased to see it presented on the cover page of this issue, that in order to have any meaningful information, there should be some understanding and communication between the students and the faculty.

COORDINATOR OF TICKER ASSOCIATION
JOHN MCKEE

1. Equality - I.e. the ideas of one person will be heard.
2. Openness - Every student's opinions will be respected.
3. Concern - The needs of people and groups will be a high priority.
4. Development - Student leadership will be recognized and promoted.
5. Freedom - The Ad Hoc Committee is now running. I also have the resources at my disposal to assist in this.

CARLOS VALENZUELA

I am concerned that we have a number of students who are not properly represented. It is my goal to assemble "sophomore speak-outs", to work to enact legislation, and to relate student opinion directly to student leaders of the transfer students. In my past experience, I have been active in Baruch's power lies in the hands of the students. It is my duty to develop the student body to Baruch. This is what the student need of Baruch, a way to say today, and to learn and grow and then thrive. I would like to see this come together.

A. SCOTT MARSH

I am of the students who want to project, that there is a reason to be excited. I believe that the students need to have a voice in the decision that other students need to have a voice in the decision. I want to see students get involved in the decision making process.

GEORGE FISHER

"No News is Good News"

I am hoping that this students who are a concerned about the situation on campus can find a way to be heard. I believe that the students need to have a voice in the decision that other students need to have a voice in the decision. I want to see students get involved in the decision making process.

G. WALTER BLACK

I was at the first meeting, and I was looking forward to the second meeting. I believe that the students need to have a voice in the decision that other students need to have a voice in the decision. I want to see students get involved in the decision making process.

SOPHOMORE REPRESENTATIVE

Michael Agranoff

I am a student at Baruch College, and I believe that the students need to have a voice in the decision that other students need to have a voice in the decision. I want to see students get involved in the decision making process.

ROWLAND COHEN

I am the only one who really and truly cares.

Jennifer Johnson

I am a student at Baruch College, and I believe that the students need to have a voice in the decision that other students need to have a voice in the decision. I want to see students get involved in the decision making process.

JAMES E. STEFFEN

I am the only one who really and truly cares.

MICHAEL CHEN

I am a student at Baruch College, and I believe that the students need to have a voice in the decision that other students need to have a voice in the decision. I want to see students get involved in the decision making process.

PHILIP HOFF

I am a student at Baruch College, and I believe that the students need to have a voice in the decision that other students need to have a voice in the decision. I want to see students get involved in the decision making process.

BARBARA T. SCOTT

I am a student at Baruch College, and I believe that the students need to have a voice in the decision that other students need to have a voice in the decision. I want to see students get involved in the decision making process.

KENNETH S. KERN

I am a student at Baruch College, and I believe that the students need to have a voice in the decision that other students need to have a voice in the decision. I want to see students get involved in the decision making process.

MARY JANE MARR

I am a student at Baruch College, and I believe that the students need to have a voice in the decision that other students need to have a voice in the decision. I want to see students get involved in the decision making process.

MARILYN PECK

I am a student at Baruch College, and I believe that the students need to have a voice in the decision that other students need to have a voice in the decision. I want to see students get involved in the decision making process.

PAMELA ROBERTS

I am a student at Baruch College, and I believe that the students need to have a voice in the decision that other students need to have a voice in the decision. I want to see students get involved in the decision making process.

EMILY SPRING

I am a student at Baruch College, and I believe that the students need to have a voice in the decision that other students need to have a voice in the decision. I want to see students get involved in the decision making process.

BARBARA GOLDBERG

THURSDAY, OCTOBER 20, 1971
basis of getting a new school because our school was too crowded. We had to go to Washington, City Hall and Albany to get the land and money. It took time, but we finally got it and now our school is going to be built in two years. That is to show you if you really want something you could do it no matter who you are. While I am in office I am going to try to improve registration and get the freshman class involved in some sort of activities like a skiing trip, dude ranch, camping trip and get concerts.

FRESHMAN VICE PRESIDENT ROSEMARY DE PERSIA

Well, I attended high school on Staten Island. AWE MASLANSKY attended high school on Staten Island. I have been in the school's functions and clubs. As senior, I obtained presidency in the National Honor Society and the Spanish Club and held the office of vice president of the Glee Club. Prior to my senior year I maintained membership in these clubs as well as in the Student Council, the Library Club, Newspaper, and Cheerleaders. I was a member of the committee to organize one of our proms.

MARILYN K. KNISPEL

"Farmers against nuclear power..." All this is due to the fact that the Government is leading us into a nuclear age. We are being forced to accept all the waste generated by nuclear power.

