Temares Appointed Acting Associate Registrar

Lewis Temares, Assistant Dean of Administration, has been appointed Acting Associate Registrar with full responsibility for internal operation of the Registrar's Office including the registration process. The President has placed him in complete charge of all internal operations and all personal assigned to the office are responsible to Temares. For operating purposes, he will have the authority of the Registrar. Temares is assigned to the Registrar's office through June 30, 1972 for the purpose of reorganizing and directing all internal operations of the office.

Mr. Donald Ferguson, Registrar, will continue to be responsible for external coordination. Mr. Temares said he would "make any changes" immediately, but will initiate a gradual changeover to have the office have a solid foundation and from there build to a computerized, systemized operation. Temares will depend heavily upon the Associate Registrars, Gerry Sands and Assistant Registrars Audrey Collins, Lenny Sargent and Stanley Peak.

President Wingfield noted that "This is a difficult task, and one vitally important to Baruch College.

Senate Allocates Activities Fees

The Activities Fees Allocation Meeting of the Student Senate took place last Thursday, November 18, 1971 in the Oak Lounge at 6:30. By one o'clock that night all clubs and organizations who had submitted a budget to the Fees Committee had received their allocations for the Fall '71 Term.

The Fees Committee, which consisted of Barry Goldberg, Treasurer, Barry Hoffman, Frank Bremner, Larry Sargent, and Larry Nohmer, had met for several days prior to the Senate meeting and received the budgets for all clubs and organizations. They examined the validity of the monies asked, and made their recommendations for each budget to the Student Senate, which must, under the SBE bylaws, approve the budgets.

The Senate first attempted to approve all the budgets but the legality of this method was questioned. Each budget, therefore, was read to the Senate individually and each budget was voted upon separately. A position was taken and a member of that organization in question was not present or could not sufficiently answer the question. The money included for that activity was placed in reserve, to be voted upon when additional information was acquired. Shortly after one A.M., the Senate finished voting on each budget.

Budgets appear on page 5.

The main activity of New Paltz girls is playing frisbee. Don't worry though, they have to do it. This complaining is done while complaining about how much work they have to do.

If you get more than five people in a room to watch a movie, it was well attended not because they appreciated in him. The reason for the overcrowding, students were seeking action besides doing their classes during Registration, and cited several reasons for this. A Time of Roses

As the last rose of the summer
Drops its petals to the ground,
We should take a moment to treasure
The beauty and the love it spurned.

The rose is a symbol of love and grace,
A fleeting beauty that will never cease.
Yet in our haste to chase the sun,
We sometimes fail to see the rose.

In life's moments of joy and strife,
The rose reminds us to view with eyes.
When we look for love in every place,
We'll find it in a rose.

In the hour of need, the rose is there,
Offering hope, a time to share.
It's a reminder that love will bloom,
Regardless of the storm.

So let us pause, take time to see,
The beauty in every day.
For in the rose, we find a clue,
That love will always stay.