JOAN SMITH

STANLEY STEVENSON

As a freshman in Baruch College, I have been in the school's functions and clubs. As a leader, I have decided to run for the office of Freshman Vice President. I will use my knowledge and experience to give Freshmen a greater voice and more power in the administration. To this end if you elect me Freshman Vice President I will try and form a coalition of third world people along with my brother whites to give renewed power to the seventeen-hundred freshmen in this school.

FRESHMAN REPRESENTATIVE

ROBERT A. ACOSTA

If I'm elected freshman representative, I will try to institute programs to further and develop student interaction within the college community. By interaction I will work diligently in all areas which pertain to the freshman's benefit.

EDDIE BROCHIN

Baruch needs a student senate which will solve the problems of the school. Problems such as overcrowded classes, inadequate elevator service, unacceptable registration methods, and improper counseling for students must be remedied immediately. However, I must honestly admit that these problems cannot be solved immediately and maybe never remedied totally. But, I feel that I have some ideas which might lead to solutions and I would like to be able to voice these ideas. This is why I am running for Representative of the freshman class. I would like to make BARUCH a better school, and to do this, I need the support of the students. If you too are looking for solutions to these problems, I ask for your vote. Thank you.

JOSE COLON-MORALES

Was your freshman orientation class a bore and a waste of time? How about an improvement in the orientation class? How about more representation of freshmen in the student council? If elected, I will try my best using my influence to carry out many changes needed in Baruch for the benefit of all students.

NEAL CHARLES

CONNIE DE LA CRUZ

If elected I will try to serve the interest of the freshman class by working diligently with fellow representatives in areas such as: registration, a freshman social program, working on executive committees, etc.

ROBIN EPLER

Being a lower freshman and very new to the school, I really don't know what is going on socially (clubs) and politically (student government). I feel that a good way to find out what is happening, is to join an organization. This is the best way to find out what is happening in the student activities and the workings of the school.

GEORGE GARDOSH

ALLYSON GOLDSMITH

A lot of changes have to be made in the Baruch College to make it into the Baruch Community. Among them are:

a) more recognition that Baruch is not an all boys school (i.e. clubs and activities).

b) an investigation of the B.H.E. Budget and how it is being spent.

c) To make myself available to suggestions that will help improve "The Baruch Community".

ROSANNE GUARINO

I would like to see people get involved. I really plan to get the freshman class involved. I plan too try my best to work on a different registration system. I belonged to a lot of clubs and other activities at my high school. Belonged to a cheerleading squad and also school. Enrolled in activities out of school. When I get involved I really get involved.

GENEVIEVE LEE

I have nothing to sell. I will just do the best that I can in the office in which I hold.

PAUL JOSEPH

THOUGH I HAVE NO SET PLATFORM I STILL WISH TO RUN. HONESTLY I CAN NOT SAY THAT I WILL DO THIS OR THAT BECAUSE OF YET, I DON'T KNOW ENOUGH OF WHAT'S GOING ON TO MAKE SUCH CLAIMS.

I AM RUNNING BECAUSE I DO BELIEVE I CAN HELP THE SCHOOL. I AM INTERESTED IN MAKING BARUCH, MORE THAN A PLACE TO COME AND LEARN. I THINK I'LL BE ABLE TO OVERCOME MUCH of the school apathy, and help bring the freshman class together. So that their college experience will be more than just a four year learning position.

BERNARD MATOS

I CAN SERVE THE STUDENTS better as a Senate Rep. than as a student leader.

Qualification: Student leader.

JAMES PELTON

BEING NEW IN THE SCHOOL, I FOUND A FEW THINGS WRONG. FOR ONE THING THERE ISN'T THAT much of an "aid your fellow freshman" type of response in the school. I think Freshman orientation was meant to bridge the gap. Instead, there should be some type of buddy system, on a one to one basis. I don't know, but maybe the administration doesn't realize it. A whole lot of us freshmen come to Baruch with poor study habits. If the upperclassmen one to one helped freshmen learn the ropes of studying and applying themselves, there would be a less hostile student body.

MAUREEN NOLAN

My candidacy advocates communication between Student Government and student Body.

CATHY PISARRA

I WANT to do anything possible to help change registration. I don't want the freshman class ever have it as bad as they did this term!

HANNAH SHUMAN

KEITH WEST

I FEEL that I am qualified for the office of Freshman Representative because I am very interested in getting to know people and helping them. However, I will be eager to give any assistance in any way that I can. I am a member of the Newman Club and plan to get involved in other student activities.

TICKER ENDORSEMENTS:
